

**REQUEST FOR PROPOSALS FOR
MOBILE CASHLESS TOLLING SERVICE**

**ISSUING OFFICE
Pennsylvania Turnpike Commission
Office of Information Technology**

RFP 17-10340-7782

Date of Issuance

May 2, 2017

REQUEST FOR PROPOSALS FOR
MOBILE CASHLESS TOLLING SERVICE
17-10340-7782

TABLE OF CONTENTS

Part I	- GENERAL INFORMATION FOR PROPOSERS	1
Part II	- INFORMATION REQUIRED FROM PROPOSERS	8
Part III	- CRITERIA FOR SELECTION	14
Part IV	- WORK STATEMENT	16
APPENDIX A – STANDARD AGREEMENT		
APPENDIX B – PROPOSER QUESTIONS FORM		
APPENDIX C – PROPOSAL COVER SHEET		
APPENDIX D – DIVERSE BUSINESS (DB) REQUIREMENTS		
APPENDIX E – INSURANCE SPECIFICATION		
APPENDIX F – COST BREAKDOWN		
APPENDIX G – USE CASES		
APPENDIX H – USE CASES RESPONSE MATRIX		

PART I

GENERAL INFORMATION FOR PROPOSERS

I-1. Purpose. This request for proposals (RFP) provides interested Proposers with sufficient information to enable them to prepare and submit proposals for consideration by the Pennsylvania Turnpike Commission (Commission) to satisfy a need for mobile cashless tolling.

I-2. Issuing Office. This RFP is issued for the Commission by the Information Technology Department.

I-3. Scope. This RFP contains instructions governing the proposals to be submitted and the material to be included therein; a description of the service to be provided; requirements which must be met to be eligible for consideration; general evaluation criteria; and other requirements to be met by each proposal.

I-4. Problem Statement. The Commission is the fourth largest (mileage) and fifth largest (revenue) toll authority in the U.S. The Turnpike includes more than 500 miles of roads and bridges and 91 interchanges in a variety of configurations. Depending on the season, the Turnpike system processes between 11 million and 14 million transactions per month, of which 85 percent are for Class 1 (passenger) vehicles. Class 1 travel represents approximately 60 percent of total tolls. Toll revenue for fiscal year 2016 was slightly over \$1 billion.

Historically, the Commission has collected tolls via cash, credit card, and E-ZPass transponder. In 2016, the Commission reconfigured one tolling location into an All-Electronic Tolling (AET) environment, with non-transponder revenue collected via "TOLL BY PLATE" mailing instead of cash. The Commission plans to implement the AET/TOLL BY PLATE model at other interchanges in coming years and has a long-term objective of converting all facilities to cashless tolling.

As a separate initiative, the Commission is interested in identifying and implementing a Mobile Cashless Tolling (MCT) service to expedite the transition to cashless tolling. At present, E-ZPass represents the lowest cost means of traveling on the Turnpike, and the Commission will continue to promote E-ZPass as the optimal and preferred means of toll payment. Approximately 70 percent of toll revenue is collected via E-ZPass. The new MCT method of payment is therefore intended to supplant the 30 percent of revenue that would otherwise occur as a non-E-ZPass transaction (i.e., cash or TOLL BY PLATE). The MCT service is not intended to compete with E-ZPass.

The service must make use of mobile technology to ascertain vehicle location, which is a primary determinant for toll calculation. The current toll schedule is available on the PTC website (<https://www.paturndpike.com/toll/tolls.aspx>) for Proposer use in calculating tolls to be paid by its customers. The mechanics of calculating and paying tolls will be negotiated with the MCT Service Provider, based on the proposed solution and the interchanges targeted for MCT services. The Commission assumes the MCT Service Provider will mark up the toll or otherwise charge its customers for the service. Price to the consumer is one of the evaluation criteria of this RFP, and the Commission will review the MCT Service Provider's public pricing as part of evaluating proposals.

The Commission understands that the technology used for mobile cashless payment is relatively new. The Commission will work with the MCT Service Provider to determine the optimal implementation strategy to minimize risk and maximize revenue for both parties. The Commission also desires to minimize impact on its own back office operations. **Part IV Work Statement** provides specific requirements for the MCT service, including validation required as part of testing the MCT service on Commission toll roads. Evaluation criteria appear in **Section III-4**.

I-5. Type of Contract. It is proposed that if a contract is entered into as a result of this RFP, the Commission expects to receive, at minimum, the E-ZPass toll rate. The Commission expects that the proposer will recover its costs of implementing the MCT service through alternative means, including but not limited to its customer fee model or other methodology. The Commission may in its sole discretion undertake negotiations with Proposers whose proposals as to price and other factors show them to be qualified, responsible, responsive, and capable of performing the work. A sample Contractual Agreement is provided in **Appendix A**.

I-6. Contractor Integrity Provisions. Contractor Integrity Provisions will apply to this contract upon award, and the MCT Service Provider may be required to complete a Background Qualifications Questionnaire prior to entering into an Agreement with the Commission and to attend annual ethics training provided by the Commission. Proposers can find these two documents on the Commission's website at www.paturnpike.com (Doing Business, General Information, Integrity Provisions).

Include full disclosure of any potential conflict with the State Adverse Interest of State Advisor or Consultant Statute by the prime or any subconsultant. If there is no adverse interest you shall include the following statement: "I have reviewed the State Adverse Interest Statute and determined that there is no adverse interest for anyone on this Agreement team." This information should be included in your transmittal letter/cover page or executive summary.

I-7. Rejection of Proposals. The Commission reserves the right to reject any and all proposals received as a result of this request, or to negotiate separately with competing Proposers.

I-8. Subcontracting. Any use of subcontractors by a Proposer must be identified in the proposal. During the contract period, use of any subcontractors by the selected Proposer, which were not previously identified in the proposal, must be approved in advance in writing by the Commission.

If a Joint Venture responds to this RFP, the Commission will not accept separate proposals from joint venture constituents. A firm will not be permitted to submit a proposal on more than one (1) joint venture for the same RFP. Also, a firm that responds to this RFP as a prime may not be included as a designated subconsultant to another firm that responds to the same RFP. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the RFP.

I-9. Incurring Costs. The Commission is not liable for any costs the Proposer incurs in preparation and submission of its proposal, in participating in the RFP process, or in anticipation of award of contract.

I.10. Questions and Answers. Written questions may be submitted to clarify any points in the RFP which may not have been clearly understood. Written questions should be submitted by email to RFP-Q@paturnpike.com with **RFP 16-10340-7782** in the subject line to be received no later than **2:00 PM** local time on **Wednesday, May 17, 2017**. Proposers shall use the form provided in **Appendix B – Proposer Questions Form** to submit the questions. All questions and written answers will be posted to the website as an addendum to and become part of this RFP.

I-11. Addenda to the RFP. If it becomes necessary to revise any part of this RFP before the proposal response date, addenda will be posted to the Commission's website under the original RFP document. It is the responsibility of the Proposer to periodically check the website for any new information or addenda to the RFP.

The Commission may revise a published advertisement. If the Commission revises a published advertisement less than ten days before the RFP due date, the due date will be extended to maintain the minimum ten-day advertisement duration if the revision alters the project scope or selection criteria.

Firms are responsible to monitor advertisements/addenda to ensure the submitted proposal complies with any changes in the published advertisement.

I-12. Response. To be considered, proposals must be delivered to the Commission's Contracts Administration Department, Attention: Wanda Metzger, on or before **2:00 PM** local time on **Tuesday, June 13, 2017**. Faxed or emailed proposals will not be accepted. The Commission is located at 700 South Eisenhower Boulevard, Middletown, PA 17057 (street address). Our mailing address is P. O. Box 67676, Harrisburg, PA 17106.

Please note that use of U.S. Mail, FedEx, UPS, or other delivery method does not guarantee delivery to the Contracts Administration Department by the above listed time for submission. Proposers mailing proposals should allow sufficient delivery time to ensure timely receipt of their proposals. If the Commission office location to which proposals are to be delivered is closed on the proposal response date, due to inclement weather, natural disaster, or any other cause, the deadline for submission shall be automatically extended until the next Commission business day on which the office is open. Unless the Proposers are otherwise notified by the Commission, the time for submission of proposals shall remain the same.

I-13. Proposals. To be considered, Proposers should submit a complete response to this RFP, using the format provided in PART II. Each proposal should be submitted in eight (8) hard copies of the Technical Submittal, eight (8) hard copies of the Diverse Business (DB) participation submittal, and eight (8) hard copies of the Cost Submittal. In addition to the hard copies of the proposal, Proposers shall submit two **complete and exact copies** of the Technical, Cost, and DB submittals, along with all requested documents on CD-ROM or Flash Drive in Microsoft Office or Microsoft Office-compatible format. The electronic copy must be a mirror image of the hard copy. Proposers should ensure that there is no costing information in the Technical submittal. The CD or Flash drive should clearly identify the Proposer and include the name and version number of the virus scanning software that was used to scan the CD or Flash drive before it was submitted. The Proposer shall present the proposal to the Contracts Administration Department only. No other distribution of proposals will be made by the Proposer. Each proposal page should be numbered for ease of reference.

An official authorized to bind the Proposer to its provisions must sign the proposal. If the official signs the Proposal Cover Sheet (**Appendix C** to this RFP) and the Proposal Cover Sheet is attached to the proposal, the requirement will be met. For this RFP, the proposal must remain valid for at least **120** days. Moreover, the contents of the proposal of the selected Proposer will become contractual obligations if a contract is entered into.

Each and every Proposer submitting a proposal specifically waives any right to withdraw or modify it, except as hereinafter provided. Proposals may be withdrawn by written or fax notice (fax number 717-986-8714) received at the Commission's address for proposal delivery prior to the exact hour and date specified for proposal receipt.

Overnight Delivery Address:
Contracts Administration Department
Attn: Wanda Metzger
PA Turnpike Commission
700 South Eisenhower Blvd.
Middletown, PA 17057

US Mail Delivery Address:
Contracts Administration Department
Attn: Wanda Metzger
PA Turnpike Commission
P.O. Box 67676
Harrisburg, PA 17106

However, if the Proposer chooses to attempt to provide such written notice by fax transmission, the Commission shall not be responsible or liable for errors in fax transmission. A proposal may also be withdrawn in person by a Proposer or its authorized representative, provided his/her identity is made

known and he/she signs a receipt for the proposal, but only if the withdrawal is made prior to the exact hour and date set for proposal receipt. A proposal may only be modified by the submission of a new sealed proposal or submission of a sealed modification which complies with the requirements of this solicitation.

I-14. Economy of Preparation. Proposals should be prepared simply and economically, providing a straightforward, concise description of the Proposer's ability to meet the requirements of the RFP.

I-15. Discussions for Clarification. Proposers who submit proposals may be required to make an oral or written clarification of their proposals to the Issuing Office through the Contract Administration Department to ensure thorough mutual understanding and Proposer responsiveness to the solicitation requirements. The Issuing Office, through the Contract Administration Department, will initiate requests for clarification. Proposers may be asked to demonstrate functionality of their proposed service to provide an understanding of the requirements of this RFP and their commitment to the customer. The Commission will select, at its discretion, Use Cases for the Proposer to demonstrate. The Proposers are encouraged to include additional functionality deemed appropriate to further clarify their proposed service. See Appendix G – Use Cases Mobile Cashless Tolling.

I-16. Best and Final Offers. The Issuing Office reserves the right to conduct discussions with Proposers for the purpose of obtaining "best and final offers." To obtain best and final offers from Proposers, the Issuing Office may do one or more of the following: a) enter into pre-selection negotiations; b) request revised proposals. The Issuing Office will limit any discussions to responsible Proposers whose proposals the Issuing Office has determined to be reasonably susceptible of being selected for award.

I-17. Prime Proposer Responsibilities. The selected Proposer will be required to assume responsibility for all services offered in its proposal whether or not it produces them. Further, the Commission will consider the selected Proposer to be the sole point of contact with regard to contractual matters.

I-18. Proposal Contents. Proposals will be held in confidence and will not be revealed or discussed with competitors, unless disclosure is required to be made (i) under the provisions of any Commonwealth or United States statute or regulation; or (ii) by rule or order of any court of competent jurisdiction. All material submitted with the proposal becomes the property of the Pennsylvania Turnpike Commission and may be returned only at the Commission's option. Proposals submitted to the Commission may be reviewed and evaluated by any person other than competing Proposers at the discretion of the Commission. The Commission has the right to use any or all ideas presented in any proposal. Selection or rejection of the proposal does not affect this right.

In accordance with the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. § 67.707 (Production of Certain Records), Proposers shall identify any and all portions of their Proposal that contains confidential proprietary information or is protected by a trade secret. Proposals shall include a written statement signed by a representative of the company/firm identifying the specific portion(s) of the Proposal that contains the trade secret or confidential proprietary information.

Proposers should note that "trade secrets" and "confidential proprietary information" are exempt from access under Section 708(b)(11) of the RTKL. Section 102 defines both "trade secrets" and "confidential proprietary information" as follows:

Confidential proprietary information: Commercial or financial information received by an agency: (1) which is privileged or confidential; **and** (2) the disclosure of which would cause substantial harm to the competitive position of the person that submitted the information.

Trade secret: Information, including a formula, drawing, pattern, compilation, including a customer list, program, device, method, technique, or process that: (1) derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; **and** (2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software by an agency under a licensing agreement prohibiting disclosure.

65 P.S. §67.102 (emphasis added).

The Office of Open Records has determined that a third party must establish a trade secret based upon factors established by the appellate courts, which include the following:

the extent to which the information is known outside of his business;
the extent to which the information is known by employees and others in the business;
the extent of measures taken to guard the secrecy of the information;
the value of the information to his business and to competitors;
the amount of effort or money expended in developing the information; and
the ease of difficulty with which the information could be properly acquired or duplicated by others.

See Crum v. Bridgestone/Firestone North Amer. Tire., 907 A.2d 578, 585 (Pa. Super. 2006).

The Office of Open Records also notes that with regard to “confidential proprietary information the standard is equally high and may only be established when the party asserting protection shows that the information at issue is either ‘commercial’ or ‘financial’ and is privileged or confidential, and the disclosure **would** cause substantial competitive harm.” (emphasis in original).

For more information regarding the RTKL, visit the Office of Open Records website at www.openrecords.state.pa.us.

I-19. Debriefing Conferences. Proposers whose proposals are not selected will be notified of the name of the selected Proposer and given the opportunity to be debriefed, at the Proposer’s request. The Issuing Office will schedule the time and location of the debriefing. The Proposer will not be compared with other Proposers.

I-20. News Releases. News releases pertaining to this project will not be made without prior Commission approval, and then only in coordination with the Issuing Office.

I-21. Commission Participation. Unless specifically noted in this section, Proposers must provide all services to complete the identified work. Proposers shall indicate participation by Commission personnel in terms of tasks and timing, if needed. Please note: The Commission wishes to minimize impact on its existing operations and staff. The Commission will provide space for meetings.

I-22. Cost Submittal. The Cost Submittal shall be placed in a separately sealed envelope within the sealed proposal and kept separate from the Technical Submittal.

I-23. Term of Contract. The term of the contract will commence on the Effective Date (as defined below) and will end three years after the effective date. At the discretion of the Commission, the contract may be extended for two, one-year periods. The Commission shall fix the Effective Date after the contract has been fully executed by the Contractor and by the Commission and all approvals required by Commission contracting procedures have been obtained.

I-24. Proposer's Representations and Authorizations. Each Proposer by submitting its proposal understands, represents, and acknowledges that:

- a. All information provided by, and representations made by, the Proposer in the proposal are material and important and will be relied upon by the Issuing Office in awarding the contract(s). Any misstatement, omission or misrepresentation shall be treated as fraudulent concealment from the Issuing Office of the true facts relating to the submission of this proposal. A misrepresentation shall be punishable under 18 Pa. C.S. 4904.
- b. The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, or agreement with any other Proposer or potential Proposer.
- c. Neither the price(s) nor the amount of the proposal, and neither the approximate price(s) nor the approximate amount of this proposal, have been disclosed to any other firm or person who is a Proposer or potential Proposer, and they will not be disclosed on or before the proposal submission deadline specified in the response section of this RFP.
- d. No attempt has been made or will be made to induce any firm or person to refrain from submitting a proposal on this contract, or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal or other form of complementary proposal.
- e. The proposal is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive proposal.
- f. To the best knowledge of the person signing the proposal for the Proposer, the Proposer, its affiliates, subsidiaries, officers, directors, and employees are not currently under investigation by any governmental agency and have not in the last four (4) years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding or proposing on any public contract, except as disclosed by the Proposer in its proposal.
- g. To the best of the knowledge of the person signing the proposal for the Proposer and except as otherwise disclosed by the Proposer in its proposal, the Proposer has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any state tax liability not being contested on appeal or other obligation of the Proposer that is owed to the Commonwealth.
- h. The Proposer is not currently under suspension or debarment by the Commonwealth, or any other state, or the Federal government, and if the Proposer cannot certify, then it shall submit along with the proposal a written explanation of why such certification cannot be made.
- i. The Proposer has not, under separate contract with the Issuing Office, made any recommendations to the Issuing Office concerning the need for the services described in the proposal or the specifications for the services described in the proposal.

- j. Each Proposer, by submitting its proposal, authorizes all Commonwealth agencies to release to the Commission information related to liabilities to the Commonwealth including, but not limited to, taxes, unemployment compensation, and workers' compensation liabilities.

I-25. Indemnification. The Proposer shall be responsible for, and shall indemnify, defend, and hold harmless the Commission and its Commissioners, officers, employees, and agents from any claim, liability, damages, losses, causes of action, and expenses, including reasonable attorneys' fees, arising from damage to life or bodily injury or real or tangible personal property caused by the negligence or other tortious acts, errors, and omissions of Proposer, its employees, or its subcontractors while engaged in performing the work of the Agreement or while present on the Commission's premises, and for breach of the Agreement regarding the use or nondisclosure of proprietary and confidential information where it is determined that Proposer is responsible for any use of such information not permitted by the Agreement. The indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or its subcontractors under Workers' Compensation Acts, Disability Benefits Acts, or other Employee Benefit Act.

I-26. Diverse Business (DB) Requirements. Proposer will comply with the DB Requirements as described in **Appendix D – Diverse Business (DB) Requirements**.

I-27. Insurance. Proposer will comply with the Insurance requirements as described in **Appendix E - Insurance Specification**.

PART II

INFORMATION REQUIRED FROM PROPOSERS

Proposals must be submitted in the format, including heading descriptions, outlined below. To be considered, the proposal must respond to all requirements in this part of the RFP. Any other information thought to be relevant, but not applicable to the enumerated categories, should be provided as an attachment to the proposal. All cost data relating to this proposal and all Diverse Business cost data should be kept separate from and not included in the Technical Submittal. Each proposal shall consist of three separately sealed submittals:

1. Technical Submittal, which shall be a response to RFP **Part II-1, Sections A through H**;
2. Diverse Business Participation Submittal, in response to RFP **Part II-2**; and
3. Cost Submittal, in response to RFP **Part II-3**.

The Commission reserves the right to request additional information which, in the Commission's opinion, is necessary to assure that the Proposer's competence, number of qualified employees, business organization, and financial resources are adequate to perform according to the RFP.

The Commission may make such investigations as deemed necessary to determine the ability of the Proposer to perform the work, and the Proposer shall furnish to the Issuing Office all such information and data for this purpose as requested by the Commission. The Commission reserves the right to reject any proposal if the evidence submitted by, or investigation of, such Proposer fails to satisfy the Commission that such Proposer is properly qualified to carry out the obligations of the agreement and to complete the work specified.

II-1. Technical Submittal.

A. Proposal Cover Sheet (Appendix C)

Show the name of your firm, Federal I.D. number, address, name of contact person, contact person's email and telephone number date and the subject: **MOBILE CASHLESS TOLLING SERVICES, RFP#: 17-10340-7782. Appendix C** must be signed by an individual who is authorized to negotiate terms, render binding decisions, and commit your firm's resources. In addition, it is required that all information requested in **Appendix C** be provided including information pertaining to location of office performing the work, contact information, listing of all Pennsylvania offices and total number of Pennsylvania employees, and location of company headquarters.

B. Table of Contents

Include a clear identification of the material by section and by page number.

C. Executive Summary

Summarize your understanding of the work to be done and make a positive commitment to perform the work necessary. This section should summarize the key points of your submittal (two-page limit). Include in this section or in a transmittal letter/cover page a statement regarding full disclosure of any potential conflict with the State Adverse Interest of State Advisor or Consultant Statute as instructed in Proposal **Section I.6 Contractor Integrity Provisions**.

D. Firm Overview

Provide a brief history and description of your firm's business organization and its mobile cashless tolling expertise and experience as it relates to the requirements discussed in **Part IV** of

this RFP. Include the location of offices and the number and types of technical personnel, consultants, or other relevant professional staff in each office. Include a discussion of the specific expertise and services that distinguish your firm. Please discuss your firm's presence in and commitment to the Commonwealth of Pennsylvania and identify any prior experience with the Commonwealth of Pennsylvania or the Commission.

E. Personnel

Provide the names, proposed roles, background and experience, current professional licenses, office location, and availability of the consulting personnel that would perform the services to meet the requirements as described in **Part IV** of this RFP. Specifically identify the primary person who will be responsible for managing the relationship with the Commission during this endeavor. Also identify any key personnel and their role on the project. Proposers must submit a current résumé for all proposed staff listing relevant experience and applicable professional affiliations. Limit résumés to three (3) pages each.

F. Relevant Experience and Expertise

Provide a narrative statement regarding your mobile cashless tolling expertise and experience as it relates to **Part IV** of this RFP. Additionally, include a statement regarding your understanding of the requirements as outlined in this RFP and your ability to provide the services in accordance with the same.

Describe your firm's experience in providing similar mobile cashless tolling implementation services to other clients, especially other tolling agencies/authorities and/or similar public/private sector transportation organizations. Describe the business practices that enable you to complete these tasks in an efficient, timely and, at times, expeditious manner.

Provide three reference project descriptions and reference contact information of clients for which your firm has performed similar work, as described in this RFP, within the past three years. Provide organization, name, title, phone, and email address for reference contacts.

Identify any partners or technology vendors whose products are used to provide the MCT service. Technical dependencies should then be described in response to **Part IV-3.(1)(A) Prerequisite Components**.

Identify the banking/financial institution that will be processing payments. Include a signed letter (or other form of acknowledgement) from that institution, affirming their role.

Include a statement regarding any other specialized services or unique cashless tolling service your firm may offer.

G. Approach

Provide a description of the proposed approach/methodology that you will follow, along with a project plan and realistic timeline that identifies the phases and tasks required to complete the services defined in **Part IV**. Proposers are asked to respond to each section of **Part IV**, as briefly and clearly as possible. RFP text including "must" or "shall" shall be considered definitive requirements. RFP text including "may" or "should" represent the Commission's vision of how the MCT service might execute or a potential for an additional application or functional development. In the case of an additional app or functionality the Proposer is expected to provide all information necessary as outlined in Section II.

Please follow the structure of **Part IV** in responding to this section of the RFP:

IV-1 Objectives: Please confirm your understanding of the objectives and articulate an implementation strategy to support them.

IV-2. Nature and Scope of the Project. Please use this section to present major issues to be resolved in planning the implementation. The Commission anticipates discussing/addressing them during oral presentations or other BAFO activity.

IV-3. Requirements. Proposers must provide a comprehensive description of the MCT product/service. Please respond in narrative form to each numbered/lettered requirement, highlighting how the proposed MCT service addresses the requirement. Proposers can use the narrative of this section to describe alternate means of addressing a requirement. For reference, **Appendix G** provides multiple use case scenarios. Proposers may reference specific scenarios in their response, if desired.

Proposers should be prepared to demo or otherwise explain specific functionality proposed. In addition, Proposers must complete the matrix in **Appendix H – Use Cases Response Matrix** and attach it to their proposal. In addition, Proposers should separately attach their standard verbiage for a consumer contract, if available.

Note: In this section **Part IV-3**, please refrain from discussing the tasks associated with implementing the MCT service; this section should focus on the MCT product/service as it will execute in its final form, with task narrative in response to **Part IV-4**.

Please also refrain from quoting specific prices, markup, or other fees in this section. **Cost data is not allowed in the Technical Proposal.**

IV-4. Tasks. Please use this section of the RFP response to describe the tasks needed to execute the project, using the task descriptions as a reference point and expanding for specific tasks needed to implement the MCT successfully. The Proposer must provide a draft work breakdown structure (WBS) of their Implementation Plan addressing testing, quality assurance, and rollout.

(1) Initiating Tasks

These tasks must be completed as part of project initiation. Proposers must submit draft narrative with their proposal.

(A) Project Charter

Please provide a high-level Project Charter with your proposal, describing project objectives and roles and responsibilities of both parties. This may be in-line or separately attached to the proposal. Both parties will identify specific stakeholders as part of project initiation.

(B) Methodology

Please summarize your methodology for implementing the MCT service and for managing it after implementation.

(C) Project Work Breakdown Structure (WBS)

Proposers must submit a WBS as part of their proposal and use it as the basis for negotiating the final contract and proceeding with implementation. The WBS may be inserted in-line in the proposal or attached separately.

(2) Planning Tasks

In submitting their proposals, Proposers must outline or submit a draft Project Management Plan (PMP) for the initiative. The final PMP will incorporate relevant text from this RFP, the proposal, and items resolved in contract negotiation.

The narrative of the proposal response must describe how the Proposer intends to finalize the PMP. The PMP must address the following topics:

(A) Project Scope

Please state your understanding of major scope boundaries for the project, based on your understanding of goals and objectives.

(B) Requirements

This section should be blank, submitted as a placeholder. The Proposer's final response to RFP **Section IV-3. Requirements** will be inserted into this section of the PMP.

(C) Schedule

This section should be blank, submitted as a placeholder. The Commission anticipates collaboratively developing a baseline schedule as part of contract negotiation; this schedule can then become part of the final PMP.

(D) Cost

This section should be blank, submitted as a placeholder in the Technical Proposal.

(E) Quality

The Proposer must describe quality initiatives used to confirm all aspects of the MCT service during the implementation period and during the operational period.

(F) Human Resources

The Proposer must describe staffing requirements for the implementation, including anticipated use of Commission staff. The Commission is responsible for managing its own staff.

(G) Communication

The Proposer must outline its strategy for communications. The final version of the PMP will incorporate relevant segments of the Proposer's response to **Section IV-5**.

(H) Risk

Please identify the top 3-5 risks to the project and ways that both parties can mitigate them.

(I) Procurement

Please describe procurement requirements, if any, for the implementation.

(J) Change Management

Proposers must describe their process for change management, including approval processes for both parties.

(K) Stakeholders

This section should be blank, submitted as a placeholder. The final PMP will list stakeholders identified in the Project Charter.

(3) Executing Tasks, (4) Monitoring and Controlling Tasks, and (5) Closing Tasks

Please respond to task descriptions in Part IV Work Statement.

IV-5. Reports and Project Control. Please describe project controls and reports to be provided by the Proposer. These are presented as IV-5 Implementation Reports (prior to go-live), followed by Steady State Operations (ongoing reports, after the MCT service is in production).

H. Capacity to Perform and Financial Capability

Describe the capabilities of the Contractor to provide the services for the Commission. This should include a discussion of any uncompleted projects and/or contractual commitments to other clients that will affect your ability to deliver the products and services outlined in this RFP. Contractor should provide a summary of current and future client commitments and include details on completion dates. Identify the percentage of the services that will be performed utilizing your own equipment and facilities, and the percentage of the work that will be subcontracted, if any.

In order for the Commission to evaluate the Contractor's financial capability, please answer the following questions:

1. Provide a copy of your firms' financial statements (balance sheet and income statement) for the last three (3) years – 2014, 2015, 2016. If unable to meet this requirement, explain why you cannot. Tax returns may be substituted for financial statements.
2. What is the distribution of your firms' annual sales revenue over the last two (2) years across Federal, State, Local government and commercial accounts?
3. For each of the last two (2) years, list your top five (5) customers by revenue.
4. Provide the value of your firms' mobile cashless tolling accounts for the last two (2) years.
5. Has your firm or any of its principals ever petitioned for bankruptcy? If yes, explain.
6. Has your firm ever been terminated for poor performance on a contract awarded to you? If yes, explain.
7. Are there any judgments, claims, arbitration proceedings, or suits pending or outstanding against your firms'? If yes, explain.
8. Has your firm filed any lawsuits, submitted claims or been involved in any litigation with regard to your contract activity within the last ten (10) years? If yes, explain.
9. Has your firm been debarred in any state? If yes, explain.

II-2. Diverse Business (DB) Requirements (Appendix D).

The Commission's DB Requirements for this procurement and a resulting contract are identified in **Appendix D**. There is no minimum participation level (MPL) for DBs established for this contract. However, the utilization of DBs is encouraged and will be considered as a criteria in the evaluation of proposals and may be considered as a factor in the Commission's selection of a firm for this contract.

The proposer must include in its DB participation submittal that it meets the requirements set forth in the Commission's DB Requirements – **Appendix D**. In particular, the proposer shall address the section of the DB Requirements labeled, "Actions Required by Proposer during the procurement/consultant selection phase." In addition, the DB participation submittal shall indicate the amount of DB participation incurred in the proposal in terms of dollars committed or percentage of total contract amount.

II-3. Cost Submittal.

The information requested in this section shall constitute your Cost Submittal. THE COST SUBMITTAL SHALL BE PLACED IN A SEPARATE SEALED ENVELOPE WITHIN THE SEALED PROPOSAL AND ON A CD-ROM, SEPARATE FROM THE TECHNICAL SUBMITTAL.

Proposers should not include any assumptions in their Cost Submittals. If the Proposer includes assumptions in its Cost Submittal, the Issuing Office may reject the proposal. Proposers should direct in writing to the Issuing Office pursuant to **Part I-10, Questions and Answers** of this RFP any questions about whether a cost or other component is included or applies. All Proposers will then have the benefit of the Issuing Office's written answer so that all proposals are submitted on the same basis.

The Commission desires minimal impact on existing systems and operations. In order to evaluate impact, the Commission anticipates a variety of pricing models. Proposers shall describe their pricing model(s), including rate derivation, and additional cost to the Commission, if any. Proposers shall include in **Appendix F – Cost Breakdown**, a rate schedule that assures the Commission the E-ZPass revenue, yet incents consumers by discounting the cash rate. Note: rates included in **Appendix F – Cost Breakdown** reflect rates effective January 8, 2017.

As part of the Cost Submittal, the Proposer must complete **Appendix F - Cost Breakdown**. Proposer must follow the instructions provided in the first tab of **Appendix F – Cost Breakdown**. Proposer must also describe their pricing model and justification of additional costs to the Commission in the Cost Submittal. The **Appendix F** worksheet must be submitted in MS-Excel format (2010 or higher). An exact image of the pricing tabs shall be included in the Cost Submittal.

The selected Proposer shall only perform work on the Contract after the Effective Date is affixed and the fully-executed contract sent to the selected Proposer. The Commission shall issue a written Notice to Proceed to the selected Proposer, authorizing the work to begin on a date which is on or after the Effective Date. The selected Proposer shall not start the performance of any work prior to the date set forth in the Notice of Proceed and the Commission shall not be liable to pay the selected Proposer for any service or work performed or expenses incurred before the date set forth in the Notice to Proceed. No Commission employee has the authority to verbally direct the commencement of any work under the Contract.

PART III

CRITERIA FOR SELECTION

III-1. Mandatory Responsiveness Requirements. To be eligible for selection, a proposal shall be (a) timely received from a Proposer and (b) properly signed by the Proposer.

III-2. Technical Nonconforming Proposals. The two (2) Mandatory Responsiveness Requirements set forth in **Section III-1** above (a&b) are the only RFP requirements that the Commission will consider to be non-waivable. The Issuing Office reserves the right, in its sole discretion, to (1) waive any other technical or immaterial nonconformity in the proposal, (2) allow the Proposer to cure the nonconformity, or (3) consider the nonconformity in the evaluation of the proposal.

III-3. Proposal Evaluation. Proposals will be reviewed, evaluated, and rated by a Technical Evaluation Team (TET) of qualified personnel based on the evaluation criteria listed below. The TET will present the evaluations to the Professional Services Procurement Committee (PSPC). The PSPC will review the TET's evaluation and provide the Commission with the firm(s) determined to be highly recommended for this assignment.

The Commission will select the most highly qualified firm for the assignment or the firm whose proposal is determined to be most advantageous to the Commission by considering the TET's evaluation and the PSPC's determination as to each firm's rating. In making the PSPC's determination and the Commission's decision, additional selection factors may be considered, taking into account the estimated value, scope, complexity, and professional nature of the services to be rendered and any other relevant circumstances. Additional selection factors may include, when applicable, the following: geographic location and proximity of the firm, firm's Pennsylvania presence or utilization of Pennsylvania employees for the assignment; equitable distribution of work; diversity inclusion; and any other relevant factors as determined appropriate by the Commission.

Award will only be made to a Proposer determined to be responsive and responsible in accordance with Commonwealth Management Directive 215.9, Contractor Responsibility Program.

III-4. Evaluation Criteria. The following criteria (e.g. approach, qualifications and experience, etc.) will be used, in order of relative importance from the highest to the lowest, in evaluating each proposal:

1. Approach
 - a. Understanding of the Commission's needs and scope of work.
 - b. Soundness of proposed approach, methodology, and deliverables for implementing a mobile cashless tolling service as it relates to the requirements discussed in **Part IV** of this RFP.
 - c. Processes for reconciliation, testing, and overall accuracy of MCT service.
 - d. The user experience, ease of use, and added functionality, in part determined through demonstration.
 - e. Responsiveness to the Commission's desire for expeditious timeline for completion.
 - f. Level of impact on the Commission's current operations.
 - g. Responsiveness, organization, and clarity of Proposal.
2. Proposer and Personnel Qualifications and Experience
 - a. Proposer's relevant experience and expertise in implementing MCT services as it relates to the requirements discussed in **Part IV** of this RFP.
 - b. Capacity to perform and financial capability of the Proposer to undertake a project of this size.
 - c. Response of references if the Commission elects to solicit them.

3. Cost

While this area may be weighted heavily, it will not normally be the deciding factor in the selection process. The Commission reserves the right to select a proposal based upon all the factors listed above, and will not necessarily choose the firm offering the best price. The Commission will select the firm with the proposal that best meets its needs, at the sole discretion of the Commission.

- a. Direct cost to the Turnpike, including internal costs to implement the MCT service
- b. Cost to the Consumer

4. Commitment to Diversity and Inclusion

This refers to the inclusion of DB firms, as described in **Part II-2**. Participation may be measured in terms of total dollars committed or percentage of total contract amount to certified DB firms.

PART IV

WORK STATEMENT

IV-1. Objectives.

a. **General.** The Commission wishes to implement MCT functionality as a means of toll collection on Commission roadways. This MCT capability aligns with the Commission's enterprise strategy of implementing cashless tolling across all toll facilities. Based on responses to this RFP, the Commission desires to leverage the specific capabilities of the product/service provided by the MCT Service Provider.

b. **Specific.** In releasing this RFP, the Commission has the following specific objectives:

- (1) Identify a technically feasible MCT service, based on current or newly available technology
- (2) Confirm fiscal soundness of the MCT Service Provider and the proposed MCT approach
- (3) Minimize impact on back office systems and operations, including customer support
- (4) Minimize risk of toll leakage
- (5) Sustain use of E-ZPass as the optimal form of toll collection
- (6) Provide marketing and branding support to foster use of the MCT service while retaining E-ZPass customer bases

IV-2. Nature and Scope of the Project. The Commission desires to implement an MCT capability across all Turnpike facilities based on their current configuration, cognizant of parallel initiatives to reconfigure selected interchanges for AET. Ideally, the Commission and the MCT Service Provider can implement a pilot version of the service at one or more interchanges within several months of project initiation. All interchanges will be tested prior to rollout.

IV-3. Requirements.

(1) MCT App

The MCT service must include a mobile component that tracks the travel of subscribers and enrolled vehicles. For convenience, this RFP uses the term "mobile app" for this technical component of the MCT service. It may execute on a smart phone, within the dashboard, or on a different mobile device. The app must include the following features and functions. The Scenarios referenced in this section can be found in Appendix G: Use Cases.

(A) Prerequisite Components

The MCT service must utilize a commercially available technology, environment, or device.

(B) Basic Driving/User Experience

The MCT service must provide a mobile app with features and functions that will enable the consumer to travel on the Pennsylvania Turnpike and to use the MCT service to pay tolls for the travel. At a minimum, the MCT service must support Scenarios 1 and 2. Both represent owner/operator passenger vehicles.

(C) Other Standard Features/Functions

The MCT service must support alternate driving scenarios on the Pennsylvania Turnpike. The MCT service must support multiple forms of vehicle ownership and enrollment (Scenarios 3-5), described

as family users. It should also support payment for rental vehicles (Scenario 6) and for vehicles owned by a third party, such as carpools (Scenarios 7-8).

(D) Hands-free Interaction

The MCT app must support hands-free capability for drivers. The MCT service cannot require use of a hand-held device or texting while driving (Scenario 23).

(E) Additional Features/Functions

The MCT Service Provider may have additional features that enhance the use or marketability of the MCT app. These are independent of use in traveling and paying tolls on the Pennsylvania Turnpike (Scenarios 24, 25 and 26). Commission support for marketing is described at (5)(D) below.

(2) MCT Registration

The MCT service is designed for public, non-commercial customers. Its primary target is for use in paying passenger vehicle tolls on Commission roads. The Commission may extend the MCT service to other vehicles, based on capabilities of the MCT service. Registration requirements include all of the following:

(A) Enrollment

Consumers must be able to purchase or otherwise download the app; create an account with the MCT Service Provider; and register one or more vehicles for the MCT service (Scenarios 13-16).

(B) Enrollment Turnaround Time

The turnaround time for initial enrollment and subsequent travel should be as short as possible, from the consumers' perspective. The Commission will consider both real-time and overnight transactions to record enrollment within its systems, based on the logistics of the proposed MCT service.

(C) Customer Contract

Consumers must have a written agreement with the MCT Service Provider. This written agreement must clearly state the consumer's relationship to the MCT Service Provider and the MCT Service Provider's relationship to the Commission. The MCT Service Provider must provide the Commission, for its approval, notice of proposed changes to the terms of the written consumer agreement thirty days (30) days before the proposed changes take effect; such approval shall not be unreasonably withheld.

(D) Standard Funding

Consumers must be able to pay for the service. This should occur via credit card, e-payment, or some other form of funds transfer. The MCT Service Provider is responsible for all financial interaction with the consumer (Scenarios 18-20).

(E) Non-Traditional Funding

Some consumers may not have bank accounts or credit cards. The Commission is interested in supporting alternate forms of payment, such as a prepaid cash card, gift card, or other forms of applying funds to the customer account, if available. The MCT service may support additional functionality, such as the non-traditional funding described in Scenarios 20 and 21.

(3) MCT Customer Service

The MCT Service Provider must provide customer service for MCT customers (Scenarios 27-29). This includes support for one or more of the following:

(A) Self-Service

The MCT Service Provider should enable customer self-service from a website or within the mobile app, to the greatest extent practicable.

(B) General Contact Support

The MCT Service Provider must be available to its customers, with a reasonable turnaround time for responding to customer contact. Availability must occur electronically; this may be via email, from the website, or from the mobile app. Availability may also occur via telephone. “Reasonable” is defined as one business day for general queries and customer-initiated updates to their records, with a longer turnaround for more complex issues.

The Commission is interested in understanding the mechanics of contact support, current support capacity, and capabilities to scale up/down over the life of the contract.

(C) Customer Satisfaction

The MCT Service Provider should provide some means for customers to express their opinion about the MCT service/mobile app. This might include customer satisfaction of Pennsylvania-specific aspects of the MCT service, including services controlled by the Commission.

(D) Service Levels

The Commission does not require the MCT Service Provider to provide a specific service level agreement (SLA) for customer call support. However, the MCT Service Provider must provide monthly metrics on customer contacts and its own response, discussed below as part of **Part IV-5**.

The Commission requires insight into the quality practices of the MCT Service Provider.

(E) Disputes

The MCT Service Provider must provide dispute resolution services to its customers. This process must shield the Commission from direct involvement in these disputes.

(F) Suspended Services

The MCT service must enable customers to report lost or stolen devices at any hours (Scenarios 28 and 29). Ensuing suspensions or disenrollment must occur as expeditiously as possible.

The MCT service must allow subscribers to suspend enrollment, either directly through the mobile app or via contact with the MCT Service Provider. The time lag for this suspension, starting with the customer’s point-of-notification to the MCT Service Provider and ending with notification to the Commission, is a quality metric.

(4) Toll Mechanics

Please note: this “Toll Mechanics” requirement focuses on logistics of travel involving the MCT service; “Toll Calculation” appears under a separate heading.

The Commission operates a variety of interchanges, ranging from barrier tolls, point-to-point, and AET. Most locations on the mainline currently deploy at least one lane for cash-paying travelers.

(A) ETC Equipment

The MCT service must minimize interaction with lane-side equipment. The Commission's preference is to avoid changes to the current RFID readers, if at all possible (Scenario 30).

(B) Travel Awareness

The MCT service must track travel completed by enrolled vehicles. The app must have general geo-awareness (Scenarios 32 and 34) and should have awareness of attributes of the vehicle (Scenarios 9 and 10).

(C) Coexistence with Cash Lanes

The Commission may choose to deploy the MCT service at interchanges where cash payment is also available (Scenario 31). The MCT service must support this strategy.

(D) Execution in AET Environments

The MCT service must execute in AET environments, as an alternative to current TOLL BY PLATE (Scenario 33) and future TOLL BY PLATE for point-to-point travel.

(E) Other Payment Methods

The MCT service must coexist with E-ZPass at all times. It must coexist with other forms of payment, depending on the interchange and the timing of the MCT implementation.

(F) Unusual Travel Scenarios

The MCT service must enable the Commission to identify legitimate travel by MCT customers. The MCT service should account for potentially invalid travel, such as partial trips (Scenario 34), potential duplicate billing (Scenario 4), or other error conditions (Scenario 11).

(G) Extended Toll Collection (Violations, TOLL BY PLATE)

The Commission desires to automate toll collection to the greatest extent possible, including use of E-ZPass and the MCT service. The MCT service must enable the Commission to reduce less-desirable means of toll collection, including TOLL BY PLATE and Violations.

(5) Integration

The Commission desires to implement the MCT service with minimal impact on current systems and processes. This RFP envisions a formal Application Programming Interface (API) between the Commission and the MCT service, with details to be developed collaboratively between both parties. Where practical, the Commission will leverage existing internal interfaces with its current ETC system.

Requirements include all of the following:

(A) General Interaction

The Commission anticipates using web services, file transfer protocol (FTP), or other forms of electronic data exchange with the MCT Service Provider. The Commission anticipates establishing a corporate account as a clearinghouse for MCT activity (Scenario 35), with frequency, format, and content of data exchange to be mutually agreed on.

(B) Transactional Data

The MCT service must provide comprehensive information to the Commission related to enrollment, travel, and funds transfer (Scenarios 37-40).

(C) Funds Transfer

The MCT Service Provider must transfer funds, or effectuate transfer of funds, to cover travel incurred by its customers and their vehicles. The Commission and MCT Service Provider will negotiate a funds transfer schedule based on volume. Note: the Commission intends to utilize a separate account for MCT funds to avoid commingling toll collections from other sources.

(D) Marketing/Branding Support

The Commission has a vested interest in the success of the MCT service and desires to support the MCT Service Provider in marketing it. The Commission also understands the MCT Service Provider has a proprietary stake in its mobile app.

The MCT Service Provider must agree to work collaboratively with the Commission to “link” the MCT app with the Pennsylvania Turnpike. This might include use of one or more logos at <https://www.paturndpike.com/yourTurnpike/graphics.aspx>. The MCT Service Provider must obtain permission from the Commission for use of registered service marks and logos. The Commission reserves the right to preclude its name or service marks and logos from advertising slogans or campaigns, regardless of the transmission medium, it deems harmful to its customers or in conflict with the Commissions’ philosophy or beliefs.

(6) Toll Calculation

As noted, the Commission desires to implement the MCT service with minimal impact on current systems and processes. Because toll calculation generally occurs outside of (prior to) its back office environment, the Commission will give preference to an MCT service that performs toll calculation following Pennsylvania-specific business rules. However, the Commission will consider proposals requiring interaction with its current systems for toll calculation/confirmations.

Unless identified otherwise, the following requirements assume that the MCT Service Provider calculates the toll.

(A) Turnpike Business Rules

A copy of the current toll schedules appear at <https://www.paturndpike.com/toll/tolls.aspx>. These change historically on an annual basis. The MCT Service Provider may need specific information from the Commission in order to calculate tolls (Scenarios 46-47).

(B) Passenger Vehicles

The MCT service must support toll calculation for passenger vehicles (Scenario 48). It should allow for variations based on trailers (Scenario 9), if possible.

(C) Commercial Vehicles

The Commission will consider enabling MCT payment for commercial vehicles, based on practicality and risk. The MCT service may have a capability to support pricing for commercial vehicles, based on axles and weight (Scenarios 17, 49, and 50). Also refer to “Commercial E-ZPass FAQs” at <https://www.paturndpike.com/toll/commercialfaq.aspx>.

(D) Alternate Means of Toll Calculation

Some MCT services may require the Commission to calculate tolls on behalf of the MCT Service Provider. The Commission desires to understand mechanics of this interaction.

(E) Congestion Pricing

Variable pricing is outside the scope of the immediate RFP. Nonetheless, the Commission is interested in understanding future potential for point-in-time tolls, also known as Congestion Pricing

(Scenario 51).

(F) Other Consumer Pricing Options

Proposers may have other components of their MCT service that result in charges to the consumer. The Commission is interested in understanding these components, from the consumer's perspective.

(7) Information Security

The MCT Service Provider is responsible for security for all information within its control. As a partner, the Commission requires assurance that the technical and business environments provided by the MCT Service Provider are secure.

Requirements include all of the following:

(A) Cybersecurity

The MCT Service Provider is responsible for cybersecurity of the app and its interfaces, including interfaces with the Commission. Also note insurance requirements (**Appendix E**).

(B) PCI DSS

Assuming use of credit card or similar means of payment, the MCT service must comply with any relevant requirements of the Payment Card Industry Data Security Standard (PCI DSS).

Financial transactions must be secure, both between consumers and the MCT Service Provider and between the MCT Service Provider and the Commission, specifically in relationship to PCI DSS (Scenario 36).

(8) Interoperability

The Commission desires to implement an MCT service that can coexist with other services and other toll roads, where possible.

(A) Multiple Apps/Forms of Payment

The MCT service will co-exist with E-ZPass and other forms of payment, based on the interchange. Drivers/vehicles may have multiple acceptable forms. Where possible, the MCT service should correctly identify the (in)appropriateness of the MCT (Scenario 4 is one example).

The Commission desires to understand logistics of travel/payment when multiple forms of valid payment are available to the consumer.

(B) National Interoperability

Like all toll authorities, the Commission is interested in national efforts for interoperability. The MCT Service Provider must articulate a strategy for interoperability, including examples where the MCT service functions in multiple toll environments (Scenario 12 is one example).

(9) Other Deliverables

The Commission desires for the MCT service to be self-funded by the MCT Service Provider, with cost recovery based on MCT Service Provider surcharges to the consumer. However, proposers may have additional services or deliverables for which it desires direct reimbursement from the Commission.

These deliverables must be clearly defined; correlate to tasks in the WBS; and match with itemized costs on the “Additional Costs” tab of **Appendix F: Cost Breakdown**.

(10) Additional Functionality

The Proposed bidder may be asked to develop an app for a “customer incentive and awards program” as a stand-alone application or as part of the mobile-cashless tolling application. This awards program would provide a multitude of incentives for drivers along the Turnpike system. Incentive could include safe travel within work zones, active military, veterans, frequent E-ZPass and MCT Turnpike customers. (Scenario 52)

IV-4. Tasks.

(3) Executing Tasks

These tasks focus on implementing the MCT service. (Operational “steady state” tasks that occur after implementation are described at **Section IV-5**.) The Proposer must describe major tasks and responsibilities to implement the project, aligned with its WBS.

Please include subtasks that align with your proposed technology and service. At a minimum, this section must address the following requirements. Proposers should also define the format and content of deliverables for each task.

(A) Definition

The Commission anticipates multiple meetings to obtain clear understanding of the mechanics of the proposed MCT service and its integration points with Commission systems and processes.

Based on its proposed solution, the Proposer should use this section of the proposal to identify major “definition” issues (technical, operational, etc.) to be resolved at this stage in the implementation.

(B) Design

The Commission desires to leverage an existing MCT service that will (1) integrate with its own systems with (2) minimal changes in its own systems. However, it also understands that both technical and business changes will inevitably occur, based on the API finalized for this initiative.

Please describe major “design” issues to be resolved at this stage in the implementation, based on the proposed MCT and the mechanics of how it will integrate with the future environment.

(C) Development

The Commission anticipates some amount of development will be required by one or both parties, in order to implement the API envisioned for this project. Please estimate this task for your own staff, leveraging your experience with similar implementations. The Commission will utilize Proposers’ responses, including Definition and Design issues (above) to estimate any development work needed within its own systems.

(D) Integration Testing

The Commission anticipates establishing a semi-permanent environment for integration testing, for use over the life of the contract. Proposers should use this task response to describe their own integration testing environments; effort involved; and how it anticipates segregating Commission-related testing from testing with other entities, such as other toll authorities.

(E) Proof of Concept

A “Proof of Concept” demo must occur at some point in the Work Plan, based on the Proposer’s methodology. This may occur as part of Development or Integration Testing (above); as a subtask within Pilot Testing (below); or as a self-standing phase of the Proposer’s WBS.

(F) Pilot Testing

The Commission will negotiate the methodology for identifying the target audience to serve for testing. Please use this task narrative to describe effort involved by both parties, including (1) any anticipated assistance by the Commission toward marketing the MCT service and (2) any procedural integration with the Commission’s Customer Service Center (CSC). Both marketing and CSC integration will subsequently occur as part of implementation and rollout.

(G) Quality Assurance/Operational Controls

The Commission anticipates participating in testing operational controls, both via Integration Testing and the Pilot Testing phases described above. Proposers’ WBS should allow sufficient time for Commission staff to thoroughly review detailed transaction data and ensure all checks and balances are in place prior to implementation.

Please describe Proposer efforts to support this effort and identify any specific reports from **Section IV-5. Reports and Project Control** that will support this task.

(H) Implementation

Please use this task narrative to describe effort involved by both parties for implementation. Please also include a proposed rollout plan. The Commission understands multiple pilot implementations may occur prior to production implementation. Proposers should use the task narrative to describe the work effort involved for the full production implementation after all tests are complete.

(4) Monitoring and Controlling Tasks

These tasks pertain to monitor/control of the implementation effort, including use of relevant reports described at **Section IV-5. Reports and Project Control**, e.g., the Status Report and Problem Identification Report.

Proposers must use this section of their response to describe the task effort itself, including discussion of risk management for both parties.

(5) Closing Tasks

This task pertains to completing the implementation, including submission of the Final Report described at **Section IV-5**.

IV-5. Reports and Project Control.

The Commission requires sound project management to minimize risk to both parties. The MCT Service Provider must provide management reports as described below.

(1) Implementation Reports

These reports derive from **Section IV-4 Tasks** and pertain to reports generated as part of Monitoring and Controlling. The MCT Service Provider must provide all of the following:

(A) Task Plan.

A work plan for each task that identifies the work elements of each task, the resources assigned to the task, the time allotted to each element, and the deliverable items to be produced.

This is the Project WBS, which Proposers must submit with their proposal.

(B) Status Report.

A periodic progress report covering activities, problems, and recommendations. The report should be keyed to the work plan developed by the Proposer in its proposal, as amended or approved by the Commission.

(C) Problem Identification Report.

An “as required” report, identifying problem areas. The report should describe the problem and its impact on the overall project and on each affected task. It should list possible courses of action with advantages and disadvantages of each, and include recommendations with supporting rationale.

(D) Final Report.

This is the project close-out report, for the implementation effort.

(2) Steady State Operations

The MCT service will execute as a critical component for collecting toll revenue in the future. The MCT Service Provider must provide the following control reports for use by Commission staff. Reports (A) through (D) represent activity by the MCT Service Provider.

(A) Service Provider Reconciliation.

The MCT Service Provider must maintain its own internal controls for balancing and accounting transactions, i.e., processing that occurs prior to transmitting data or payment to the Commission. Summary reports must be available to the Commission, related to the MCT Service Provider’s internal processing. This must include control reports on financial transactions.

(B) MCT Service Provider Customer Service.

The MCT Service Provider owns the relationship with consumers who purchase/download the mobile app. When consumers subsequently travel on the Commission’s roadway, they become customers of the Commission.

The MCT Service Provider must provide summary reports on its own performance, related to customer services. These reports should align with Proposer’s response to requirement at **Section IV-3.(3) MCT Customer Service.**

(C) MCT Service Provider Information Security Controls.

The MCT Service Provider must provide summary reports on information security, aligned with **Section IV-3.(7) Information Security.**

(D) MCT Service Provider Leakage.

The MCT Service Provider shall be responsible for monitoring travel by its customers; collecting MCT tolls for payment to the Commission; and transferring associated funds for these tolls to the Commission. The MCT Service Provider owns risk associated with customer non-payment (Scenarios 44 and 45).

The MCT Service Provider must confirm its understanding of responsibilities for toll collection and must report its own leakage (funds not collected), as a form of lost revenue.

(E) Data Retention.

The MCT Service Provider must provide summary reports on data that is archived or deleted, if any. The MCT Service Provider may have a formal policy on data retention. The Commission is interested in understanding how MCT data will be available to Commission staff for audit or reconciliation research.

Reports (F) through (K) will be used by Commission staff for monitoring and controlling the new MCT payment method after implementation.

(F) Operational Controls.

The MCT Service Provider must provide full traceability and accountability for transactions that affect the Commission, including enrollment, subsequent travel on Commission facilities, and associated funds transfer. This includes transactional data (Scenarios 25 and 37-41) as well as reports on the data itself. These reports must be available to Commission staff for balancing, reconciliation, and other back office tasks.

(G) Customer Service.

The MCT Service Provider has the primary relationship with its customers. The Commission's CSC is available for escalation and emergency situations (Scenario 22).

The Commission is interested in understanding anticipated interaction between the MCT Service Provider and the CSC, including MCT information available to CSC representatives.

(H) Audit Support.

The MCT service must support full traceability and accountability, described above. In addition to providing standard reports for Operational Controls (above), the MCT Service Provider must support Commission requirements for audit support (Scenarios 42-43). This may include functionality within the app or specific controls or reports to support auditors. It might include special types of transactions, identified internally as audit or benchmark transactions.

The MCT app or service may have specific functional capabilities for audit support as well as any control reports.

(I) Violations Support.

Depending on the interchange, the Commission will be simultaneously authorizing multiple forms of toll payment; these are cash, E-ZPass, AET, and MCT. Conceptually, all other travel represents an unpaid toll, i.e., a toll violation (Scenario 11 is one example). The Commission utilizes the license plate of the vehicle to identify the owner, who is ultimately responsible for the toll.

In addition to standard reports for Operational Controls (above), the Commission is interested in leveraging any additional reports or functionality available to facilitate this process. Ideally, MCT payments will directly reduce the number of transactions that would otherwise devolve to violation processing.

Requests for information regarding accounts of the PTC electronic toll collection system will be handled according to applicable law (e.g. 74 Pa.C.S.A. §8117).

(J) Leakage Support.

All parties desire to minimize revenue loss. In addition to standard reports for Operational Controls (above), the MCT Service Provider may have additional functionality or reports available for Commission staff to identify and control leakage.

(K) MCT Service Level.

The MCT Service Provider must provide an SLA for providing the transactional data, reports, and financial funds transfer. Possible components include data accuracy, timeliness, etc. A detailed SLA will be created as part of contract negotiations.

AGREEMENT

This **AGREEMENT** is made this _____ day of _____, 2017, between the **Pennsylvania Turnpike Commission (“COMMISSION”)**, an instrumentality of the Commonwealth of Pennsylvania, with principal offices at 700 South Eisenhower, Blvd., Middletown, Pennsylvania 17057 (mailing address: P. O. Box 67676, Harrisburg, PA 17106-7676);

AND

_____ (“**CONTRACTOR**”), [insert the legal status of **CONTRACTOR** such as a **Pennsylvania (or Foreign) corporation (or partnership, LLC, LLP, etc.)**], with its principal office at [insert address].

WITNESSETH:

WHEREAS, the **COMMISSION** desires the services for identifying and implementing a Mobile Cashless Tolling (MCT) service to expedite the transition to cashless tolling;

WHEREAS, by Act No. 211 of the General Assembly of the Commonwealth of Pennsylvania, approved May 21, 1937, and its amendments, the **COMMISSION** is authorized and empowered to enter into an Agreement with the **CONTRACTOR**;

WHEREAS, the **COMMISSION** desires to retain the services of **CONTRACTOR** upon the following terms; and

NOW, THEREFORE, in consideration of these mutual covenants, and intending to be legally bound, the parties agree as follows:

Contractor’s Scope of Work

The **CONTRACTOR** will perform the work described in [RFP 17-10340-7782 dated [date], titled [Request for Proposals for Mobile Cashless Tolling Service and the **CONTRACTOR’S** proposal dated [date]. These documents are made part of this Agreement by reference.

The following order of precedence shall be used in interpreting the true meaning and intent of the Agreement:

- (1) Final Contract Agreement
- (2) The **COMMISSION’S** RFP
- (3) **CONTRACTOR’S** proposal dated XXXX, XX, 2017

Deliverables:

The COMMISSION requires, at a minimum, the following deliverables, as described in the RFP:

1. Weekly Status Updates
2. Monthly Status Reports and Meetings
3. Interface Program Code, fully tested
4. MCT Application Software held in escrow
5. Transaction and audit reports as described in RFP and negotiated between COMMISSION and CONTRACTOR

Location of Work:

Work may be performed remotely, except when necessary to meet with COMMISSION personnel.

Implementation Schedule:

The agreed upon Implementation Schedule will be based upon the CONTRACTOR'S proposed implementation schedule and negotiations.

All Other Specifications:

All other specifications are contained in the Standard Agreement and RFP.

Virus, Malicious, Mischievous or Destructive Programming

Notwithstanding any other provision in this Agreement to the contrary, **CONTRACTOR** shall be liable for any damage to any data and/or software owned or licensed by **COMMISSION** if **CONTRACTOR** or any of its employees, subcontractors or consultants introduces a virus or malicious, mischievous or destructive programming into **COMMISSION's** software or computer networks and has failed to comply with **COMMISSION's** software security standards. **COMMISSION** must demonstrate that **CONTRACTOR** or any of its employees, subcontractors or consultants introduced the virus or malicious, mischievous or destructive programming. **CONTRACTOR's** liability shall cease if **COMMISSION** has not fully complied with its own software security standards.

CONTRACTOR shall be liable for any damages incurred by **COMMISSION** including, but not limited to, the expenditure of **COMMISSION** funds to eliminate or remove a computer virus or malicious, mischievous or destructive programming that results from **CONTRACTOR's** failure to take proactive measures to keep virus or malicious, mischievous or destructive programming from originating from **CONTRACTOR** or any of its employees, subcontractors or consultants through appropriate firewalls and maintenance of anti-virus software and software security updates (such as operating systems security patches, etc.).

In the event of destruction or modification of software, **CONTRACTOR** shall eliminate the virus, malicious, mischievous or destructive programming, restore **COMMISSION's** software, and be liable to the **COMMISSION** for any resulting damages.

CONTRACTOR shall be responsible for reviewing **COMMISSION** software security standards and complying with those standards. Rev 07.01.2009 Page 60 **COMMISSION** may, at any time, audit, by a means deemed appropriate by **COMMISSION**, any computing devices being used by

representatives of **CONTRACTOR** to provide services to **COMMISSION** for the sole purpose of determining whether those devices have anti-virus software with current virus signature files and the current minimum operating system patches or workarounds have been installed. Devices found to be out of compliance will immediately be disconnected and will not be permitted to connect or reconnect to **COMMISSION**'s network until the proper installations have been made.

CONTRACTOR may use the anti-virus software used by **COMMISSION** to protect **CONTRACTOR**'s computing devices used in the course of providing services to **COMMISSION**. It is understood that **CONTRACTOR** may not install the software on any computing device not being used to provide services to **COMMISSION**, and that all copies of the software will be removed from all devices upon termination of this Agreement.

COMMISSION will not be responsible for any damages to **CONTRACTOR**'s computers, data, software, etc. caused as a result of the installation of **COMMISSION**'s anti-virus software or monitoring software on **CONTRACTOR**'s computers.

Sensitive Information

a. The **CONTRACTOR** shall not publish or otherwise disclose, except to the **COMMISSION** or the **CONTRACTOR**'S subcontractors, any information or data obtained hereunder from private individuals, organizations, or public agencies, in a way that allows the information or data furnished by or about any particular person or establishment to be identified.

b. The parties shall not use or disclose any information about a recipient receiving services from, or otherwise enrolled in, a **COMMISSION** program affected by or benefiting from services under this Contract for any purpose not connected with the parties' Contract responsibilities, or as outlined in the Issuing Agency SOW.

CONTRACTOR, as directed, shall comply with all federal or state laws related to the use of information that constitutes protected health information (PHI) as defined by the regulations promulgated pursuant to the Health Insurance Portability and Accountability Act (HIPAA). By signing this Contract, the **CONTRACTOR** agrees to the terms of the Business Associates Agreement, which is incorporated into this Contract as Appendix A. If the Issuing Agency, or relevant portion thereof, is a Covered Entity as defined in HIPAA, and the **CONTRACTOR** is performing the work of a Business Associate (which determination will be made solely in the discretion of the **COMMISSION**), the **COMMISSION** it will fill in the blanks in the attached Appendix as part of the RFP. It is understood that Appendix A is only applicable if the **COMMISSION** so indicates, and, if not applicable to the entire **COMMISSION**, is only applicable with respect to the internal entities indicated by the **COMMISSION** expressly in the RFP.

Escrow

1. Appointment of Escrow Agent and Escrow Fees

(a) **CONTRACTOR** and **COMMISSION** hereby appoints Escrow Agent to hold the Materials as defined herein in accordance with the terms and conditions of this Agreement and Escrow Agent agrees to act in such capacity.

b) In consideration for the services to be performed hereunder, **CONTRACTOR** shall pay to Escrow Agent a monthly escrow fee of \$[X] dollars. In the event of non-payment of escrow fees, Escrow

Agent will give **CONTRACTOR** and **COMMISSION** sixty (60) days' notice of default. In the event that the sixty (60) day notice period elapses without Escrow Agent having received payment, Escrow Agent shall have the right, without further notice being required and without any liability to any party whatsoever, to terminate this Agreement and destroy the Materials or, at the request of the **COMMISSION**, release and deliver the Materials to the Licensee.

2. Materials Deposited in Escrow

(a) **CONTRACTOR** agrees to deposit with Escrow Agent one copy of all the constituent elements of the proprietary software including but not limited to text, data, images, animation, graphics, video and audio segments and source and object code and user and system documentation of all software licensed to **COMMISSION** in connection with the Web Project (collectively, the "Materials")

3. Modifications to Materials to be deposited

(a) **CONTRACTOR** may, from time to time, update, improve or modify the Materials used by the **COMMISSION** in connection with this Agreement. **CONTRACTOR** agrees to deposit or cause to be deposited with the Escrow Agent, at the time such updates, improvements or modifications are made, one copy of such modified Materials which shall be deemed part of the Materials deposited in escrow under this Agreement.

4. Release and Delivery of Materials by Escrow Agent

(a) The occurrence of any of the following events ("Release Events") shall provide to the **COMMISSION** the right to request the Escrow Agent to release and deliver the Materials held in escrow to the **COMMISSION**:

(i) **CONTRACTOR** ceases to carry on business; (ii) **CONTRACTOR** becomes bankrupt, insolvent or the subject of receivership; (iii) **CONTRACTOR** commits a material breach of the Agreement.

5. Notice of Release Event

(a) Should **COMMISSION** wish the Escrow Agent to release and deliver to the **COMMISSION** the Materials held in escrow upon the occurrence of any of the Release Events, the **COMMISSION** shall give thirty (30) days written notice to the Escrow Agent and **CONTRACTOR** specifying the Release Event in question. If **CONTRACTOR** wishes to refute the occurrence of the Release Event, it shall give written notice to Escrow Agent and Licensee prior to the expiry of the thirty (30) day period and this Agreement will remain in full force and effect. If **CONTRACTOR** does not give written notice of its refutation to Escrow Agent and **COMMISSION** prior to the expiry of the thirty (30) day period, Escrow Agent shall release and deliver the Materials held in escrow to **COMMISSION**.

6. Termination

(a) If **COMMISSION** wishes to object to the termination, it shall give written notice of its objection to Escrow Agent and **CONTRACTOR** prior to the expiry of the one hundred eighty (180) day period and this Agreement will remain in full force and effect. If **COMMISSION** does not give written notice of its objection to Escrow Agent and **CONTRACTOR** prior to the expiry of the one hundred eighty (180) day period, this Agreement shall be deemed terminated and Escrow Agent shall release and deliver the Materials held in escrow to **CONTRACTOR**.

7. Representations, Warranties, and Indemnifications

(a) Escrow Agent represents and warrants that: (i) Other than being a party to this Agreement, it is an independent third party in respect to the **CONTRACTOR** and **COMMISSION** and is not an

affiliated, associated or related entity to **CONTRACTOR** or **COMMISSION**; (ii) It has the right and capacity to enter into this Agreement and fully perform all of its obligations and provide the services hereunder; (iii) It shall use commercially reasonable efforts to keep the Materials in safe keeping and perform its obligations as Escrow Agent in accordance with the terms of this Agreement; (iv) It shall not disclose to any third party or make use of the Materials without the express written approval of **CONTRACTOR** and **COMMISSION**; (v) It shall take such steps as are reasonably necessary and desirable to protect the confidentiality of the Materials and prevent the unauthorized disclosure thereof, including without limitation storing the Materials in such a way to preserve the confidentiality of the Materials and restrict disclosure of and access to the Materials. (b) Escrow Agent shall indemnify and save harmless **CONTRACTOR** and the **COMMISSION** from any and all damages, costs, liability, expenses, including reasonable legal fees, suffered by **CONTRACTOR** and/or **COMMISSION** as result of any breach of its representations and warranties. Notwithstanding the foregoing, Escrow Agent shall not be held responsible or liable for any acts of **CONTRACTOR** and/or **COMMISSION** and Escrow Agent shall have no liability under this Agreement whatsoever except for its acts of negligence, misconduct or a material breach of this Agreement. **CONTRACTOR** and **COMMISSION** shall indemnify and save harmless Escrow Agent from any and all damages, costs and liability suffered by Escrow Agent arising as result of the breach of this Agreement or the License or breach or infringement any law or right of any third party by **CONTRACTOR** and/or **COMMISSION**.

Commission's Responsibilities

The **COMMISSION** shall furnish the **CONTRACTOR** access to key personnel, relevant documents, and adequate workspace for completing the work.

Compensation

For the work, services, and material as defined in this Agreement, it is proposed that if an Agreement is entered into as a result of this RFP, the **COMMISSION** expects to receive, at minimum, the E-ZPass toll rate. The **COMMISSION** expects that the **CONTRACTOR** will recover its costs of implementing the MCT service through alternative means, including but not limited to its customer fee model or other methodology

The **CONTRACTOR** must transfer funds, or effectuate transfer of funds, to cover travel incurred by its customers and their vehicles. The **COMMISSION** and **CONTRACTOR** will negotiate a funds transfer schedule based on volume. Note: The **COMMISSION** intends to utilize a separate account for MCT funds to avoid commingling toll collections from other sources.

The **CONTRACTOR** agrees that the **COMMISSION** may set off the amount of any state tax liability or other obligation of the **CONTRACTOR** or its subsidiaries to the Commonwealth against any payments due the **CONTRACTOR** under any Agreement with the **COMMISSION**.

Duration of Agreement and Renewal

The term of this Agreement shall be for a period of three (3) years and shall commence on the Effective Date as defined below.

The Effective Date shall be fixed by the **COMMISSION** after the Agreement has been fully

executed by the **CONTRACTOR** and by the **COMMISSION**, and after all approvals required by the **COMMISSION** contracting procedures have been obtained.

The term may be extended for **five (5)** additional years by a writing signed by both parties.

This Agreement will not terminate until the **COMMISSION** accepts all work as complete and tenders final payment to the **CONTRACTOR**.

Termination for Convenience

COMMISSION may terminate the Agreement, by ten (10) days written notice sent to **CONTRACTOR**, in whole or in part, at any time if **COMMISSION** determines, in its sole and absolute discretion that a termination is in its best interests. Notice of such termination shall state that termination is for the **COMMISSION's** convenience, the extent to which performance of services under the Agreement is terminated, and the termination date. Unless otherwise instructed by the **COMMISSION**, **CONTRACTOR** shall stop work immediately on receipt of notice and follow the instructions and directions of **COMMISSION**.

In the event of a termination for convenience, **CONTRACTOR** shall be entitled to be paid for Work properly performed by **CONTRACTOR** prior to the effective date of termination, provided, however, that such payment shall not exceed the total Agreement Price after adjustment to account for the price associated with work not performed. **CONTRACTOR** shall not be allowed, and expressly waives, payment for profit on work which was not performed as of the termination date.

Termination for Default

If **CONTRACTOR** materially fails to prosecute the Work in accordance with the period specified or in the manner required by the Agreement, or if the Work does not conform, in all respects, to the requirements of the Agreement, or **CONTRACTOR** becomes insolvent or unable to meet its payment obligations when due, or breaches any other material obligation of the Agreement, the **COMMISSION** will give **CONTRACTOR** written notice describing the reasons for default and a reasonable opportunity to cure

If the **CONTRACTOR** does not cure the default within the period specified, the **COMMISSION** may, without prejudice to any other rights available to it by law, terminate the Agreement for default by written notice, specifying the reason for the default, the portion(s) of the Agreement defaulted and the effective date of default.

In addition to any other remedy available to the **COMMISSION**, if, as a result of **CONTRACTOR's** default, the **COMMISSION** reprocures all or any part of the Work, **CONTRACTOR** shall be liable for all excess costs of reprocurement, including but not limited to reasonable attorneys' fees.

Transition Service Obligation

In the event the **COMMISSION** provides written notice to the **CONTRACTOR** at least 180 days before this Agreement is terminated in whole or in part or expires by its own terms, and provided that the **COMMISSION** is not in a delinquent status as defined herein for any fees owed to

CONTRACTOR, CONTRACTOR will, as directed by the **COMMISSION**, continue to provide all or any part of the Services provided for under this Agreement beyond such expiration or termination date to allow for transition of such services to a new provider (“Transition Services”). As directed by the **COMMISSION**, the **CONTRACTOR** will provide Transitional Services for up to ninety (90) days following the Agreement's expiration or termination date (the “Transition Service Period”). At its sole option, the **COMMISSION** may, upon reasonable notice to **CONTRACTOR**, direct the **CONTRACTOR** to discontinue all or any part of the Transition Services at any time during the Transition Services Period.

In addition to other activities directed by the **COMMISSION**, during the Transition Services Period:

- (a) **CONTRACTOR** will use commercially reasonable efforts to cooperate with any successor company to assure the **COMMISSION** is provided continued and uninterrupted service during the Transition Service Period.
- (b) **CONTRACTOR** will not reassign dedicated management personnel during the Transition Service Period without consent from the **COMMISSION** and such consent will not unreasonably be withheld by the **COMMISSION**.
- (c) **CONTRACTOR** will also release from any restrictive employment contracts its staff requested by the Purchaser who are willing to stay with the **COMMISSION** account and transition to the new vendor.
- (d) **CONTRACTOR** will provide access to and, where requested by the **COMMISSION**, copies or electronic files of, all the **COMMISSION** data and records provided during the Agreement term and Transition Services Period to facilitate/support **CONTRACTOR**'s operation or generated as a result of such operation, to the **COMMISSION** and/or any designated successor company selected by the **COMMISSION**.

Transition Costs

The timing and nature of the termination will determine responsibility for costs associated with the Transition Services, including, but not limited to, all services and any other activities in connection with the transition (“Transition Costs”). **CONTRACTOR** will use industry-accepted reasonable efforts to keep Transition Costs to a minimum, and the following shall apply in determining Transition Costs:

- (e) In the event the Agreement is terminated at any time for default **CONTRACTOR** will not charge any Transition Costs to the **COMMISSION**.
- (f) In the event the **COMMISSION** invokes this Article in connection with a termination of this Agreement for convenience the **COMMISSION** will absorb all actual, documented reasonable Transition Costs.

The provisions of this Article will survive any termination of the Agreement.

Use of Subcontractors

Subcontracting under this Agreement is restricted to only one layer below **CONTRACTOR**.

CONTRACTOR shall prepare and submit on a quarterly basis, or more frequent if required by

COMMISSION, a report listing all Subcontractors under this Agreement. **CONTRACTOR** shall also provide verification that **CONTRACTOR** is current with all payments to its employees. This verification of employee payment requirement also applies to **CONTRACTOR** as it pertains to all of its Subcontractors under this Agreement.

Insurance

The **CONTRACTOR**, prior to execution of this Agreement, shall furnish to the **COMMISSION** the certificates of insurances as required in attached Exhibit X and made a part of this Agreement.

Diverse Business (DB) Requirements

The **CONTRACTOR** agrees to comply with the requirements set forth in the **COMMISSION'S** DB Requirements – Exhibit X, attached and made part of this Agreement. In particular, the **CONTRACTOR** agrees to comply with section (d) Consultant Requirements During Performance of Services.

Assignment and Delegation

The **CONTRACTOR** may not transfer, assign, or delegate any terms of this Agreement, in whole or in part, without prior written permission from the **COMMISSION**.

Governing Law

This Agreement will be interpreted according to the laws of the Commonwealth of Pennsylvania.

Observance of Laws

The **CONTRACTOR** agrees to observe all relevant federal, state, and local laws and to obtain in its name all necessary permits and licenses.

Work for Hire

Except for hardware, third party licensed software, and software previously developed by **CONTRACTOR**, all Deliverables (items prepared and delivered under this Agreement), including but not limited to source code, software, specifications, plans, designs and engineering, drawings, data, information or other written, recorded, photographic, or visual materials, trademarks, service marks, copyrights or other Deliverables produced by **CONTRACTOR** or any supplier in the performance of this Agreement shall be deemed "Work Product". All Work Product shall be considered services for hire. Accordingly, except as set forth earlier in this paragraph, all Work Product shall be the exclusive property of the **COMMISSION**.

The **CONTRACTOR** agrees to notify the **COMMISSION** in writing before using any of **CONTRACTOR'S** previously developed software for services provided under this Agreement.

The **CONTRACTOR** and the **COMMISSION** will honor all applicable preexisting licenses, copyrights, trademarks, service marks, and patents. If as part of an expense item under this

Agreement, the **CONTRACTOR** purchases the right to any license, the agreements for the use or ownership of such license will be placed in the name of the **COMMISSION** along with all other rights and obligations. In addition, the **CONTRACTOR** will mark all Turnpike content or previously unprotected work product designated by the **COMMISSION** with a notice as follows: "Copyright Pennsylvania Turnpike Commission, (Year)".

Inspection and Acceptance

a. Acceptance of Deliverables will occur in accordance with the criteria set forth in the RFP for Mobile Cashless Tolling Service. For the development of software, the configuration of software, or the modification of software is the Deliverable, the Work Breakdown Structure (WBS) must include an Acceptance Test Plan. The Acceptance Test Plan will provide for a Final Acceptance Test, and may provide for Interim Milestone Acceptance Tests. Each Acceptance Test will be designed to demonstrate that the Deliverables conform with the functional specifications for the Deliverables, if any, or the requirements of the RFP for Mobile Cashless Tolling Service. **CONTRACTOR** shall notify the **COMMISSION** when the Deliverables are completed and ready for acceptance testing. The **COMMISSION** will not unreasonably delay commencement of acceptance testing.

(1) For Projects that require software integration at the end of the Project, as set out in the PO, the **COMMISSION'S** acceptance of a Deliverable or milestone shall be final unless at the time of Final Acceptance, the Deliverables do not meet the acceptance criteria set forth in the SOW.

(2) For Projects that do not require software integration at the end of the Project as set out in the PO, the **COMMISSION'S** acceptance of a Deliverable or milestone shall be complete and final.

b. **CONTRACTOR** shall certify, in writing, to the **COMMISSION** when a particular milestone, interim or final, is completed and ready for acceptance (hereinafter Acceptance). Unless otherwise set out in a proposal/SOW or PO, the Acceptance period shall be ten (10) days for interim milestones and thirty (30) days for final milestones. On or before the 10th day for interim milestones or 30th day for the final milestone, following receipt by the **COMMISSION** of **CONTRACTOR'S** certification of completion of a particular milestone, the **COMMISSION** shall, subject to Section 18(a) either: (1) provide the **CONTRACTOR** with its written acceptance of the Deliverables in the completed milestone; or (2) identify to **CONTRACTOR**, in writing, the failure of the Deliverables to comply with the specifications, listing all such errors and omissions with reasonable detail.

c. If the **COMMISSION** fails to notify the **CONTRACTOR** in writing of any failures in the Deliverables within the applicable Acceptance period, the Deliverables shall be deemed accepted.

d. If the Deliverables do not meet an accessibility standard as set out in Section 5(e), the **CONTRACTOR** must provide written justification for its failure to meet the standard. The justification must provide specific details as to why the standard has not been met. The **COMMISSION** may either waive the requirement as not applicable to the **COMMISSION'S** business requirements or require that the **CONTRACTOR** provide an acceptable alternative. Any waiver of the requirement must be in writing.

e. Upon **CONTRACTOR'S** receipt of the **COMMISSION'S** written notice of rejection, which must identify the reasons for the failure of the Deliverables in a completed milestone to comply with the specifications, the **CONTRACTOR** shall have fifteen (15) days, or such other time as the **COMMISSION** and **CONTRACTOR** may agree is reasonable, within which to correct all such failures, and resubmit the corrected Deliverables, certifying to the **COMMISSION**, in writing, that

the failures have been corrected, and that the Deliverables have been brought in compliance with the specifications. Upon receipt of such corrected and resubmitted Deliverables and certification, the **COMMISSION** shall have thirty (30) days to test the corrected Deliverables to confirm that they are in compliance with the specifications. If the corrected Deliverables are in compliance with the specifications, then the **COMMISSION** shall provide the **CONTRACTOR** with its acceptance of the Deliverables in the completed milestone.

f. If, in the opinion of the **COMMISSION**, the corrected Deliverables still contain material failures, the **COMMISSION** shall have the option either to:

- (1) Repeat the procedure set forth above; or
- (2) Proceed with its rights under Termination for Default, page 6 of this Agreement.

Audit/Retention of Records

CONTRACTOR and its subcontractors shall maintain books and records related to performance of this Agreement or subcontract and necessary to support amounts charged to the **COMMISSION** in accordance with applicable law, terms and conditions of this Agreement, and generally accepted accounting practice. **CONTRACTOR** shall maintain these books and records for a minimum of three (3) years after the completion of the Agreement, final payment, or completion of any contract, audit or litigation, whichever is later. All books and records shall be available for review or audit by the **COMMISSION**, its representatives, and other governmental entities with monitoring authority upon reasonable notice and during normal business hours. **CONTRACTOR** agrees to cooperate fully with any such review or audit. If any audit indicates overpayment to **CONTRACTOR**, or subcontractor, the **COMMISSION** shall adjust future or final payments otherwise due. If no payments are due and owing to **CONTRACTOR**, or if the overpayment exceeds the amount otherwise due, **CONTRACTOR** shall immediately refund all amounts which may be due to the **COMMISSION**. Failure to maintain the books and records required by this Section shall establish a presumption in favor of the **COMMISSION** for the recovery of any funds paid by the **COMMISSION** under this Agreement for which adequate books and records are not available to support the purported disbursement.

Dispute Resolution

All questions or disputes regarding any matter involving this Agreement or its breach shall be referred to the Board of Claims of the Commonwealth of Pennsylvania pursuant to 62 Pa.C.S.A. § 1701 *et seq.* If the Board of Claims either refuses or lacks jurisdiction, these questions or disputes shall proceed as provided in 42 Pa.C.S.A. § 7301 *et seq.* (Statutory Arbitration).

The panel of arbitrators will consist of a representative of each of the parties and a third party chosen by the representatives, or if the representatives are unable to choose, by the American Arbitration Association.

Indemnification

The **CONTRACTOR** shall be responsible for, and shall indemnify, defend, and hold harmless the **COMMISSION** and its Commissioners, officers, employees, and agents (the "Indemnified Parties")

from all claims, liabilities, damages, and costs including reasonable attorneys' fees, for bodily injury (including death) and damage to real or tangible personal property arising from or related to the negligence or other tortious acts, errors, and omissions of **CONTRACTOR**, its employees, or its subcontractors while engaged in performing the work of this Agreement or while present on the **COMMISSION's** premises, and for breach of this Agreement regarding the use or nondisclosure of proprietary and confidential information where it is determined that **CONTRACTOR** is responsible for any use of such information not permitted by this Agreement. This indemnification obligation shall not be reduced in any way by any limitation on the amount or type of damages, compensation, or benefits payable by **CONTRACTOR** or its subcontractors under any employee benefit act including but not limited to Workers' Compensation Acts, Disability Benefits Acts, or other Employee Benefit Act.

Contractor Integrity Provisions

The Contractor Integrity Provisions are attached as **[Exhibit X]** and made a part of this Agreement.

Confidentiality Provisions

1. As a consequence of the performance of its duties with the **COMMISSION**, **CONTRACTOR** may learn, be given, or become aware of certain information, including, but not limited to, matters pertaining to internal communications, information, proprietary information, individually identifiable health information, trade practices, business operations, or other sensitive information collectively known as Confidential Information. Regardless of how transmitted or received by **CONTRACTOR**, whether by receipt, sending, or merely becoming available to **CONTRACTOR** through its relationship to the **COMMISSION**, **CONTRACTOR** agrees to maintain and treat as proprietary and confidential to the **COMMISSION** all such Commission Confidential Information, and shall not discuss, reveal, or use for any purpose outside the performance of its contract with the **COMMISSION** such Commission Confidential Information. Confidential Information shall not include any information that (i) is or becomes available to the public other than as a consequence of a breach by any individual, a partnership, a corporation, an association, a limited liability company, a joint stock company, a trust, a joint venture, an unincorporated organization (each a "Person") of any fiduciary duty or obligation of confidentiality, including, without limitation, catalogues, publications, product descriptions and sales literature that the **COMMISSION** has distributed to the public generally; or (ii) information which at the time of disclosure to the **CONTRACTOR** is in the public domain; or (iii) is disclosed as required by a final, unappealable court order and no suitable protective order, or equivalent remedy, is available, or (iv) the **CONTRACTOR** was aware of prior to its disclosure to the **CONTRACTOR** by the **COMMISSION** from a source not bound by a confidential obligation and the **CONTRACTOR** provides the **COMMISSION** written notice of such fact prior to the execution of this Agreement or promptly upon the **CONTRACTOR's** learning that the information was Confidential Information; or (v) information which the **CONTRACTOR** can demonstrate with competent written evidence was independently developed by or for the **CONTRACTOR** without use of or reliance on the Confidential Information.

2. With respect to its employees, **CONTRACTOR** agrees to:

- a) require all of its employees to maintain such confidentiality;

- b) take appropriate action against its employees, officers, and subcontractors for any and all violations of this Agreement.
3. With respect to any subcontractors that **CONTRACTOR** wishes to employ to perform any of its obligations under any agreement with the **COMMISSION**, **CONTRACTOR** agrees to require any such approved subcontractor to execute written confidentiality agreements that require each such **CONTRACTOR** and its employees to comply with all the requirements set forth above.
4. **CONTRACTOR** agrees that any breach of these Confidentiality Provisions may result in civil and/or criminal penalties, for **CONTRACTOR**, its officers and employees, and subcontractors.
5. Notwithstanding any other provision to the contrary, **CONTRACTOR** agrees that these provisions shall survive the termination of this and any and all agreements between the **CONTRACTOR** and the **COMMISSION**.
6. **CONTRACTOR** agrees to treat the information in the same way **CONTRACTOR** treats its own most confidential information and to inform each such person of these provisions.
7. **CONTRACTOR** agrees to immediately notify the **COMMISSION** of any information which comes to its attention which does or might indicate that there has been any loss of confidentiality or information.
8. **CONTRACTOR** shall return to the **COMMISSION** upon demand any and all Confidential Information entrusted to it by the **COMMISSION** pursuant to this Agreement (including any and all copies, abstracts, compilations or analyses thereof and memoranda related thereto or incorporating the Confidential Information) or the **CONTRACTOR** may request permission from the **COMMISSION**, which permission may be granted or denied in the **COMMISSION**'s sole discretion, to destroy all such Confidential Information and provide a certificate of destruction to the **COMMISSION** signed by the **CONTRACTOR**. The **CONTRACTOR** further agrees that neither itself nor its employees or representatives will copy, in whole or in part, any such Confidential Information without the prior written consent of the **COMMISSION**.
9. **CONTRACTOR** agrees that if they have had or will have an SSAE16 audit that they will comply with and abide by the findings of such audit to protect **COMMISSION** information.

Entire Agreement

This Agreement, together with any writings either attached as exhibits or incorporated by reference, constitutes the entire understanding between the parties and there are no other oral or extrinsic understandings of any kind between the parties.

Modification

This Agreement may be modified only by a writing signed by both parties.

CONTRACTOR INTEGRITY PROVISIONS

It is essential that those who seek to contract with the Pennsylvania Turnpike Commission (“Commission”) observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the Commission contracting and procurement process.

I. DEFINITIONS. For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this Section:

- a.** “**Affiliate**” means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or (c) the entities have a common proprietor or general partner.
- b.** “**Consent**” means written permission signed by a duly authorized officer or employee of the Commission, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the Commission shall be deemed to have consented by virtue of the execution of this contract.
- c.** “**Contractor**” means the individual or entity, that has entered into this contract with the Commission, and “**Contractor Related Parties**” means any affiliates of the Contractor and the Contractor’s executive officers, Pennsylvania officers and directors, or owners of 5% or more interest in the Contractor
- d.** “**Financial Interest**” means either:
 - i.** Ownership of more than a five percent interest in any business; or
 - ii.** Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.
- e.** “**Gratuity**” means tendering, giving, or providing anything of monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. See Commission Policy 3.10, Code of Conduct.
- f.** “**Non-bid Basis**” means a contract awarded or executed by the Commission with Contractor without seeking bids or proposals from any other potential bidder or offeror.

II. In furtherance of this policy, Contractor agrees to the following:

- 1.** Contractor shall maintain the highest standards of honesty and integrity during the performance of this contract and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern contracting or procurement with the Commission.

2. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to Contractor activity with the Commission and Commission employees and which is made known to all Contractor employees. Posting these Contractor Integrity Provisions conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.
3. Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of the Public Official and Employees Ethics Act, 65 Pa.C.S. §§1101 et seq.; the State Adverse Interest Act, 71 P.S. §776.1 et seq.; Commission Policy 3.10, Code of Conduct or in violation of any other federal or state law in connection with performance of work under this contract, except as provided in this contract.
4. Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this contract, unless the financial interest is disclosed to the Commission in writing and the Commission consents to Contractor's financial interest prior to Commission execution of the contract. Contractor shall disclose the financial interest to the Commission at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than Contractor's submission of the contract signed by Contractor.
5. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Entities have not:
 - a. been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;
 - b. been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;
 - c. had any business license or professional license suspended or revoked;
 - d. had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and
 - e. been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Commission will determine whether a contract may be entered into with the Contractor. The Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to immediately notify the Commission in writing if at

any time during the term of the contract if becomes aware of any event which would cause the Contractor's certification or explanation to change. Contractor acknowledges that the Commission may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.

6. Contractor shall comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S. §13A01 et seq.) regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the Section 1641 of the Pennsylvania Election Code (25 P.S. §3260a).
7. When Contractor has reason to believe that any breach of ethical standards as set forth in law, Commission Policy 3.10, Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a Commission officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the Commission contracting officer or the Chief Compliance Officer in writing.
8. Contractor, by submission of its bid or proposal and/or execution of this contract and by the submission of any bills, invoices or requests for payment pursuant to the contract, certifies and represents that it has not violated any of these Contractor Integrity Provisions in connection with the submission of the bid or proposal, during any contract negotiations or during the term of the contract, to include any extensions thereof. Contractor shall immediately notify the Commission in writing of any actions for occurrences that would result in a violation of these Contractor Integrity Provisions. Contractor agrees to reimburse the Commission for the reasonable costs of investigation incurred by the Chief Compliance Officer for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the Commission that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.
9. Contractor shall cooperate with the Chief Compliance Officer in investigating any alleged Commission agency or employee breach of ethical standards and any alleged Contractor non-compliance with these Contractor Integrity Provisions. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor, upon the inquiry or request of the Chief Compliance Officer, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Chief Compliance Officer to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refer to or concern this contract. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into in the course of the performance of this contract/agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between the Commission and any such subcontractor, and no third party beneficiaries shall be created thereby.

- 10.** For violation of any of these Contractor Integrity Provisions, the Commission may terminate this and any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commission may have under law, statute, regulation, or otherwise.

Signature
Signature of an official authorized to bind the Proposer to the provisions contained in the Proposer's proposal: _____
Print Name
Title

An official authorized to bind the Proposer to its provisions must sign the proposal. If the official signs this Proposal Cover Sheet and the Proposal Cover Sheet is attached to the proposal, the requirement will be met.

APPENDIX D
Pennsylvania Turnpike Commission
DIVERSE BUSINESS (DB) REQUIREMENTS

RFP 17-10340-7782

Diverse Business Participation. The Commission is committed to Diverse Business (DB) participation on competitive contracting opportunities. Firms or entities that have not previously performed work or provided services to the Commission are encouraged to respond to the solicitations. RFPs may include DB participation as part of the criteria for the evaluation of proposals, and the Commission may consider DB participation as a selection factor.

Minimum Participation Level (MPL). The minimum participation level (MPL) for the inclusion of DBs will be established in the RFP/advertisement as a percentage.

(a) General Requirements. Section 303 of Title 74 of the Pennsylvania Consolidated Statutes, 74 Pa.C.S. § 303, requires proposer on contracts funded pursuant to the provisions of Title 74 (Transportation) and 75 (Vehicle Code) administered and issued by the Commission to make Good Faith Efforts to solicit subconsultants that are Diverse Businesses (DBs) as defined in Section 303. The DB requirements of Section 303 apply to this contract.

Section 303 requires proposers to make Good Faith Efforts, as described below, to solicit subconsultants that are DBs during the proposal process to maximize participation of DBs in competitive contracting opportunities.

The Commission is committed to participation by DBs and will enforce the requirements of Section 303 and this section. Failure to make Good Faith Efforts and demonstrate such Good Faith Efforts in the solicitation of subconsultants may result in the proposer being declared ineligible for the contract.

Proposers shall document and submit to the Commission all Good Faith Efforts, as described in this section, to solicit subconsultants that are DBs during the solicitation process.

Proposers are encouraged to utilize and give consideration to consultants offering to utilize DBs in the selection and award of contracts.

Proposers shall not discriminate on the basis of gender, race, creed or color in the award and performance of contracts in accordance with 62 Pa.C.S. §3701.

Failure to comply with the requirements of Section 303 or this specification may result in the imposition of sanctions as appropriate under section 531 of the Procurement Code, 62 Pa.C.S. § 531 relating to debarment and suspension.

The Commission's Director of the Office of Diversity and Inclusion, or designee, is designated the Responsible Official who shall supervise the DB program and ensure that the Commission complies with the DB program.

(b) Definitions. The following definitions apply to terms used in this specification:

1. Disadvantaged Business – A business that is owned or controlled by a majority of persons, not limited to members of minority groups, who are subject to racial, social, ethnic prejudice or cultural bias.

2. Diverse Business – A disadvantaged business, minority-owned or women-owned business or service-disabled veteran-owned or veteran-owned small business that has been certified by a third-party certifying organization.

3. Minority-owned Business – A business owned and controlled by a majority of individuals who are African Americans, Hispanic Americans, Native Americans, Asian Americans, Alaskans or Pacific Islanders.

4. Professional Services – An industry of infrequent, technical or unique functions performed by independent contractors or consultants whose occupation is the rendering of the services, including: (1) design professional services as defined in 62 Pa.C.S. § 901 (relating to definitions); (2) legal services; (3) advertising or public relations services; (4) accounting, auditing or actuarial services; (5) security consultant services; (6) computer and information technology services; and (7) insurance underwriting services.

5. Pro Forma Effort-The act of completing a form or document identifying efforts to solicit DBs for a project in order to satisfy criteria with little or no expectation that the DBs contacted or identified will perform any of the work.

6. Service-Disabled Veteran-Owned Small Business – A business in the United States which is independently owned and controlled by a service-disabled veteran(s), not dominant in its field of operation, and employs 100 or fewer employees.

7. Subconsultant- Any individual, partnership, firm, or corporation entering into a contract with the prime consultant for work under the contract, including those providing professional and other services.

8. Third-party Certifying Organization – An organization that certifies a small business, minority-owned business, women-owned business or veteran-owned small business as a diverse business. The term includes: (1) the National Minority Supplier Development Council; (2) the Women’s Business Development Enterprise National Council; (3) the Small Business Administration; (4) The Department of Veteran Affairs; (5) the Pennsylvania Unified Certification Program.

9. Veteran-owned Small Business –A small business owned and controlled by a veteran or veterans.

10. Women-Owned Business – A business owned and controlled by a majority of individuals who are women.

(c) Actions Required by Proposer during the procurement/consultant selection phase

1. Submission Requirements – Consultant Responsiveness.

- a. **Minimum Participation Level (MPL) Documentation** - If the documentation submitted with the proposal demonstrates that the proposer has identified DBs sufficient to meet the MPL established for this contract, the proposer will be deemed to have satisfied the DB requirement during this phase. The proposer is required to provide the business name and business address of each DB and supporting documentation that includes proof of certification.

If the consultant’s proposal demonstrates the consultant’s inability to meet the MPL established for this contract, the proposer shall demonstrate Good Faith Efforts with its proposal. Failure to submit the required documentation demonstrating Good Faith Efforts as further described below with the proposal may result in a rejection of the proposal.

- b. If no MPL has been established for this contract, the proposer is required to either provide a statement of intent that it will self-perform 100% of the work for the agreement, or demonstrate Good Faith Efforts to solicit subconsultants that are DBs. In either case documentation shall be provided with the proposal.

Failure to submit the required information identified above with the proposal may result in a rejection of the proposal.

2. Good Faith Effort Requirements: The documentation of Good Faith Efforts must include the business name and business address of each DB considered. Supporting documentation must also include proof of certification and any explanation of Good Faith Efforts the proposer would like the Commission to consider. Any services to be performed by a DB are required to be readily identifiable to the agreement. Good Faith efforts are demonstrated by seeking out DB participation in the project given all relevant circumstances. The Commission requires the proposer to demonstrate more than Pro Forma Efforts. Evidence of Good Faith Efforts includes, but is not limited to:

- a. Consultant solicits through all reasonable and available means the interest of all certified DBs with the capacity to perform the scope of work set forth in the agreement.
- b. The proposer must provide written notification at least 5 business days before proposals are due to allow the DBs to respond to the solicitation.
- c. The proposer must determine with certainty if DBs are interested by taking appropriate steps to follow up initial solicitations.
- d. The proposer must make efforts to select portions of the work to be performed by DBs to include, where appropriate, breaking out contract work into economically feasible units to facilitate DB participation;
- e. It is the proposer's responsibility to make a portion of the work available to DBs and, to select those portions of the work, so as to facilitate DB participation.
- f. The proposer shall provide evidence of such negotiations that include the names, addresses, and telephone numbers of DBs considered; A description of the information provided regarding the required work and services for the work selected for subconsultants; and evidence as to why additional agreements could not be reached for DBs to perform the work.
- g. Proposers cannot reject or withhold solicitation of DBs as being unqualified without sound reasons based on a thorough investigation of their capabilities.
- h. The DB's standing within its industry, membership in specific groups, organizations or associations and political or social affiliations (for example union v. non-union employee status) are not legitimate causes for the rejection or non-solicitation of proposals in the proposer's efforts to meet the Good Faith Efforts requirement.
- i. Efforts to assist interested DBs in obtaining bonding, lines of credit or insurance.

3. Actions Taken by the Commission. As part of the proposal review process, the Commission will review the submissions to determine whether the proposer has complied with Section 303 and this requirement in the selection of DB subconsultants. The Commission will determine whether the proposer has either met the MPL or provided acceptable documentation as noted above. The Commission reserves the right to contact proposers for clarification during the review and negotiation process.

If the Commission determines that the proposer has failed to either meet the MPL or provide acceptable documentation as noted above, the proposal may be rejected.

(d) Consultant Requirements During Performance of Services.

1. Replacement of a DB Subconsultant. Consultant must continue good faith efforts through completion of the contract. The obligation to make Good Faith Efforts to solicit subconsultants for any type of service extends to additional work required for any service which is identified to be performed by a DB. If at any time during the performance of the work, it becomes necessary to replace or add a subconsultant that is a DB, the consultant, as appropriate, shall immediately notify the Commission and seek approval in

writing in accordance with the Agreement of the need to replace the DB, which notice shall include the reasons for the replacement. If a prime consultant who originally indicated that it would self-perform all work subsequently decides to use a subconsultant for any work under the contract, the consultant must submit documentation of all Good Faith Efforts as to the work for which a subconsultant is obtained.

2. Records. Maintain project records as are necessary to evaluate DB compliance and as necessary to perform the reporting function addressed below. Maintain all records for a period of 3 years following acceptance of final payment. Make these records available for inspection by the Commission, its designees or agents. These records should indicate:

2.a. The number of DB and non-DB subconsultants and the type of services performed on or incorporated in this project.

2.b. The progress and efforts made in seeking out DB subconsultant organizations and individual DB consultants for work on this project to increase the amount of DB participation and/or to maintain the commitments made at the time of the proposal to DBs.

2.c. Documentation of all correspondence, contacts, telephone calls, and other contacts made to obtain the service of DBs on this project.

3. Reports. Maintain monthly reports and submit reports as required by the Commission concerning those contracts and other business executed with DBs with respect to the records referred to in subsection (e)2. above in such form and manner as prescribed by the Commission. At a minimum, the Reports shall contain the following:

3.a The number of Contracts with DBs noting the type of services provided, including the execution date of each contract.

3.b The amounts paid to each DB during the month, the dates of payment, and the overall amounts paid to date. If no payments are made to a DB during the month, enter a zero (\$0) payment.

3.c Upon request and upon completion of individual DB firm's work, submit paid invoices or a certification attesting to the actual amount paid. In the event the actual amount paid is less than the award amount, a complete explanation of difference is required.

4. Subconsultant Contracts

4.a. Subcontracts with DB firms will not contain provisions waiving legal rights or remedies provided by laws or regulations of the Federal Government or the Commonwealth of Pennsylvania or the Commission through contract provisions or regulations.

4.b. Prime consultant will not impose provisions on DB subconsultants that are more onerous or restrictive than the terms of the prime's contract with non-DBs.

4.c. Executed copies of subcontracts/purchase orders are to be received by the Commission before the commencement of work by the DB.

5. Payments to DB Subconsultants. Payments to DBs are to be made in accordance with the prompt payment requirements of Chapter 39, Subchapter D of the Procurement Code, 62 Pa.C.S. §3931 et seq. Performance of services by a DB subconsultant in accordance with the terms of the contract entitles the subconsultant to payment.

(e) Actions to be Taken by Commission After Performance of Services. Following completion of the Consultant's services, the Director of the Commission's Office of Diversity and Inclusion or his/her designee will review the overall DB participation to assess the Consultant's compliance with Section 303 and this contract. Appropriate sanctions may be imposed under 62 Pa.C.S. § 531 (relating to debarment or suspension) for a Consultant's failure to comply with Section 303 and the requirements of the contract.

The Pennsylvania Turnpike Commission

Before starting any work and until completion and final payment is made for the work, or final acceptance of the work, the Contractor will provide and maintain the following minimum levels of insurance at Contractor's own expense. The cost of the required insurance shall be included in the Contractor's cost proposal and no adjustment shall be made to the contract price on account of such costs. Contractor shall furnish Certificates of Insurance showing the effective date of coverage as outlined below. No work may be performed until the required evidence of Insurance is provided in accordance with the terms of the contract. Contractor shall be responsible for ensuring that all Subcontractors hired by the Contractor are properly insured. Contractor shall not permit any such Subcontractors to start work until such evidence has been provided to the Contractor.

- a) All insurance shall be procured from insurers permitted to do business in the State in which the project is taking place and having an A.M. Best Rating of at least "A-, Class VIII".
- b) Contractor shall not have a Self Insured Retention (SIR) on any policy greater than \$50,000, which is the responsibility of the Contractor. If Contractor's policy(ies) has a Self Insured Retention exceeding this amount, approval must be received from the Commission prior to starting work. In the event any policy includes an SIR, the Contractor is responsible for payment within the SIR of their policy(ies) and the Additional Insured requirements specified herein shall be offered within the SIR amount(s).
- c) All insurance required herein, except for Professional Liability Insurance, shall be written on an "occurrence" basis.
- d) The Contractor's insurance carrier(s) shall agree to provide at least thirty (30) days prior written notice to the Commission in the event coverage is canceled or non-renewed, unless cancellation is for non-payment of premium. In the event of cancellation or non-renewal of coverage(s) for any reason, it is the Contractor's responsibility to replace coverage to comply with the Contract requirements so there is no lapse of coverage for any time period.

If the insurance carriers will not issue or endorse their policy(s) to comply with the above it is the responsibility of the Contractor to report any notice of cancellation or non-renewal at least thirty (30) days prior to the effective date of this notice.

- e) Contractor shall provide the Commission with Certificates of Insurance, showing the insurance coverages listed below, ten days prior to the start of work of this Project and thereafter upon renewal or replacement of each coverage. The Contractor shall not begin any work until the Commission has reviewed and approved the Certificate of Insurance.

Failure of the Commission to demand such certificate or other evidence of full compliance with these insurance requirements or failure of the Commission to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

The Pennsylvania Turnpike Commission

Upon completion of the contract, an additional certificate(s) of insurance evidencing coverage shall be provided to the Commission with final application for payment.

- f) The Commission, and its Commissioners, officers, employees and agents shall be added as ADDITIONAL INSUREDS on all required liability policies (except Workers' Compensation and Professional Liability) for ongoing operations and completed operations on a primary noncontributory basis.

The Commission reserves the right to require Contractor to name other parties as additional insureds as required by the Commission.

- g) Waiver of Rights of Subrogation: Contractor shall waive all rights of recovery against the Commission and all the additional insureds for loss or damage covered by any of the required insurance (except Professional Liability).
- h) The amount of insurance in the required coverages shall not be construed to be a limitation of the liability on the part of the Contractor.
- i) The carrying of insurance described below shall in no way be interpreted as relieving the Contractor of any responsibility or liability under the contract.
- j) Any type of insurance or any increase in limits of liability not required by the Commission but which the Contractor requires for its own protection or on account of statute shall be its own responsibility and at its own expense.
- k) Contractor shall promptly notify the Commission and the appropriate insurance company(ies) in writing of any accident(s) as well as any claim, suit or process received by the insured Contractor arising in the course of operations under the contract. The Contractor shall forward such documents received to its insurance company(ies), as soon as practicable, or as required by its insurance policy(ies).

REQUIRED COVERAGES - the following may be provided through a combination of primary and excess policies in order to meet the minimum limits set forth below:

1. **Workers' Compensation and Employer's Liability:**

Provided in the State in which the work is to be performed and elsewhere as may be required and shall include:

- a) Workers' Compensation Coverage: Statutory Requirements
- b) Employers Liability Limits not less than:
 - Bodily Injury by Accident: \$500,000 Each Accident
 - Bodily Injury by Disease: \$500,000 Each Employee
 - Bodily Injury by Disease: \$500,000 Policy Limit
- c) Includes sole proprietorships and officers of corporation who will be performing the work.

The Pennsylvania Turnpike Commission

2. **Commercial General Liability:**

Provided on standard ISO forms or an equivalent form including Premises - Operations, Independent Contractors, Products/Completed Operations, Broad Form Property Damage, Contractual Liability, and Personal Injury and Advertising Injury.

- a) Occurrence Form with the following limits:
 - (1) General Aggregate: \$2,000,000
 - (2) Products/Completed Operations Aggregate: \$2,000,000
 - (3) Each Occurrence: \$1,000,000
 - (4) Personal and Advertising Injury: \$1,000,000

3. **Automobile Liability:**

- a) Coverage to include All Owned, Hired and Non-Owned Vehicles (or "Any Auto"). If Contractor does not have any Owned Vehicles, Contractor is still required to maintain coverage for Hired and Non-Owned Vehicles as either a stand-alone policy or endorsed onto the Commercial General Liability policy above
- b) Per Accident Combined Single Limit \$1,000,000

4. **Commercial Umbrella Liability:**

- a) Policy(ies) to apply on a Following Form Basis of the following:
 - (1) Commercial General Liability,
 - (2) Automobile Liability, and
 - (3) Employers Liability Coverage.
- b) Minimum Limits of Liability
 - Occurrence Limit: \$4,000,000
 - Aggregate Limit (where applicable): \$4,000,000

5. **Professional Liability:**

- a) The definition of "Covered Services" shall include the services required in the scope of this contract.
- b) Minimum Limits of Liability:
 - Per Claim: \$2,000,000
 - Aggregate: \$2,000,000
- c) If the policy is issued on a claims-made form, the following requirements will apply:
 - 1. The retroactive date must be on or before the start of work under this contract;
 - 2. The Contractor must purchase "tail coverage/an extended reporting period" or maintain coverage for a period of three (3) years after the completion of their work/final payment.

6. **Network Security and Privacy Liability:**

- a) Contractor shall maintain the following coverage including but not limited to:
 - (1) Network Security Liability for third party liability arising out of hacking, network system intrusions, unauthorized access/use to data or systems,

The Pennsylvania Turnpike Commission

distribution of malicious code, denial of service and cyber extortion.
(2) Privacy Liability for third party liability arising out of breach of privacy, inclusive of confidential and proprietary business information, HIPAA violations and other breaches of personally identifiable information and /or protected health information that may arise from their work with this contract.

b) Minimum Limits of Liability (including Payment Card Information (PCI) Loss):

Per Claim: \$2,000,000

Aggregate: \$2,000,000

c) Privacy Breach notification and Credit Monitoring: \$1,000,000 Per Occurrence

7. **Crime Insurance (if applicable):**

a) Include the Employee Theft and Theft, Disappearance and Destruction coverage parts. The Employee Theft Coverage part shall include the Clients' Property Endorsement (ISO Form CR 04 01, or its equivalent).

b) Minimum Limits of Liability: Per Occurrence: \$1,000,000

8. **Property Coverage/Installation Floater (if applicable):**

a) Contractor shall provide coverage for damage to their work, materials to be part of the project (on-site and off-site), damage to property in the course of installation and while in transit to the installation site.

b) Coverage shall be equal to the full replacement cost of the equipment or materials being installed. Coverage shall also be provided for any ensuing loss of Business or Rental Income.

Appendix F - Cost Breakdown

INSTRUCTIONS FOR USING THIS COST BREAKDOWN SPREADSHEET

1. Insert your firm's name at the top of the MCT Rates and Additional Costs tabs.
2. Using your pricing model that affords the best toll rates to customers, fill in the toll schedule in the MCT Rates tab.
3. IF you propose charging the PTC for services beyond the revenue you will derive from tolls, please indicate the deliverables and pricing of them in the Additional Costs tab. NOTE: PTC prefers no additional costs.
4. Additional lines may be added to the Additional Costs tab.
5. No changes may be made to the structure of the MCT Rates tab.
6. The Cash Rates tab is for your information only.

Appendix G: Use Cases

Mobile Cashless Tolling, RFP 17-10340-7782

Introduction

The Pennsylvania Turnpike Commission (PTC) intends to implement Mobile Cashless Tolling (MCT) on its toll roads and other toll facilities. In issuing a request for proposals (RFP) for the MCT service, the PTC desires to minimize impact on its own systems and to leverage as much existing functionality as possible from existing, commercially available technology. Based on current industry trends, the PTC anticipates the service will include use of an application (app) executing on a smartphone or other mobile device; bidders are welcome to present alternate mobile solutions.

This appendix presents Use Cases that document potential interaction between an end-user; travel on one or more toll roads; and the MCT service. The “user stories” focus primarily on the individual(s) who obtain the app and their subsequent driving experience. The “business stories” describe business or technical interaction between the PTC and the MCT vendor.

The Use Cases are hypothetical scenarios. For any scenario, the MCT solution in reality may perform a similar-but-not-identical function; may provide a totally different means to address the underlying business requirement; or may not provide the functionality at all. Moreover, the vendor’s solution may provide significant additional functionality above and beyond these scenarios. The PTC will consider these to be value-add features.

User Stories

The PTC anticipates bidders will be able to demonstrate a real or simulated version of these User Stories, based on the functional capabilities of the MCT app.

Basic Driving Scenarios

These are basic driving scenarios, presented in increasingly complex scenarios.

Name:	<i>1. Single user, one vehicle, one-site toll</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am an individual owner/operator of a passenger vehicle. I own a smartphone or otherwise have internet connectivity while driving. My vehicle does not have an E-ZPass transponder. I have registered/subscribed to the MCT service and enrolled my vehicle.
Scenario	I am driving this vehicle on a toll-free roadway. Driving my vehicle, I drove through a tolling point on the PTC. It was an open lane with no toll booth.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>2. Single user, one vehicle, point-to-point toll</i> <i>(Identical to previous scenario, but travel involves a variable toll.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am an individual owner/operator of a passenger vehicle. I own a smartphone or otherwise have internet connectivity while driving. My vehicle does not have an E-ZPass transponder. I have registered/subscribed to the MCT service and enrolled my vehicle.
Scenario	Driving my vehicle, I enter the turnpike through an open lane (no tollbooth) and begin my trip. I exit the turnpike sometime later, again through an open lane (no tollbooth). The MCT app is aware of my entry/exit.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip

Name:	<i>3. Family user, multiple vehicles, no E-ZPass</i> <i>(Similar to previous scenario, but subscriber owns multiple vehicles.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Multiple passenger vehicles
Preconditions	I am an owner/operator of several passenger vehicles used by myself and my family. I own a smartphone or otherwise have internet connectivity while driving. None of my vehicles have an E-ZPass transponder. I have registered/subscribed to the vendor's service and enrolled all vehicles.
Scenario	I am driving one of these vehicles. I enter the turnpike through an open lane (no tollbooth) and begin my trip. I exit the turnpike sometime later, again through an open lane (no tollbooth). The MCT app is aware of my entry/exit.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	4. Family user, blended E-ZPass/MCT <i>(Similar to previous scenario, but one of the vehicles has an E-ZPass transponder.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Multiple passenger vehicles E-ZPass transponder
Preconditions	I am an owner/operator of several passenger vehicles used by myself and my family. I own a smartphone or otherwise have internet connectivity while driving. One of my vehicles has an E-ZPass transponder. I have registered/subscribed to the vendor's service and enrolled all vehicles. Please note: Current PTC policy prohibits owners from registering the same vehicle on two different E-ZPass accounts. Policy on coexistence with the MCT (if allowed) will need to be developed.
Scenario	I am driving the vehicle with the E-ZPass transponder. I enter the turnpike through an open lane (no tollbooth) and begin my trip. I exit the turnpike sometime later, again through an open lane (no tollbooth). The MCT app is aware of my entry/exit.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Transfer funds to the PTC to cover the trip <i>(The remainder of this scenario is inferred as follows)</i> PTC back office reconciliation will identify the payment as duplicate. PTC debits vendor account accordingly. The MCT vendor debits the account of its subscriber. Vendors should also anticipate family scenarios with simultaneous travel (multiple parties, multiple vehicles traveling). Each trip is a separate transaction.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	5. Family user (son/daughter) <i>(Similar to previous scenario, with three drivers and two vehicles; no E-ZPass.)</i>
Primary Actor(s)	Individual owner/operator Two other members of family (wife/daughter)
Secondary Actors(s)	Multiple mobile devices/apps Two passenger vehicles
Preconditions	I am an owner/operator of two passenger vehicles used by myself and my family. My wife, my daughter, and I all own smartphones or otherwise have internet connectivity while driving. My daughter doesn't own a car, but she drives either mine or my wife's, on occasion.
Scenario	When she drives either vehicle on the Turnpike, she uses her smartphone and the MCT app to pay tolls. When I'm driving and she's a passenger, we use one or the other smartphone to pay tolls, but not both. The MCT app is aware of entry/exit of each trip.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip

Name:	6. Registered user, rental car <i>(Temporary vehicle rental)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle, rental
Preconditions	I have an account with the MCT vendor. I carry my smartphone with me when I travel.
Scenario	I fly to a city in Pennsylvania and rent a car for local travel. From the rental car lot, I register my rental vehicle with my MCT account. I drive this rental car on the Turnpike. I use my smartphone and the MCT app to pay associated tolls. The MCT app is aware of entry/exit of each trip.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip <p>Note: Vendors should be prepared to discuss mechanics of rentals and temporary registration. From a business perspective, the enrollment is only valid for the life of the rental.</p>

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>7. Carpool (1) - temporary registration</i>
Primary Actor(s)	Individual owner/operator Other members of family (daughter)
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am an individual owner/operator of a passenger vehicle. My daughter has a smartphone with the MCT app on it. She is registered on my account (and drives my car on occasion).
Scenario	She carpools home for Christmas in someone else's passenger vehicle. She uses the MCT app to pay the driver's toll. She does this by registering her friend's car on my account. The MCT vendor registers this temporary vehicle with the PTC to enable travel. She then uses the smartphone to pay the toll, while riding in her friend's vehicle. The MCT app is aware of entry/exit of each trip.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip

Name:	<i>8. Carpool (2) - multiple accounts, one vehicle</i>
Primary Actor(s)	Individual owner/operator Other individuals, each with separate accounts
Secondary Actors(s)	Multiple mobile devices/apps Passenger vehicle
Preconditions	I own a passenger vehicle. I have registered it with my MCT vendor. I transport members of my carpool to work every day, via the turnpike. We always travel in my vehicle. Each member of my carpool has a separate MCT account. Each rider has registered my car on his/her MCT account. Note: Current PTC policy prohibits owners from registering the same vehicle on two different E-ZPass accounts.
Scenario	Different members of the carpool pay our toll on a weekly basis, using their individual smartphone. The MCT app is aware of entry/exit of each trip.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Identify the correct account from which to transfer funds • Debit or otherwise charge the designated subscriber for the trip • Transfer funds to the PTC to cover the trip

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	9. Passenger Vehicles with Trailer <i>(The PTC is interested in functionality available for surcharges or other extended tolls that might apply to passenger vehicles.) PTC toll due is based on weight and total axles of vehicle and trailer.</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle Trailer with license plate
Preconditions	I own a passenger vehicle. I have registered it with my MCT vendor. I also own a trailer, with a separate license plate. I have recorded this trailer information on my MCT account.
Scenario	I hitch the trailer to the back of the vehicle. I travel on the turnpike in this vehicle, towing the trailer.
Post Conditions	The MCT vendor calculates my tolls according to PTC business rules. The MCT vendor pays for these trips on my behalf.

Name:	10. Non-Passenger Vehicles <i>(The PTC is interested in evaluating MCT capabilities for tolling based on axle count and/or weight.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Non-passenger vehicle
Preconditions	I own a 10,000-pound three-axle truck, which I have registered with my MCT vendor. I own a mobile device and have loaded it with the MCT app.
Scenario	I travel on the turnpike in this vehicle. The MCT app is aware of my entry/exit.
Post Conditions	The MCT vendor calculates my tolls according to PTC business rules. The MCT vendor pays for these trips on my behalf.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>11. All Vehicles</i> <i>(The PTC is interested in evaluating MCT capabilities for tolling based on axle count and/or weight.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Any vehicle combination
Preconditions	I own a vehicle, which I have registered with my MCT vendor. I own a mobile device and have loaded it with the MCT app.
Scenario	I travel on the turnpike in this vehicle. The MCT app is aware of my entry/exit. The MCT app calculates a toll that is different than the calculated toll from PTC
Post Conditions	The MCT vendor will establish the necessary audit and report controls to determine the correct toll according to PTC business rules. Provide transactional information to the PTC related to the trip Transfer funds to the PTC to cover the trip

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>12. Passenger Vehicle, Error in Enrollment</i> <i>(The PTC is interested in the reconciliation process for error conditions.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I have an MCT account and the app is loaded on my smartphone. I have registered/subscribed to the MCT service and “enrolled” my vehicle. In enrolling, I miskeyed the license plate.
Scenario	I am driving this vehicle. I enter the turnpike through an open lane (no tollbooth) and begin my trip. I exit the turnpike sometime later, again through an open lane (no tollbooth). The MCT app is aware of my entry/exit.
Post Conditions	At some point subsequent to the trip, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip • Debit or otherwise charge its subscriber for the trip • Transfer funds to the PTC to cover the trip <i>(The remainder of this scenario is inferred as follows)</i> PTC back office reconciliation will flag the transaction as invalid (no match on vehicle). PTC back office will process the transaction based on current business rules. The MCT vendor prompts the subscriber to update enrollment to correct license plate. The MCT vendor informs the PTC of data correction. Note: PTC wishes to avoid generating violations, wherever possible. Mechanics of reconciliation will be refined based on the specific MCT solution.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>13. Registered user, travel out of state</i> <i>(The PTC is interested in general interoperability.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I have an MCT account and the app loaded on my mobile device. My passenger vehicle is registered with the MCT vendor. When I drive my vehicle on the turnpike, the app records my travel and pays the PTC on my behalf (other standard scenarios).
Scenario	I drive this vehicle on other toll roads, with the app active.
Post Conditions	I might be able to use the MCT app to pay tolls, based on the MCT vendor's separate agreement with that toll authority. <i>(Post-condition will vary, based on functionality of bidder's product.)</i>

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Subscriber-MCT Scenarios

These scenarios focus on how the subscriber obtains the MCT app and enrolls for the MCT service.

Name:	14. Purchase/Registration (1) <i>(Vendors should be prepared to demo the mechanics of enrollment.)</i>
Primary Actor(s)	Two owner/operators
Secondary Actors(s)	iPhone Android Passenger vehicle
Preconditions	None
Scenario	I acquire the MCT app from the Apple App Store and download it to my iPhone. My wife acquires it from Google Play, for her Android smartphone.
Post Conditions	Both of our phones and both of our cars are recorded on a single MCT account.

Name:	15. Purchase/Registration (2) <i>(The PTC is interested in additional functionality potentially available to customers.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	None
Scenario	I acquire the MCT app from the app store appropriate for the device. I choose to purchase/acquire a “deluxe” version at a price point determined by the MCT vendor.
Post Conditions	This deluxe app provides additional features to enhance my experience using tolled roads.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>16. Purchase/Registration (3)</i> <i>(The PTC is interested in understanding its ability to impact product branding.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I wish to obtain the MCT app from an internet location, such as an app store appropriate for the device.
Scenario	I go to this site and query for Pennsylvania Turnpike.
Post Conditions	I identify the MCT app as authorized for use on the Pennsylvania Turnpike. I download it to my device. I register with the MCT vendor for future use of the app. MCT vendor records my enrollment information.

Name:	<i>17. Vehicle Registration – passenger vehicle (The vehicle could be classified Class 2 or higher based on weight)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I own a passenger vehicle.
Scenario	I download or otherwise acquire the MCT app. I register with the MCT vendor. I input the state/license plate of this vehicle into my MCT app.
Post Conditions	The MCT vendor records this information. The MCT vendor uses this information to calculate tolls.

Name:	<i>18. Vehicle Registration – non-passenger vehicle (The vehicle class would be determined based on the higher of the weight at exit or entry)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Non-passenger vehicle
Preconditions	I own a multi-axle semi-trailer truck.
Scenario	I download or otherwise acquire the MCT app. I register with the MCT vendor. I input the state/license plate of this vehicle into my MCT app. I also input its weight. I also input its count of axles.
Post Conditions	The MCT vendor records this information. The MCT vendor uses this information to calculate tolls.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	19. Deposit <i>(The PTC is interested in understanding the customer's initial payment terms, if any.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	E-payment capability (credit card or other)
Scenario	I purchase/acquire the MCT app from the app store appropriate for the device. I enroll with the MCT vendor. I provide the MCT vendor with an initial deposit.
Post Conditions	The MCT vendor puts this deposit into my account. The deposit amount is based on business rules set by the MCT vendor.

Name:	20. Auto Payment <i>(The PTC is interested in understanding business rules associated with auto payment.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle E-payment capability (credit card or other)
Preconditions	I provide the MCT vendor with a credit card for my MCT account. The MCT vendor replenishes my account based on the vendor's business rules. I agree to these rules in registering for the MCT services.
Scenario	I drive on the PTC roadways, multiple times. At some point subsequent to these trips, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip(s)
Post Conditions	The MCT will debit or otherwise charge my account for the trip(s). <i>(Post-condition will vary, based on bidder's business rules.)</i> The MTC will transfer funds to the PTC to cover the trip(s).

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	21. Manual Payment <i>(The PTC is interested in understanding business rules for non-automatic payment.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle E-payment capability (credit card or other)
Preconditions	I prefer a pay-as-you-go approach for my MCT account. I make individual payments to the account, usually just before/after making a trip on the turnpike. I use a credit card for this, but the MCT vendor does not keep my card on file. I also use PayPal or other forms of electronic payment, based on the MCT vendor's business rules.
Scenario	I drive on the PTC roadways, multiple times. At some point subsequent to these trips, the MCT vendor will: <ul style="list-style-type: none"> • Calculate or otherwise determine the toll based on PTC business rules • Provide transactional information to the PTC related to the trip(s)
Post Conditions	The MCT will debit or otherwise charge my account for the trip(s). <i>(Post-condition will vary, based on bidder's business rules.)</i> The MCT vendor [may] charge higher fees for this service, since I may be traveling with a negative balance. I transfer funds to the PTC to cover the trip(s).

Name:	22. Prepaid Cards <i>(The PTC is interested in additional forms of payment potentially available to customers.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle Prepaid card
Preconditions	I have an account with my MCT vendor. I use a cashless payment card to replenish the account. The card may or may not be a physical "card."
Scenario	I add money to the account at local retail stores around the state. I can also add money to the account using PayPal or other e-pay providers, based on the MCT vendor's relationship with various e-pay providers.
Post Conditions	<i>(Post-condition will vary, based on functionality of bidder's product.)</i>

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	23. MCT Customer Communications <i>(The PTC is interested in being able to communicate with MCT customers, for public safety reasons.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I purchased the MCT app from the app store appropriate for the device. I enrolled myself/vehicles with the MCT vendor.
Scenario	In enrolling: <ul style="list-style-type: none"> • I authorize the MCT vendor to send me text messages or other methodologies, based on the vendor's business rules. • I authorize the MCT vendor to provide my phone number to the PTC for receipt of text messages or other methodologies from the PTC.
Post Conditions	The MCT vendor provides my phone number to the PTC with other enrollment data.

Name:	24. Hands-Free Interaction <i>(The PTC is interested in fostering public safety for all drivers/vehicles on roadways.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I acquired the MCT app from the app store appropriate for the device. I enrolled myself/vehicles with the MCT vendor. The mobile app may have Bluetooth or other connectivity to the car's electronic system. The MCT app may also have a voice recognition capability. The MCT app may have additional capabilities to foster safe driving practices.
Scenario	I drive on the PTC roadways. While behind the wheel, I do not have to manually interact with the mobile app.
Post Conditions	<i>(Post-condition will vary, based on functionality of bidder's product. This may or may not include voice recognition capability.)</i>

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	25. Travel/Payment History <i>(The PTC is interested in the depth of data available to customers, including data retention. Bidders should also be prepared to discuss the timeliness of data available to the customer, e.g., real-time or other.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I have an MCT account and the mobile device/app. I have registered/subscribed to the MCT service and enrolled my vehicle.
Scenario	I drive on PTC roadways, multiple times.
Post Conditions	The MCT app shows me: <ul style="list-style-type: none"> • All past trips and payments from my account • The balance on my account • Any in-progress payment authorizations I can email this payment history to myself, to serve as a receipt/written record of payment.

Name:	26. Other App Functions <i>(The PTC is interested in any additional features/functions of the MCT solution.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I have an MCT account and the mobile device/app. I have registered/subscribed to the MCT service and enrolled my vehicle.
Scenario	I drive on PTC roadways.
Post Conditions	The MCT app provides other functions to support my travel, such as: <ul style="list-style-type: none"> • Map capability • Roadway driving conditions • Password reset capability • A frequently asked questions (FAQ) web site • A “help” function on the app itself • An email contact address for support The MCT app may have additional features not mentioned above.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>27. Pennsylvania-Specific Functionality</i> <i>(The PTC is interested in understanding consumer interaction with the PTC.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I have an MCT account and the mobile device/app. I have registered/subscribed to the MCT service and enrolled my vehicle.
Scenario	I drive on PTC roadways.
Post Conditions	The MCT app displays the PTC interchanges. The MCT app allows me to contact the PTC from the app, such as: <ul style="list-style-type: none"> • Direct link to the PTC website • Ability to submit email contact to PTC The MCT app includes the Pennsylvania Turnpike logo as a visual device in the app.

Name:	<i>28. Customer Service (1) Toll Dispute</i> <i>(The PTC is interested in understanding customer service available to subscribers.)</i> <i>At the present time, refunds/credits related to toll disputes require PTC approval due to our trust indenture. If the MCT vendor adjusts a toll (after this transaction would have been submitted as payment to the PTC) they will not receive reimbursement from the PTC without the necessary approval.</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I downloaded the MCT app and registered with the MCT vendor. I use the MCT app on multiple occasions.
Scenario	I wish to dispute a toll paid in error. I contact the MCT vendor.
Post Conditions	The MCT vendor resolves the issue. Resolution includes a refund/credit to my MCT account. Resolution may include a refund to my credit card.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>29. Customer Service (2) Lost/Stolen Device</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I downloaded the MCT app and registered with the MCT vendor. I use the MCT app on multiple occasions.
Scenario	The device connected with my MCT account is lost/stolen. I contact the MCT vendor.
Post Conditions	The MCT vendor suspends my account. The MCT vendor informs the PTC of the suspension.

Name:	<i>30. Customer Service (3) Off-Hours</i> <i>(The PTC is interested in understanding customer service during off hours.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I downloaded the MCT app and registered with the MCT vendor.
Scenario	The device connected with my MCT account is stolen during the evening. I contact the MCT vendor at midnight of the same evening.
Post Conditions	The MCT vendor immediately suspends my account. The MCT vendor informs the PTC of the suspension.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Business Stories

This section presents scenarios related to different types of toll systems used at the PTC and how the MCT app interfaces with PTC equipment and systems. Vendors must be prepared to present their best analysis of the scenario and how their solution might/might not resolve the issue at hand.

PTC Toll Location Scenarios

These scenarios present both normal and theoretically invalid driving scenarios. The PTC is interested in understanding multiple scenarios and how they might transpire vis-à-vis MCT customers. Vendors do not need to respond to the underlying mechanics of toll calculation; the PTC is interested in understanding business/technical rules that impact the scenario for specific types of interchanges.

Name:	<i>31. Electronic Toll Collection (ETC) Equipment</i> <i>(The PTC is interested in understanding what, if any, interaction occurs with lane-side equipment.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I have an account with the MCT vendor. I carry my smartphone with me when I travel. I do not have an E-ZPass. I am driving a vehicle registered with my MCT account.
Scenario	I enter the turnpike on an open E-ZPass lane. I exit the turnpike via an open E-ZPass lane. Interaction with ETC equipment will vary, based on functionality of bidder's product.
Post Conditions	The MCT vendor calculates the toll based on PTC business rules. The MCT vendor pays this toll electronically on my behalf.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	32. Ticketed Entrance, E-ZPass Exit <i>(This is a mixed-use example, possibly allowing for correct payment, if the MCT device/app perceives a trip begun at an erroneous entryway.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am driving a vehicle registered with my MCT account. The MCT app is active as I enter the toll system.
Scenario	I enter the Turnpike via a cash-ticket lane and take a ticket. I exit the Turnpike using an E-ZPass lane.
Post Conditions	The MCT vendor calculates the toll based on PTC business rules. The MCT vendor pays this toll electronically on my behalf.

Name:	33. Unstaffed Plazas <i>(The PTC is interested in understanding the means of location awareness used by the MCT solution.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am driving a vehicle registered with my MCT account. The MCT app is active as I enter the toll system.
Scenario	As I approach the plaza, the MCT app is aware of my proximity to the plaza.
Post Conditions	The MCT app makes a record of my passing the toll plaza. The MCT app subsequently pays for my trip.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>34. TOLL BY PLATE Locations – All-Electronic Tolling (AET)</i> <i>(The PTC is interested in understanding MCT assumptions about PTC reconciliation processes.)</i>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am driving a vehicle registered with my MCT account. I do not have an E-ZPass on my vehicle. The MCT app is active as I enter/cross the toll zone. All lanes are AET at this location; there are no cash/ticket lanes.
Scenario	The AET detects my travel (photograph of plates). The AET system provides a record of the trip to the PTC back office for processing.
Post Conditions	The MCT app makes a record of my passing the toll zone. The MCT app subsequently pays for my trip.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<p><i>35. Partial trip</i> <i>(The PTC is interested in understanding MCT business rules for an “incomplete” transaction.)</i></p> <p>Note: this scenario could also occur vice versa, i.e., the app is inactive upon entry, becomes active at some point en route, and is active as the driver exits the toll system. It might also occur if a driver makes a U-turn immediately after entering the toll system.</p>
Primary Actor(s)	Individual owner/operator
Secondary Actors(s)	Mobile device/app Passenger vehicle
Preconditions	I am driving a vehicle registered with my MCT account. The MCT app is active as I enter the toll system.
Scenario	I enter via an open lane (no toll booth). The battery in my smartphone dies while I am driving on the turnpike. I exit the turnpike at an open lane. (E-ZPass, Cash, AET)
Post Conditions	The ETC system detects my travel (photograph of plates). The MCT determines a maximum most-distant toll rate. The MCT app pays this maximum amount for my trip.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

MCT-PTC Back Office Integration

This section presents scenarios relevant to interaction between the MCT vendor and the PTC. In these scenarios, “subscriber” represents the individual who purchased/downloaded the MCT app; “vehicle” is one or more vehicles registered with the subscriber’s account.

Name:	<i>36. Corporate Account</i> <i>(The PTC is interested in understanding the vendor’s general interaction with the PTC.)</i>
Primary Actor(s)	MCT Vendor
Secondary Actors(s)	PTC
Preconditions	The PTC establishes a separate (“corporate”) account for MCT transactions. The MCT vendor owns this account. This account is associated with all MCT subscribers and their vehicles.
Scenario	MCT customers travel on PTC roadways.
Post Conditions	All MCT transactions process through this account. The MCT vendor is responsible for paying tolls on behalf of its subscribers.

Name:	<i>37. Payment Card Industry Data Security Standard (PCI DSS)</i> <i>(The PTC is interested in understanding where/how PCI DSS compliance occurs in the MCT model.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	Credit card or other banking information MCT Vendor
Preconditions	Customers register/enroll with the MCT.
Scenario	They provide credit card or other financial information to the MCT vendor.
Post Conditions	The MCT system records this information securely. The MCT system uses this financial data to charge its customers for enrollment or travel. (Bidders should be prepared to discuss e-security in general, including potential audit by the PTC or a third party).

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>38. MCT Interface to PTC</i> <i>(The PTC is interested in understanding data flow between the MCT and PTC systems.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	MCT transactions to the PTC follow a mutually agreeable format. Transactions include all of the following functions: <ul style="list-style-type: none"> • Enrollment (add/change/disenrollment) • Trips • Payments
Scenario	Enrollment or driving activity by MCT customers.
Post Conditions	The MCT system transmits this data to the PTC, based on mutually defined business rules.

Name:	<i>39. Enrollment/Subscription data</i> <i>(The PTC is interested in understanding timing/mechanics of changes to customer data.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	Customers register/enroll with the MCT.
Scenario	Customers' add/change/delete vehicles from their account.
Post Conditions	The MCT system informs the PTC when a subscriber adds or deletes a vehicle from his/her account. The MCT system provides this information using a mutually agreeable format. The MCT system provides this information real-time. The PTC system updates its enrollment information for the individual/vehicle. This information includes information on the smartphone(s) associated with the vehicle.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	40. Travel/Transaction data <i>(The PTC is interested in understanding timing/mechanics of travel-related data.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	None
Scenario	MCT customers travel on PTC roadways.
Post Conditions	<p>The MCT system records travel completed by its customers on PTC roadway. The MCT system provides this information to the PTC on a daily or other basis. For each trip, this information includes all of the following:</p> <ul style="list-style-type: none"> • Vehicle • Date/time stamp of entry and exit • Entry/exit points • Associated toll payable to PTC • Associated charge to MCT customer (if relevant)

Name:	41. Financial data <i>(The PTC is interested in understanding timing/mechanics of financial data.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	None
Scenario	MCT customers travel on PTC roadways.
Post Conditions	<p>The MCT system records travel completed by its customers on PTC roadway. The MCT system computes the associate tolls for this travel. The MCT system computes its charges to the customer. The MCT system obtains funds from these customers, to cover each trip.</p> <p>The MCT system pays the PTC electronically, for a batch of trips. The MCT system provides detailed data for the funds transfer, including:</p> <ul style="list-style-type: none"> • Underlying trips • Associated tolls • Standard banking information

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>42. Toll Authority Data Access</i> <i>(The PTC is interested in understanding PTC access to MCT data.)</i>
Primary Actor(s)	MCT Vendor PTC Staff
Secondary Actors(s)	MCT Customers
Preconditions	None
Scenario	The MCT system maintains enrollment and transaction data for its customers.
Post Conditions	The MCT system transmits multiple forms of data to the PTC. PTC personnel utilize multiple PTC-generated reports (and/or systems) for reconciliation. PTC staff also access data on the MCT portal, for query or analysis.

Name:	<i>43. Audit Support (1)</i> <i>(The PTC is interested in any support for internal audit/controls, if any.)</i> Note: Auditors will enact/test all possible scenarios.
Primary Actor(s)	MCT Vendor PTC Auditor
Secondary Actors(s)	MCT Customers
Preconditions	The PTC has one or more MCT accounts for audit and testing. The PTC auditor has a mobile device, a copy of the MCT app, and a test vehicle.
Scenario	The auditor drives the test vehicle on the turnpike, with the app executing. The auditor maintains a travel log separate from the app.
Post Conditions	The auditor uses the log to reconcile transactions within the MCT. The auditor uses the log to reconcile transactions as they appear in the PTC back office.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	44. Audit Support (2) <i>(The PTC is interested in app-level support for audit/controls, if any.)</i>
Primary Actor(s)	MCT Vendor PTC Auditor
Secondary Actors(s)	MCT Customers
Preconditions	The PTC has one or more MCT accounts for audit and testing. The PTC auditor has a mobile device, a copy of the MCT app, and a test vehicle. The auditor has multiple license plates for the vehicle.
Scenario	The auditor makes multiple trips. The auditor changes plates (outside the toll system) prior to any specific test trip.
Post Conditions	The MCT app supports multiple “vehicles” in this scenario (multiple plates). The MCT app enables the auditor to track his/her travel within the app.

Name:	45. Revenue Leakage (1) <i>(The PTC is interested in controls that prevent leakage in vendor systems.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	None
Scenario	MCT customers travel on the turnpike, with app actively executing.
Post Conditions	The MCT system tracks all trips. The MCT system tracks all tolls and associated vendor fees. The MCT system provides reports/data to PTC for review. This data shows MCT shortfall/leakage.

Name:	46. Revenue Leakage (2) <i>(The PTC is interested in vendor affirmation of responsibility for leakage.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	None
Scenario	MCT customers travel on the turnpike, with app actively executing.
Post Conditions	The MCT system tracks all trips. The MCT system tracks all tolls and associated vendor fees. The MCT system transfers funds “in full” for these tolls, despite customer non-payment in its environment.

Appendix G: Use Cases

Mobile Cashless Tolling, RFP 17-10340-7782

Toll Calculation

This section presents scenarios relevant to toll calculation. The PTC maintains multiple toll schedules, based on the location and equipment at each interchange and the type/weight/axle count of the vehicle. Current toll schedules are available for vendor review at the following URL:

<https://www.paturmpike.com/toll/tollmileage.aspx>.

These toll calculation scenarios are not intended to be comprehensive. Rather, they denote specific types of interaction between the PTC and the MCT related to toll schedules. The PTC will negotiate with the MCT vendor on which toll schedules (based on specific locations and/or type of vehicle) to activate and when to activate them. The narrative assumes the MCT vendor will use a toll schedule to calculate baseline tolls (remitted to the PTC), with additional processing charges to its customers.

Name:	<i>47. Toll Facilities Location</i> <i>(The PTC is interested in knowing what information the MCT vendor needs to implement its solution.)</i>
Primary Actor(s)	MCT Vendor
Secondary Actors(s)	PTC
Preconditions	None
Scenario	The PTC provides the MCT vendor with the location of all toll facilities. This data includes geo-coordinates. This data includes information on the toll equipment in place. This data includes lane configuration. This data includes information on the type of toll relevant to the location.
Post Conditions	<i>(Post-condition will vary, based on functionality of bidder's product.)</i>

Name:	<i>48. Toll Schedule - Effective Date</i>
Primary Actor(s)	MCT Vendor
Secondary Actors(s)	PTC
Preconditions	The PTC toll schedule is date-sensitive, with tolls effective on a specific date. This toll schedule changes, at most, on an annual basis.
Scenario	The PTC provides the MCT vendor with a toll schedule.
Post Conditions	The MCT vendor uses this toll schedule to determine a toll rate for its subscribers. Toll rates are date-sensitive.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>49. Toll Schedule – Passenger Vehicles</i> <i>(Solo passenger vehicles are the primary focus of the MCT initiative. However, the PTC is also interested in knowing additional capabilities for trailers or other attached portable devices.)</i>
Primary Actor(s)	MCT Vendor
Secondary Actors(s)	PTC
Preconditions	The PTC maintains a toll schedule for Passenger Vehicles. Tolls are based on location and/or distance. Tolls may vary if the passenger vehicle is towing a trailer.
Scenario	The PTC provides the MCT vendor with this toll schedule.
Post Conditions	The MCT vendor uses the PTC toll schedule to determine appropriate tolls for its subscribers.

Name:	<i>50. Toll Schedule – Weight-based</i> <i>(This is a secondary priority for the MCT initiative. The PTC is interested in understanding MCT potential capabilities for non-passenger vehicles.)</i>
Primary Actor(s)	MCT Vendor
Secondary Actors(s)	PTC
Preconditions	The PTC maintains a toll schedule for varying classes of vehicles, by weight.
Scenario	The PTC provides the MCT vendor with this toll schedule.
Post Conditions	The MCT vendor uses the PTC toll schedule to determine appropriate tolls for its subscribers.

Name:	<i>51. Toll Schedule – Axle-based</i> <i>(This is a secondary priority for the MCT initiative. The PTC is interested in understanding MCT potential capabilities for non-passenger vehicles.)</i>
Primary Actor(s)	MCT Vendor
Secondary Actors(s)	PTC
Preconditions	The PTC maintains a toll schedule for varying classes of vehicles, by axle count.
Scenario	The PTC provides the MCT vendor with this toll schedule.
Post Conditions	The MCT vendor uses the PTC toll schedule to determine appropriate tolls for its subscribers.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Name:	<i>52. Fee Schedule – Congestion Pricing</i> <i>(The PTC does not use congestion pricing at present but is interested in future capabilities.)</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	PTC implements congestion pricing. Congestion pricing (surcharges) will vary in five-minute intervals.
Scenario	The PTC provides the MCT vendor with a minimum Toll schedule for non-peak hours. MCT customers travel on PTC roadways that deploy congestion pricing.
Post Conditions	The calculated toll is based on the time the driver enters the toll system. The MCT vendor uses this variable fee schedule to determine a toll rate for its subscribers.

Appendix G: Use Cases
Mobile Cashless Tolling, RFP 17-10340-7782

Added Functionality

Name:	<i>53. Customer Incentive and Awards Program</i>
Primary Actor(s)	MCT Vendor MCT Customers
Secondary Actors(s)	PTC
Preconditions	PTC implements Customer Incentive and Awards Program
Scenario	The PTC provides the MCT vendor with business rules for a Customer Incentive and Awards Program. MCT customers travel on PTC roadway that qualify for Customer Incentive and Awards Program pricing.
Post Conditions	The MCT vendor uses this program to determine appropriate tolls for its subscribers.

**Appendix H: Use Cases Response Matrix
Mobile Cashless Tolling, RFP 17-10340-7782**

Use Cases Response Matrix

For each scenario, put an “X” in the column most appropriate to the proposed Mobile Cashless Tolling (MCT) service.

Please use the “Does not align” or “Other” columns for cases where the product is not designed to support the scenario. Use the associated sections of the technical proposal to discuss any misalignment/ other responses. The Pennsylvania Turnpike Commission (PTC) anticipates requesting product demos of multiple scenarios.

Use Case Scenario	Vendor Response					
	Proposed solution currently supports scenario	Solution can support scenario with minor modification	Solution can support scenario, but with major modification	Can provide alternate means of addressing scenario	Scenario does not align with MCT solution	Other
User Stories						
Basic Driving Scenarios						
1. Single user, one vehicle, one-site toll						
2. Single user, one vehicle, point-to-point toll						
3. Family user, multiple vehicles, no E-ZPass						
4. Family user, blended E-ZPass/MCT						
5. Family user (son/daughter)						
6. Registered user, rental car						
7. Carpool (1) – temporary registration						
8. Carpool (2) – multiple accounts, one vehicle						
9. Passenger Vehicles with Trailer

Addendum No. 1

RFP # 17-10340-7782

MOBILE CASHLESS TOLLING SOLUTION

Prospective Respondents: You are hereby notified of the following information in regard to the referenced RFP:

REVISIONS

1. Appendix F – Cost Breakdown; Tabs E-ZPass, Cash Rates, and MCT Rates has been amended to correct line 15 to read “91 – Donegal”, NOT 71 – New Stanton. Costs are correctly listed. The attached revised Appendix F should be used to submit your cost breakdown proposal.

ADDITIONS

1. Appendix I – Cash Rates for E-ZPass only Interchanges (320-S.R. 29; 340-Virginia Drive; 352-Street Road Toll Plaza; 87-S.R. 903)
2. Appendix J – E-ZPass (ETC) and Non-E-ZPass (Non-ETC) counts – Year (01/01/2016 to 12/31/2016)
3. Appendix K – E-ZPass (ETC) and Non-E-ZPass (Non-ETC) counts – Monthly (4/01/2017 to 4/30/2017)
4. Appendix L – E-ZPass (ETC) and Non-E-ZPass (Non-ETC) counts – Daily (5/10/2017)

QUESTIONS AND ANSWERS

Following are the answers to questions submitted in response to the above referenced RFP as of May 17, 2017. All of the questions have been listed verbatim, as received by the Pennsylvania Turnpike Commission.

Proposer Questions			Pennsylvania Turnpike Commission (PTC)			RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION						
#	Page	Section	Section Description	Proposer Question	Commission Response	
1.	RFP-18	Part IV-3 Section 4	Toll Mechanics	<p>This section summarizes a system that can interact with barrier tolls and cash lanes with minimal integration and no change to the RFID system. However the use-case scenarios do not mention barriers and do not mention interaction with the cash lanes at all.</p> <p>Our system works with barriers and can easily integrate with cash lanes for automatic processing. Is this feature of interest to PTC? If a proposed system satisfies the uses cases but does not satisfy this requirement would it still be considered for this proposal?</p>	Yes, and yes	
2.				<p>Reyna ITS is an SDB certified by PA UCP. We are interested in participating as a Subcontractor for MOBILE CASHLESS TOLLING SERVICE RFP # 17-10340-7782, but the RFP did not list a pre-proposal conference where we can speak with potential Companies that will Prime this opportunity. Is there a list of companies that could be responding to this RFP to market our services to?</p>	A mandatory pre-proposal meeting was not scheduled because all the information about this procurement has already been communicated through the RFP. There is not a list of companies who will be responding.	
3.	RFP-1	I-4	Problem Statement	<p>If this project is to be funded with the difference between cash and E-ZPass rates, will the PTC provide cash equivalent rates for current "E-ZPass only" interchanges?</p>	See Addition #1 above – Appendix I - Cash Rates for E-ZPass only Interchanges.	
4.	RFP-1	I-4	Problem Statement	<p>Can we get data on the number of non E-ZPass vehicles using each entrance/exit combination over the past year or for the year 2016?</p>	See Addition #3 above, Appendix K, Pg72-135	
5.	RFP-9	II-1(F)	Relevant Experience and Expertise	<p>Does a merchant service company qualify as a "financial institution" (they are generally the organization that performs the payment processing)?</p>	Yes	

Proposer Questions			Pennsylvania Turnpike Commission (PTC)		RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION					
#	Page	Section	Section Description	Proposer Question	Commission Response
6.	RFP-17	IV-2(D)	Standard Funding	In an effort to reduce credit card processing costs to MCT users, would the PTC consider allowing the selected vendor to leverage the PTC payment processing gateway as part of its solution? If so, would the PTC share their per transaction costs for credit card processing?	No.
7.	RFP-19	IV-3(5)	Integration	How quickly is the PTC back-end system able to process the request when a license plate is added or removed from the MCT account?	Currently, in real time.
8.	RFP-21	IV-3(6)	Other Consumer Pricing Options	Can proposers offer more than one pricing model in the cost submittal, as options for the PTC to evaluate and select?	Yes. Proposers should submit Appendix F with proposed MCT rates. Proposers may also present alternate models as part of their Cost Submittal. These should clearly describe the Cost to the Consumer (Evaluation Criteria 3.b)
9.	Appendix A, pg. 3	Agreement	Escrow	Can you please fill in the blank for the estimated escrow fee or is selection of the escrow agent up to the vendor?	The escrow agent is up to the proposer.
10.		IV-4. 2 (C)	Schedule	<p><u>Timeline / Schedule</u></p> <p>The proposal states: "This section should be blank"</p> <p>Is the PCT interested in the suppliers: lead times, time-line estimate for integration, possible bottle necks and possible phase approach to address all of the requested functionalities?</p>	Proposers should discuss all constraints and recommendations in presenting their solution. They may do this within the "Schedule" section of the PMP or elsewhere in the proposal. Both parties will address and resolve these constraints in executing the project.

11.	RFP-13	II.3	Cost Submittal & Appendix F	<p><u>Request for additional information or factor?</u></p> <p>Can the PTC provide:</p> <ol style="list-style-type: none"> The "Net Toll rates" expected to be received from the MCT provider? OR, A factor to be applied to the E-ZPass Toll rates to derive the Net Toll rate <p>The "Net Toll rate" would be used as Base of Calculation for the Proposal MCT rates in order to ensure that clear comparisons between the various proposals and existing payment methods</p> <ul style="list-style-type: none"> Definition: "Net Toll" rate is the expected minimum rate required by the PCT, as result of the MCT proposal. For example, the "Net Toll rate" may be the largest net toll amount received by the PTC for E-ZPass transactions after deduction of "the average cost of collection" expenses per E-ZPass transaction (including any charges related to interoperability, credit cards fees and other support functions i.e. phone support etc) <p><u>Note: The Net Toll rate may be provided as a simple and or compound factor to be applied to the E-ZPass rate. For Example:</u></p> <ul style="list-style-type: none"> <u>Simple Factor: X% of the E-ZPass rate</u> <u>Compound Factor: Y% of E-ZPass rate plus a fixed cost per transaction - \$ Z.ZZ per transaction</u> <p><u>Purpose of question</u>, to develop Excel Model to calculate the impact of the MCT solution during the "coexistence and migration period to AET</p>	<p>No. Proposers must calculate the resulting tolls based on their own business model. This may or may not be a percentage factor.</p> <p>Please refer to Question #8.</p>

MOBILE CASHLESS TOLLING SOLUTION						
#	Page	Section	Section Description	Proposer Question	Commission Response	
12.	RFP-14	III-4.	Evaluation Criteria.	<p><u>Service to Underbanked users.</u> As the PTC migrates to a Cashless environment, a large percentage of the un-tagged or unregistered users would be underbanked (I.e. does not have access to Credit cards or Bank accounts/Debit cards in good standing.)</p> <p>How important or how much value will the PTC assign to a solution that:</p> <ul style="list-style-type: none"> • provides equal access and convenience to all users, therefore, enhancing services and convenience to the underbanked. • Improves Social Equity and Environmental Justice concerns for the system as a whole. 	Use Case 22 (Pre-Paid Cards) is intended to address this scenario.	
13.	RFP-14	III-4.	Evaluation Criteria	<p><u>Convenience to register.</u> Registering for a new payment option/service is one of the major hurdles to overcome for any service or product supplier.</p> <p>How important or how much value will be assigned to a solution that minimizes registration “overhead” while serving all users including the underbanked?</p>	The Commission will consider all options. Serving all users, including the underbanked, is a goal of this RFP.	
14.	RFP-14	III-4	Evaluation Criteria.	<p><u>Proprietary / Protected Solution</u> What evaluation consideration (positive, neutral or negative) will be assigned to a patent protected proprietary solution / Proposal? Please expand and or provide / explain rational in response.</p>	Evaluation Criteria is defined in RFP Part III, Criteria for Selection. The Evaluation Team will use the evaluation criteria that are in order of relative importance from the highest to the lowest as listed in RFP Section III-4.	

Proposer Questions			Pennsylvania Turnpike Commission (PTC)		RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION					
#	Page	Section	Section Description	Proposer Question	Commission Response
15.	RFP-14	III-4	Evaluation Criteria.	<p>Existing contract.</p> <p>What evaluation consideration (positive, neutral or negative) will be assigned to a Proposal from a company that:</p> <ul style="list-style-type: none"> • is currently in the process of implementing a 5-year operational contract, addressing the same scope as described in the PTC RFP at another of the top 10 US Agency, while considering that the current contract will allow for demonstrating functionality requested by PTC as well as user acceptance. 	<p>Evaluation Criteria is defined in RFP Part III, Criteria for Selection. The Evaluation Team will use the evaluation criteria that are in order of relative importance from the highest to the lowest as listed in RFP Section III-4.</p> <p>Proposers should also clarify any dependencies between the current project and its ability to complete the work defined in the RFP.</p>
16.	RFP-17	IV-3	Requirements. MCT-app (D) Hands-free Interaction	<p>Safe driving experience.</p> <p>We note: <i>"The MCT app must support hands-free capability for drivers. The MCT service cannot require use of a hand-held device or texting while driving (Scenario 23)."</i></p> <p>What evaluation consideration (positive, neutral or negative) will be assigned to a Proposal that does not require interaction while driving.</p> <p>Please elaborate how the PTC envisions the "must support hands-free" requirement as adding to the safe driving experience. Does the PTC have an example in mind?</p>	<p>Evaluation Criteria is defined in RFP Part III, Criteria for Selection. The Evaluation Team will use the evaluation criteria that are in order of relative importance from the highest to the lowest as listed in RFP Section III-4.</p> <p>Safety is always a primary consideration.</p>

Proposer Questions			Pennsylvania Turnpike Commission (PTC)		RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION					
#	Page	Section	Section Description	Proposer Question	Commission Response
17.	RFP-17	IV-3. 2 (E)	Non-Traditional Funding	<p><u>Non-Traditional Funding</u></p> <p>We note: <i>Some consumers may not have bank accounts or credit cards. The Commission is interested in supporting alternate forms of payment, such as a prepaid cash card, gift card, or other forms of applying funds to the customer account, if available.</i></p> <p>What evaluation consideration (positive, neutral or negative) will be assigned to a Proposal that provides "<i>other forms of applying funds to the customer account</i>", while significantly simplifying enrollment and payment processes for all users.</p>	<p>Evaluation Criteria is defined in RFP Part III, Criteria for Selection. The Evaluation Team will use the evaluation criteria that are in order of relative importance from the highest to the lowest as listed in RFP Section III-4.</p>
18.	RFP-19	IV-3. 4 (B)	Travel Awareness	<p><u>Parallel capability?</u></p> <p>The RFP states " The app must have general geoawareness"</p> <p>Please explain the PTC rationale for inclusion of the geoawareness requirement.</p> <p>If possible provide an example of the envisioned Toll Road User actions or procedures required for usage under existing or future environment for Scenarios 32 and 34 – as well as Scenario 9 and 10.</p> <p>Is the PTC concerned about implications related to vehicle or personal beyond the confines of the Toll Road?</p>	<p>The app must "know" when and where the vehicle enters and exits the turnpike.</p> <p>For Scenarios 32 and 34, the Commission is interested in understanding the mechanics of toll calculation (32, 34), including vendor assumptions about reconciliation (34). For 9-11, the Commission is interested in understanding MCT ability to correctly process travel involving non-passenger vehicles, e.g., tolling based on weight and/or axle count.</p> <p>The Commission is interested in the vehicle and its attributes upon entry/exit on the toll road.</p>

Proposer Questions			Pennsylvania Turnpike Commission (PTC)			RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION						
#	Page	Section	Section Description	Proposer Question	Commission Response	
19.	RFP-1	Part 1	I-4 Problem Statement	Can PTC provide projected transaction volumes that would be processed by the MCT? (both the number of transactions and average dollar amount processed)	See Addition #2 to #4 above. Transaction totals can be used to infer E-ZPass and Non-E-ZPass volumes.	
20.	RFP-1	Part 1	I-4 Problem Statement	Would the PTC be willing to put a separate merchant RFP out for the merchant services portion of this business?	No.	
21.	RFP-17	IV-3 Requirements	2. MCT Registration (D) Standard Funding	Would the PTC be willing to leverage their existing merchant relationship and Gateway to process the merchant transactions separately from the MCT solution?	No.	
22.	RFP-17	IV-3 Requirements	2. MCT Registration (D) Standard Funding	Will PTC be the merchant of record for this solution and provide a checking account to incur the interchange costs for card acceptance from the card associations? If not, who will the merchant of record be and who will pay the interchange for all of the transactions?	No. Please refer to RFP Section II-1.F The Proposer must select and identify a partner for this function.	
23.	RFP-9	F	Relevant Experience and Expertise	Who is currently paying the merchant processing and banking fees for E-ZPass and toll by plate systems? Will that remain constant with the Cashless Mobile Tolling option?	The MCT vendor must select and identify a partner for this function. The PTC will not be paying processing and banking costs for MCT	
24.	RFP-20	6(E)	Toll Calculation: Congestion Pricing	<p>Congested Pricing Questions:</p> <p>a. Will it effect all tolls because one area is congested?</p> <p>b. Will it be in Real time?</p> <p>c. How is "congested" defined?</p> <p>d. How will the system know the current volume of cars already on the road?</p> <p>Is LPR data available for all tolling lanes?</p>	<p>As noted, variable pricing is outside the scope of the immediate RFP and the Commission is interested in understanding potential capabilities of the MCT proposer.</p> <p>LPR data is obtained as each vehicle exits the toll system.</p>	
25.	RFP-9	F	Relevant Experience and Expertise	Who will be the Merchant of Record	Please refer to question #22.	

Proposer Questions			Pennsylvania Turnpike Commission (PTC)			RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION						
#	Page	Section	Section Description	Proposer Question	Commission Response	
26.	RFP – 9	F	Relevant Experience and Expertise	Section says: Identify the banking/financial institution that will be processing payments. Question: does the Turnpike consider banking/financial institution to include merchant acquirers not using a bank partner?	Yes.	
27.	Appendix G	General	Back office integration	Who is the merchant of Record?	Please refer to question #22.	
28.	21	General	7. Information Security	Is the bidder to be the Payment Facilitator as defined by the credit card association (Visa/MC)	The proposer is responsible for this function, and must identify the associated financial institution in its proposal.	
29.	NA	Appendix F	Cost Breakdown	Can PTC provide a similar O-D Matrix of average traffic counts for a typical weekday/weekend or month? Can this breakdown be provided by Cash/EZ-Pass/PBP/Violations?	See Addition #2 to #4 above.	
30.	RFP-19	Part IV-3 (4) (G)	Extended Toll Collection (Violations, TOLL BY PLATE)	Can PTC provide us the traditional Violation Toll Rates and the Escalation Fees? If AET Conversion will change reaching out to Unregistered License Plate holders as Invoices, how will the toll rate and escalation fees change?	The Violation Toll rate is the cash rate. The escalation fees would be the \$25 first notice fee and the \$15 final notice fee. Toll By Plate invoices do not have escalation fees. There is a \$5 late fee for Toll by plate. Current Toll By Plate rate is the cash rate.	
31.	Page 2 of 13	NA	Agreement – Location of Work	There were no restrictions to where the work will be performed from other than when interaction with PTC personnel is required. Are there any restrictions/requirements for where the data needs to reside (especially if the solution is cloud based)? Are there any geographic restrictions where the MTC has its staff to respond to the MTC customer queries?	Data must reside in a U.S.-based repository. Support services must be provided by U.S.-based staff.	

Proposer Questions			Pennsylvania Turnpike Commission (PTC)			RFP #: 17-10340-7782
			MOBILE CASHLESS TOLLING SOLUTION			
#	Page	Section	Section Description	Proposer Question	Commission Response	
32.	G-3	Appendix G	Use case #4, post conditions: PTC back office reconciliation will identify the payment as duplicate. PTC debits vendor account accordingly. The MCT vendor debits the account of its subscriber.	Does this mean that the subscriber is charged the MCT toll rate, but not the E-ZPass toll rate in case of duplicates?	Our business rules prohibit a license plate from being on two different E-ZPass accounts. It would also preclude them from having their license plate on an E-ZPass account and a MCT account. Duplication should not be an issue.	
33.	G-8	Appendix G	Use case #12, post conditions	Will PTC inform the MCT if a transaction was invalid? How will PTC be able to identify whether a LPN is valid or invalid? A subscriber might miskey the LPN which could still be a valid LPN.	The Commission cannot anticipate customer entry errors. The PTC business rules would dictate a violation notice be sent after getting the plate read from the OCR and the vehicle owner data from PennDOT.	
34.	G-16	Appendix G	Use case #28	What qualifies for a toll paid in error? If the subscriber disputes a toll paid in error, the MCT needs to be able to validate with PTC that this claim is valid (cf. use case #4 where E-Zpass and MCT services are used in parallel; in case of a MCT dispute, the E-ZPass transaction would be valid according to this use case although it was already deleted as duplicate by PTC; or cf. use case #49: what happens if the subscriber states that the vehicle has no trailer, but actually has a trailer – in this instance, only the PTC system is able to validate the actual vehicle category based on its enforcement system).	Scenario 4 was discussed as not possible with business rules, If the MCT makes an adjust to a customer's toll, there is no guarantee that the PTC would reimburse the MCT. The Commission will define detailed reconciliation, including exchange of data, as part of executing the contract. The MCT proposer is responsible for customer support to its subscribers. The Commission is the ultimate source of record for all travel on the Turnpike.	

Proposer Questions			Pennsylvania Turnpike Commission (PTC)		RFP #: 17-10340-7782
MOBILE CASHLESS TOLLING SOLUTION					
#	Page	Section	Section Description	Proposer Question	Commission Response
35.	G-23	Appendix G	Use case #39, post conditions: This information includes information on the smartphone(s) associated with the vehicle.	Why does PTC require information about the subscriber's smartphones associated with the vehicle?	The mutually agreeable format cited in use case #39 may or may not include the smartphone; the Commission is interested in understanding the proposer's policy in this area. Conceivably, the Commission may wish to alert travelers of road conditions.
36.	G-19	Appendix G	Use case #32, use case #33	How do the ticketed/cash/Plaza entries look like? Is there always one lane without a barrier?	Proposers can assume MCT drivers will (normally) enter/exit via unstaffed lanes. Please respond to the scenarios as written.
37.	G-26	Appendix G	Use case #45	Is the assumption correct that PTC will reconcile MCT transactions against PTC toll transactions based on reports received from the MCT vendor in order to identify leakage?	The Commission anticipates detailed reconciliation will occur, involving shared data. Use Case #45 refers to leakage within the vendor's operations.
38.	RFP – 9	F	Relevant Experience and Expertise	Section says: Identify the banking/financial institution that will be processing payments. Question: does the Turnpike consider banking/financial institution to include merchant acquirers not using a bank partner?	Yes.
39.	RFP-7			Is Penn Turnpike the merchant or record or will the MCT vendor be?	Please refer question #22.

All other terms, conditions and requirements of the original RFP dated May 2, 2017 remain unchanged unless modified by this Addendum.

Appendix F - Cost Breakdown

INSTRUCTIONS FOR USING THIS COST BREAKDOWN SPREADSHEET

1. Insert your firm's name at the top of the MCT Rates and Additional Costs tabs.
2. Using your pricing model that affords the best toll rates to customers, fill in the toll schedule in the MCT Rates tab.
3. IF you propose charging the PTC for services beyond the revenue you will derive from tolls, please indicate the deliverables and pricing of them in the Additional Costs tab. NOTE: PTC prefers no additional costs.
4. Additional lines may be added to the Additional Costs tab.
5. No changes may be made to the structure of the MCT Rates tab.
6. The Cash Rates tab is for your information only.

Addendum 1 - Appendix F - Revised 5/30/17
Appendix F - Cost Breakdown
RFP17-10340-7782

Bidder:
Additional Costs to PTC

Deliverable	Price

TOTAL ADDITIONAL	\$ -
-------------------------	-------------

Does your solution require validation of incomplete transaction data by PTC? Yes/No

Addendum 1 - Appendix I - RFP17-10340-7782

CASH TOLL SCHEDULE: SR 903 E-ZPASS ONLY
 Effective Date: 1/8/2017
