Page 1 of 1

**This column displays toll charges. Toll charges are displayed in two ways:**

1. In the areas of the system with Open Road Tolling, charges are displayed as single charges for each gantry that is passed.
2. In areas of the system where Open Road Tolling is NOT operational, toll charges are still displayed per trip, showing your entry and exit location.

**This charge reflects a tolling point where Open Road Tolling exists, each gantry you pass during a trip is listed separately.**

**This charge reflects a tolling point where Open Road Tolling is not yet live.** In these areas, customers will see the familiar entry and exit points as one line item until 2027. Trip-based charges will be higher than individual gantries to show more distance traveled.
