

How to read your PA Turnpike Toll by Plate invoice

INVOICE

ACCOUNT NUMBER
999999

LICENSE PLATE
PA-ABC1234

TOLL POSTING DATES
01/01/2025 00:00 to 01/31/2025 23:59

This invoice reflects transactions posted to your account during the current billing period.
Travel for other vehicles registered to you will be invoiced separately.

Starting January 5, 2025, tolls on the Northeast Extension and from the Delaware River Bridge to Morgantown (Exit 298) will be assessed at each toll point. As a result, you may see smaller, individual charges on your invoice that together reflect the total cost of your trip. Tolls on the section west of Morgantown (Exit 298) to the Ohio line, as well as on the western extensions, will continue to appear on your invoice as they have in the past. For details on vehicle classification changes and toll calculations, visit www.paturnpike.com/toll-calculator.

Failure to Pay

Failure to pay the amount due by the due date will result in late fees and/or collection fees being added AND may result in civil/criminal court action being taken.

Under the PA Vehicle Code, the PA Turnpike may request suspension of PA vehicle registrations for unpaid tolls and fees. The PA Turnpike may also impose penalties as authorized under reciprocity agreements with other states or tolling entities.

Help, I Have an E-ZPass!

Your E-ZPass account may need attention:

- Does your account have funds available?
- Is your license plate correctly listed on your account?
- Is your transponder properly mounted on your windshield?

After updating your E-ZPass account information, log in to your Toll By Plate invoice and select "Pay with E-ZPass Account" to pay the E-ZPass toll rate. You can also complete and return Section A of the Appeal Form.

This column displays toll charges. Toll charges are displayed in two ways:

- In the areas of the system with Open Road Tolling, charges are displayed as single charges for each gantry that is passed.
- In areas of the system where Open Road Tolling is NOT operational, toll charges are still displayed per trip, showing your entry and exit location.

This charge reflects a tolling point where Open Road Tolling exists, each gantry you pass during a trip is listed separately.
