

In the opinion of Co-Bond Counsel, interest on the 2003C Bonds is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions, subject to the conditions described in "TAX MATTERS." Interest on the 2003C Bonds will not be a specific preference item for purposes of the individual and corporate alternative minimum taxes; however, such interest may be subject to certain other federal taxes affecting corporate holders of the 2003C Bonds. Under the laws of the Commonwealth of Pennsylvania, the 2003C Bonds are exempt from personal property taxes in Pennsylvania, and the interest on the 2003C Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax. For a more complete discussion, see "TAX MATTERS" and "APPENDIX E - OPINION OF CO-BOND COUNSEL".

OIL FRANCHISE TAX SENIOR REVENUE BONDS,
SERIES C OF 2003

Dated: Date of Delivery

Due: As set forth on inside cover page

First Fixed Rate Interest Payment Date: December 1, 2008

The Oil Franchise Tax Senior Revenue Bonds aggregate principal amount of \$160,000,000 Series C of 2003 (the "2003C Bonds") were issued as Senior Bonds (as herein defined) pursuant to a Second Supplemental Indenture dated as of August 1, 2003 (the "Second Supplemental Indenture") to the Trust Indenture dated as of August 1, 1998 (as heretofore amended and supplemented, the "Indenture") between the Pennsylvania Turnpike Commission (the "Commission") and National City Bank of Pennsylvania, which has been succeeded by U. S. Bank National Association, as trustee ("the Trustee"). Manufacturers & Traders Trust Company serves as Paying Agent for the 2003C Bonds (the "Paying Agent").

The 2003C Bonds were initially issued bearing interest at the Auction Rate. The Commission has exercised its option to convert the 2003C Bonds to bear interest at a Fixed Interest Rate, after which the 2003C Bonds will remain in a Fixed Rate Mode to maturity or earlier redemption.

The 2003C Bonds are in fully registered form and are registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York, which will act as securities depository for the 2003C Bonds. Beneficial ownership interests in the 2003C Bonds will be recorded in book-entry only form in denominations of \$5,000 or any integral multiple thereof. Purchasers of 2003C Bonds will not receive bonds representing their beneficial ownership in the 2003C Bonds but will receive a credit balance on the books of their respective DTC Participants or DTC Indirect Participants. So long as Cede & Co. is the registered owner of the 2003C Bonds, principal of, premium, if any, and interest on the 2003C Bonds will be paid to Cede & Co., as nominee of DTC, which will, in turn, remit such principal, interest and premium to the Participants and Indirect Participants for subsequent disbursement to the Beneficial Owners, as described herein. The 2003C Bonds will be transferable or exchangeable to another nominee of The Depository Trust Company or as otherwise described herein.

THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA (THE "COMMONWEALTH") HAS ALLOCATED A PORTION OF THE OIL FRANCHISE TAX IMPOSED BY THE COMMONWEALTH AND APPROPRIATED IT TO THE COMMISSION. THE 2003C BONDS ARE LIMITED OBLIGATIONS OF THE COMMISSION PAYABLE SOLELY FROM THE TRUST ESTATE INCLUDING, BUT NOT LIMITED TO, THAT PORTION OF THE OIL FRANCHISE TAX PAID TO THE COMMISSION OR THE TRUSTEE BY THE COMMONWEALTH AND CERTAIN FUNDS HELD UNDER THE INDENTURE AND THE EARNINGS THEREON. THE 2003C BONDS SHALL NOT BE DEEMED TO BE A DEBT OF THE COMMONWEALTH OR A PLEDGE OF THE FAITH AND CREDIT OF THE COMMONWEALTH AND SHALL NOT BE AN OBLIGATION OF THE COMMISSION PAYABLE FROM ANY SOURCE EXCEPT THE TRUST ESTATE, INCLUDING BUT NOT LIMITED TO, THAT PORTION OF THE OIL FRANCHISE TAX PAID TO THE COMMISSION OR THE TRUSTEE BY THE COMMONWEALTH AND CERTAIN FUNDS HELD UNDER THE INDENTURE AND THE EARNINGS THEREON.

Interest on the 2003C Bonds is payable on June 1 and on December 1 of each year, commencing December 1, 2008, and principal of the 2003C Bonds is payable by the Trustee to Cede & Co., and such interest and principal payments are to be disbursed to the beneficial owners of 2003C Bonds through their respective DTC Participants or DTC Indirect Participants. **The 2003C Bonds are subject to optional redemption prior to maturity as described herein.**

Concurrently with the original issuance and delivery of the 2003C Bonds on August 14, 2003, payment of the principal of and interest on the 2003C Bonds when due was guaranteed under a financial guaranty insurance policy issued by MBIA Insurance Corporation simultaneously with the initial delivery of the 2003C Bonds. See "BOND INSURANCE".

The maturity dates, principal amounts, interest rates, approximate yields or prices on the 2003C Bonds are set forth on the inside front cover page.

THIS COVER PAGE CONTAINS CERTAIN INFORMATION FOR QUICK REFERENCE ONLY. IT IS NOT A SUMMARY OF THIS ISSUE. INVESTORS MUST READ THE ENTIRE REMARKETING CIRCULAR TO OBTAIN INFORMATION ESSENTIAL TO THE MAKING OF AN INFORMED INVESTMENT DECISION.

REMARKETING CIRCULAR

INTRODUCTION

This Remarketing Circular, which includes the cover page, the inside cover page and the Appendices hereto, is furnished by the Pennsylvania Turnpike Commission (the "**Commission**"), an instrumentality of the Commonwealth of Pennsylvania (the "**Commonwealth**"), in connection with the remarketing of its Oil Franchise Tax Senior Revenue Bonds, Series C of 2003 (the "2003C Bonds") aggregate principal amount of \$160,000,000.

The 2003C Bonds were initially issued bearing interest at the Auction Rate. The Commission has exercised its option to convert the 2003C Bonds to bear interest at a Fixed Interest Rate. The outstanding 1998 Bonds (as hereinafter defined), 2003 Fixed Rate Bonds (as hereinafter defined), the 2006 Bonds (as hereinafter defined), and any Additional Bonds issued under the provisions of the Indenture (as hereinafter defined) are herein called the "Bonds." All capitalized terms not otherwise defined herein shall have the same meanings ascribed to them in the definitions set forth in APPENDIX C, "SUMMARIES OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS." All references herein to the Enabling Acts, Chapters 90 and 95 of Title 75 of the Pennsylvania Consolidated Statutes, the 1998 Bonds, the 2003 Fixed Rate Bonds, the 2003C Bonds, the 2006 Bonds, the Indenture, the Bond Insurance and the Disclosure Agreement (all as hereinafter defined) are qualified in their entirety by reference to the complete texts thereof. All statements in this Remarketing Circular involving matters of opinion, estimates, forecasts, projections or the like, whether or not expressly so stated, are intended as such and not as representations of fact. No representation is made that any of such statements will be realized.

PENNSYLVANIA TURNPIKE COMMISSION

The Commission is an instrumentality of the Commonwealth created by the Enabling Acts (as defined below), with power to construct, operate and maintain the System (as defined below) and to perform other functions authorized thereby. Its composition, powers, duties, functions, duration and all other attributes are derived from the Enabling Acts, as amended and supplemented from time to time. The Enabling Acts may be modified, suspended, extended or terminated at any time by further legislation. See "APPENDIX A - THE PENNSYLVANIA TURNPIKE." In particular, see "Pending and Future Legislation and Recent Development" in Appendix A for a discussion of recent reports that the Governor of the Commonwealth plans to seek legislation which could significantly affect the Commission.

INDENTURE AND ENABLING ACTS

The 2003C Bonds were issued pursuant to the Trust Indenture dated as of August 1, 1998 (the "**Original Indenture**"), between the Commission and U. S. Bank National Association, as successor to of National City Bank of Pennsylvania, as trustee (the "**Trustee**"), as amended and supplemented by a First Supplemental Trust Indenture dated as of August 1, 2003 (the "**First Supplemental Indenture**"), a Second Supplemental Trust Indenture dated as of August 1, 2003 (the "**Second Supplemental Indenture**"), a Third Supplemental Trust Indenture dated as of November 1, 2006 (the "**Third Supplemental Indenture**"), and a Fourth Supplemental Trust Indenture dated as of April 15, 2008 (the "**Fourth Supplemental Indenture**" and collectively with the Original Indenture, the First Supplemental Indenture, the Second Supplemental Indenture and the Third Supplemental Indenture, the "**Indenture**"), and pursuant to an Act of the General Assembly of Pennsylvania approved July 18, 2007, P.L. 169, No.44 ("**Act 44**") and various Acts of the General Assembly approved on several dates, including the Act of May 21, 1937, P.L. 774, Act 211; the Act of May 24, 1945, P.L. 972; the Act of February 26, 1947, P.L. 17; the Act of May 23, 1951, P.L. 335; the Act of August 14, 1951, P.L. 1232; the Act of September 30,

1985, P.L. 240, No. 61 ("**Act 61**") to the extent not repealed by Act 44; and the Act of August 5, 1991, P.L. 238, No. 26 ("**Act 26**"); (collectively, and together with Act 44, the "**Enabling Acts**") and the Resolution adopted by the Commission on February 19, 2008 (the "**Bond Resolution**"). The Act of April 17, 1997, No. 3 ("**Act 3**") revises certain of the provisions of Act 26 which contains the appropriation of the Commission Allocation of the Oil Franchise Tax. See "OIL FRANCHISE TAX - Act 3."

SECURITY

The Bonds are limited obligations of the Commission payable solely from (i) all Tax Revenues (as defined in "SOURCE OF PAYMENT AND SECURITY FOR THE BONDS - Additional Bonds"), (ii) the Commission's right to receive the Commission Allocation (as defined herein) and any portion of the Commission Allocation actually received by the Commission, (iii) all moneys deposited into accounts or funds created by the Indenture (other than the Subordinated Bonds Debt Service Reserve Fund which is pledged only for the benefit of the Subordinated Bonds and other than the Rebate Fund), (iv) all Swap Receipts, and (v) all investment earnings on all moneys held in accounts and funds established by the Indenture (other than the Rebate Fund and other than earnings on moneys held in the Subordinated Bonds Debt Service Reserve Fund which are pledged only for the benefit of the Subordinated Bonds). The aforementioned (i), (ii), (iii), (iv) and (v) are collectively herein referred to as the "**Trust Estate**." See "OIL FRANCHISE TAX." Pursuant to the Indenture, the Trust Estate has been pledged and assigned by the Commission to the Trustee to pay principal of and interest on the Bonds. The Commission has irrevocably directed the Treasurer of the Commonwealth (the "**State Treasurer**") to make payment of the Commission Allocation (as hereinafter defined) directly to the Trustee, and has directed the Trustee, upon receipt of such amounts, to deposit the moneys, as received, into the Revenue Fund created under the Indenture.

The General Assembly has allocated a portion of the Oil Franchise Tax imposed by the Commonwealth and appropriated it to the Commission. This allocation consists of the revenues from 14% of the additional 55 mills of the Oil Franchise Tax imposed beginning in 1991 and requires, along with other Oil Franchise Tax Revenues, to be deposited into the Commonwealth's Motor License Fund each month (the "**Commission Allocation**"). See "OIL FRANCHISE TAX."

Senior Bonds, Additional Senior Bonds, certain amounts due on the Parity Swap Agreements (defined in "SOURCE OF PAYMENT AND SECURITY FOR THE BONDS -- Security for the Bonds; Remedies"), and all amounts due with respect thereto under the Insurance Agreement (defined hereinafter) or successor agreement thereto are senior in right of payment and security to the Subordinated Bonds; provided, however, that the Subordinated Bonds have a first lien on the Subordinated Bonds Debt Service Reserve Fund. See "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS - Security for the Bonds; Remedies; - Additional Bonds" and "APPENDIX C -- SUMMARIES OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS."

In addition to the other security described herein, there is a Subordinated Bonds Debt Service Reserve Fund for the benefit of the holders of the Subordinated Bonds. The Subordinated Bonds Debt Service Reserve Requirement is an amount equal to one-half the maximum Principal and Interest Requirements for any succeeding Fiscal Year on account of the Subordinated Bonds. THERE IS NO DEBT SERVICE RESERVE FUND FOR THE SENIOR BONDS. See "APPENDIX C -- SUMMARIES OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS" and "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS - Subordinated Bonds Debt Service Reserve Fund." Although Senior Bonds have no dedicated debt service reserve fund, excess balances in the Revenue Fund are transferred from time to time to an Oil Franchise Tax General Fund held by the Trustee which is available, among other things, to make up deficiencies in the various funds and accounts established under the Indenture. See "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS - Revenue Fund Excess Balance and Oil Franchise Tax General Fund."

THE 2003C BONDS SHALL NOT BE DEEMED TO BE A DEBT OF THE COMMONWEALTH OR A PLEDGE OF THE FAITH AND CREDIT OF THE COMMONWEALTH AND SHALL NOT BE AN OBLIGATION OF THE COMMISSION PAYABLE FROM ANY SOURCE EXCEPT THE TRUST ESTATE, INCLUDING BUT NOT LIMITED TO, THAT PORTION OF THE OIL FRANCHISE TAX PAID TO THE

COMMISSION OR THE TRUSTEE BY THE COMMONWEALTH AND CERTAIN FUNDS HELD UNDER THE INDENTURE AND THE EARNINGS THEREON.

EXISTING OBLIGATIONS

The 2003C Bonds are secured as Senior Bonds, with all Bonds now or hereafter issued under or secured by the Indenture consisting of all senior bonds (the "**Senior Bonds**") and all subordinated bonds (the "**Subordinated Bonds**"). BOND INSURANCE

Concurrently with the original issuance and delivery of the 2003C Bonds on August 14, 2003, payment of the principal of and interest on the 2003C Bonds when due was guaranteed under a financial guaranty insurance policy issued by MBIA Insurance Corporation simultaneously with the initial delivery of the 2003C Bonds. See "BOND INSURANCE."

BOOK-ENTRY ONLY

The Depository Trust Company ("**DTC**"), New York, New York, will act as securities depository for the 2003C Bonds. All 2003C Bonds will be issued as fully registered securities registered in the name of CEDE & Co. (DTC's partnership nominee). Fully registered Bond certificates will be issued and deposited with DTC. See "APPENDIX D – SECURITIES DEPOSITORY".

PENNSYLVANIA TURNPIKE SYSTEM

The present System (as defined below) is composed of a 359-mile Turnpike Mainline traversing the southern portion of Pennsylvania from east to west and a 110 mile north-south section identified as the Northeast Extension. A north-south connection, known as the Beaver Valley Expressway, is approximately 16 miles in length and intersects the Turnpike Mainline in the southwestern portion of the Commonwealth. The Amos K. Hutchinson Bypass is approximately 13 miles in length and adjoins the Turnpike Mainline near the New Stanton Interchange. In addition, a 23-mile section of the Mon/Fayette Project and an 8-mile section from the Pennsylvania/West Virginia border to Fairchance, Pennsylvania, which is located just south of Uniontown, are open as part of the Pennsylvania Turnpike System. When completed, the Mon/Fayette Expressway will extend 65 miles from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh. The first part of the Southern Beltway, the Findlay Connector near Greater Pittsburgh International Airport, opened in October, 2006. (Such roads, together with any other roads for which the Commission has operational responsibility and is collecting Tolls constitute the "System" unless the Commission identifies a particular road other than the Mainline Section and the Northeast Extension as not being part of the System.)

The Turnpike Mainline connects with the Ohio Turnpike at its western terminus and with the New Jersey Turnpike at its eastern terminus. The Turnpike Mainline commences on the eastern boundary of Pennsylvania at the Delaware River Bridge which connects the Pennsylvania Turnpike System to the New Jersey Turnpike. The Turnpike Mainline traverses the state in a westerly direction generally paralleling the southern border of the state immediately north of Philadelphia and south of Harrisburg to the vicinity of Somerset. West of Somerset, the highway follows a northwesterly direction to the northeast of Pittsburgh and to the Ohio state line, south of Youngstown, Ohio.

The Pennsylvania Turnpike System has a total of 57 interchanges which connect it with major arteries and population centers in its 531-mile traffic corridor. Thirty of the interchanges are located on the Turnpike Mainline, including Turnpike Mainline barriers at the New Jersey and Ohio state lines, and 10 interchanges are situated on the Northeast Extension. The additional 17 interchanges are located on the three extensions previously noted. There currently are 19 service plazas along the Pennsylvania Turnpike System providing gasoline and diesel fuel, other automotive supplies and services and restaurant services. See "APPENDIX A - THE PENNSYLVANIA TURNPIKE".

THE COMMISSION HAS NOT PLEDGED ANY PORTION OF THE SYSTEM, OR THE REVENUES DERIVED FROM THE OPERATIONS THEREOF AS SECURITY FOR OR THE SOURCE OF REPAYMENT OF THE 2003C BONDS.

OTHER COMMISSION INDEBTEDNESS

Approximately \$2,151,155,000 of Turnpike Revenue Bonds (the "*Turnpike Revenue Bonds*") is outstanding under the Trust Indenture originally dated as of July 1, 1986 and amended and restated as of March 1, 2001, as supplemented (the "*Turnpike Toll Revenue Indenture*").

The Turnpike Revenue Bonds are secured by tolls, receipts, revenues and other moneys from the Pennsylvania Turnpike System (collectively, the "Turnpike Revenues") separate and distinct from the security for the 2003C Bonds and do not and will not have any claim on the Commission Allocation or the Trust Estate. Likewise the holders of the 2003C Bonds will have no claim on Turnpike Revenues.

Additionally, the Commission is receiving a portion of the Commonwealth's vehicle registration fee revenues (the "*Registration Fee Revenues*") allocated by statute to the Commission for the holders of any of the Commission's Registration Fee Revenue Bonds (the "*Registration Fee Revenue Bonds*"), a total of \$453,205,000 of which are currently outstanding. The Registration Fee Revenue Bonds, the proceeds of which were spent on portions of the Mon/Fayette Expressway, are secured by Registration Fee Revenues. Registration Fee Revenue Bonds are to be paid solely from the Registration Fee Revenues. The Registration Fee Revenues are not pledged to secure the 2003C Bonds or the Turnpike Revenue Bonds. **The holders of the 2003C Bonds do not and will not have any claim on Registration Fee Revenues.**

The Commission currently expects to issue approximately an additional \$247,690,000 Pennsylvania Turnpike Commission, Turnpike Subordinate Revenue Bonds, Series 2008A pursuant to a new indenture and secured by payments made from the Commission's General Reserve Fund established under the Turnpike Toll Revenue Indenture. **The holders of the 2003C Bonds do not and will not have any claim on the security provided pursuant to such new indenture.**

The Commission may, from time to time, also issue other notes, bonds and other forms of obligations payable from such sources as may be available including, but not limited to, federal grants, without restriction by the Indenture so long as the Commission Allocation is not pledged to such obligations.

All capitalized terms used in this Remarketing Circular that are not otherwise defined shall have the meanings set forth in the Indenture. See "APPENDIX C - SUMMARIES OF CERTAIN PROVISIONS OF LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS."

Each 2003C Bond shall bear interest on overdue principal at the rate borne by such 2003C Bonds. Interest on the 2003C Bonds shall be computed on the basis of a 360-day year of twelve 30-day months.

The 2003C Bonds shall have a **"Delivery Date"** which shall be the date of first authentication and delivery against payment therefor, and which shall be set forth on the face side of all 2003C Bonds authenticated by the Authenticating Agent. 2003C Bonds issued prior to the first Interest Payment Date following the Delivery Date shall have a "Dated Date" of the Delivery Date. 2003C Bonds issued on or subsequent to the first Interest Payment Date following the Delivery Date shall have a "Dated Date" which is the same as the Interest Payment Date next preceding the date of authentication thereof, unless such date of authentication shall be an Interest Payment Date to which interest on the 2003C Bonds has been paid in full or duly provided for, in which case they shall have a "Dated Date" which is the same as such date of authentication; provided that if, as shown by the records of the Paying Agent, interest on the 2003C Bonds shall be in default, 2003C Bonds issued in exchange for 2003C Bonds surrendered for transfer or exchange shall have a "Dated Date" which is the same as the date to which interest has been paid in full on the 2003C Bonds or, if no interest has been paid on the 2003C Bonds, the Delivery Date of the 2003C Bonds.

THE COMMISSION AND THE TRUSTEE ARE EXPECTED TO EXECUTE AND DELIVER A FOURTH SUPPLEMENTAL TRUST INDENTURE DATED AS OF APRIL 15, 2008, WHICH WILL BECOME EFFECTIVE UPON RECEIPT OF THE CONSENT OF THE HOLDERS OF 100% IN PRINCIPAL AMOUNT OF THE 2003C BONDS OUTSTANDING UNDER THE INDENTURE. THE REMARKETING AGENTS AS THE ORIGINAL PURCHASERS OF THE 2003C BONDS FROM THE COMMISSION WILL PROVIDE SUCH CONSENT TO THE FOURTH SUPPLEMENTAL TRUST INDENTURE AS BONDHOLDERS. EACH PURCHASER OF THE 2003C BONDS AND ANY SUCCESSORS AND ASSIGNS THEREOF, BY RECEIPT OF DELIVERY OF THE 2003C BONDS OR AS A DIRECT OR INDIRECT PARTICIPANT OF DTC, SHALL BE DEEMED TO HAVE CONSENTED TO THE FOURTH SUPPLEMENTAL TRUST INDENTURE BY VIRTUE OF HAVING PURCHASED

THE 2003C BONDS. COPIES OF THE PROPOSED FORM OF THE FOURTH SUPPLEMENTAL TRUST INDENTURE ARE AVAILABLE FROM THE TRUSTEE.

The 2003C Bonds will be issued as fully registered bonds in authorized denominations of \$5,000 and any integral multiple thereof.

Payment of Principal of and Interest on the 2003C Bonds. The principal of and redemption premium, if any, and interest on the 2003C Bonds shall be payable in any coin or currency of the United States of America which on the respective dates of payment thereof is legal tender for the payment of public and private debts. The principal of and the redemption premium, if any, on all 2003C Bonds shall be payable by check or draft at maturity or upon earlier redemption to the Persons in whose names such 2003C Bonds are registered on the Bond Register at the maturity or redemption date thereof, upon the presentation and surrender of such 2003C Bonds at the Principal Office of the Trustee or of any Paying Agent named in the 2003C Bonds.

The interest payable on each 2003C Bond on any Interest Payment Date shall be paid by the Trustee to the Person in whose name such Bond is registered on the Bond Register at the close of business on the Record Date for such interest, (i) by check or draft mailed on the applicable Interest Payment Date to such Registered Owner at his address as it appears on such Bond Register or at such other address as is furnished to the Trustee in writing by such Owner or (ii) by electronic transfer in immediately available funds, if the 2003C Bonds are held by a Securities Depository, or at the written request addressed to the Trustee of any Owner of 2003C Bonds in the aggregate principal amount of at least \$1,000,000, such request to be signed by such Owner, containing the name of the bank (which shall be in the continental United States), its address, its ABA routing number, the name and account number to which credit shall be made and an acknowledgment that an electronic transfer fee is payable, and to be filed with the Trustee no later than ten Business Days before the applicable Record Date preceding such Interest Payment Date.

The Record Date for determining the Owner entitled to payment of interest with respect to the 2003C Bonds on any given Interest Payment Date is the 15th day of the month immediately preceding such Interest Payment Date.

Defaulted Interest with respect to any 2003C Bond shall cease to be payable to the Owner of such 2003C Bond on the relevant Record Date and shall be payable to the Owner in whose name such Bond is registered at the close of business on the Special Record Date for the payment of such Defaulted Interest, which Special Record Date shall be fixed in the following manner. The Commission shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each 2003C Bond and the date of the proposed payment (which date shall be such as will enable the Trustee to comply with the next sentence hereof), and shall deposit with the Trustee at the time of such notice an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment; money deposited with the Trustee shall be held in trust for the benefit of the Owners of the 2003C Bonds entitled to such Defaulted Interest. Following receipt of such funds, the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest which shall be not more than 15 nor less than 10 days prior to the date of the proposed payment and not less than 10 days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Commission of such Special Record Date and, in the name and at the expense of the Commission, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class postage prepaid, to each Owner of a 2003C Bond entitled to such notice at the address of such owner as it appears on the Bond Register not less than 10 days prior to such Special Record Date.

So long as the 2003C Bonds are in book-entry only form, the principal and redemption price of, and interest on, such 2003C Bonds will be payable by check or draft mailed or wire transferred to Cede & Co., as nominee for DTC and registered owner of the 2003C Bonds, for redistribution by DTC to its Participants and in turn to Beneficial Owners as described under APPENDIX D "Securities Depository" herein. As long as the 2003C Bonds are registered in the name of DTC or its nominee, Cede & Co., payments of the principal of, redemption premium, if any, and interest on the 2003C Bonds will be paid directly to Cede & Co. by wire transfer by Manufacturers & Traders Trust Company, Harrisburg, Pennsylvania, as Paying Agent (the "Paying Agent") on each Interest Payment Date. While the book-

entry only system is in effect, transfers and exchanges of the 2003C Bonds will be effected through DTC's book-entry system.

DTC may determine to discontinue providing its service with respect to the 2003C Bonds at any time by giving notice to the Commission and discharging its responsibilities with respect thereto under applicable law or the Commission may determine to discontinue the system of book-entry-only transfers through DTC (or a successor securities depository). Under such circumstances, 2003C Bonds will be authenticated and delivered as provided in the Indenture to the Beneficial Owners of the 2003C Bonds, who shall then become the registered owners thereof.

If the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the 2003C Bonds, the Commission shall immediately advise the Trustee in writing of the procedures for transfer of the 2003C Bonds from book-entry-only form to a fully registered form."

Registration, Transfer and Exchange. The Trustee has been appointed Bond Registrar and as such shall keep the Bond Register at its Principal Office. The Person in whose name any 2003C Bond shall be registered on the Bond Register shall be deemed and regarded as the absolute owner of such 2003C Bond for all purposes, and payment of or on account of the principal of and redemption premium, if any, and interest on any such 2003C Bond shall be made only to or upon the order of the Registered Owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such 2003C Bond, including the interest thereon, to the extent of the sum or sums so paid.

Any 2003C Bond may be transferred only upon the Bond Register upon surrender thereof to the Trustee duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney or legal representative in such form as shall be satisfactory to the Trustee. Upon any such transfer, the Commission shall execute and the Trustee shall authenticate and deliver in exchange for such 2003C Bond a new 2003C Bond or 2003C Bonds, registered in the name of the transferee, of any Authorized Denomination and of the same maturity and series and bearing interest at the same rate.

The Trustee may charge an amount sufficient to reimburse it for any tax, fee or other governmental charge required to be paid in connection with any such transfer, registration, conversion or exchange plus such amount as the Commission deems appropriate for such transfer, registration, conversion or exchange. The Trustee shall not be required to (i) transfer or exchange any 2003C Bond during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of such 2003C Bond and ending at the close of business on the day of such mailing, or (ii) transfer or exchange any 2003C Bond so selected for redemption in whole or in part, or during a period beginning at the opening of business on any Record Date for such 2003C Bond and ending at the close of business on the relevant Interest Payment Date therefor. See also "APPENDIX D – SECURITIES DEPOSITORY" herein for further information regarding registration, transfer and exchange of the 2003C Bonds.

The Indenture, and all provisions thereof, are incorporated by reference in the text of the 2003C Bonds, and the 2003C Bonds provide that each registered owner, Beneficial Owner, Participant or Indirect Participant (as such terms are defined hereinafter) by acceptance of a 2003C Bond (including receipt of a book-entry credit evidencing an interest therein) assents to all of such provisions as an explicit and material portion of the consideration running to the Commission to induce it to issue such 2003C Bond.

REDEMPTION OF THE 2003C BONDS

Optional Redemption. The 2003C Bonds are subject to redemption prior to maturity at any time on and after December 1, 2018, as a whole or in part by lot, at the option of the Commission at par, plus accrued interest to the date of redemption, all in the manner provided by the Indenture.

Mandatory Redemption. The 2003C Bonds maturing on December 1, 2032, are subject to mandatory sinking fund redemption on December 1st of each of the following years, as follows:

<u>December 1</u>	<u>Principal Amount</u>
2030	\$20,500,000
2031	21,350,000
2032*	22,250,000

* Stated maturity.

Redemption Procedures. If less than all of the 2003C Bonds which are stated to mature on the same date shall be called for redemption, the particular 2003C Bonds or portions of 2003C Bonds to be redeemed shall be selected by lot by the Trustee or in such manner as the Trustee deems fair and appropriate; provided, however, that the Trustee shall treat each Bond as representing that number of 2003C Bonds respectively which is obtained by dividing the principal amount thereof by \$5,000.

In the event of any such redemption, either in whole or in part, official notice of any such redemption shall be given by the Trustee on behalf of the Commission by mailing a copy of an official redemption notice by first class mail at least 30 days and not more than 60 days prior to the redemption date to each Registered Owner of the 2003C Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Trustee. As long as DTC remains the sole registered owner of the 2003C Bonds, notice of redemption shall be sent to DTC as provided in the Indenture. Such mailing shall not be a condition precedent to such redemption and failure to mail any such notice shall not affect the validity of the proceedings for the redemption of 2003C Bonds. Notice of redemption having been given as aforesaid, the 2003C Bonds or portions thereof so called for redemption shall become due and payable at the applicable redemption price therein provided, and from and after the date so fixed for redemption, interest on the 2003C Bonds or portions thereof so called for redemption shall cease to accrue and become payable. Any failure of DTC to advise any DTC Participant, or of any DTC Participant or Indirect Participant to notify the Beneficial Owner, of any such notice and its content or effect will not affect the validity of the redemption of the 2003C Bonds called for redemption or of any other action premised on such notice. See "APPENDIX D – "SECURITIES DEPOSITORY."

Selection of 2003C Bonds to be Redeemed. 2003C Bonds shall be redeemed only in Authorized Denominations. If less than all 2003C Bonds are to be redeemed and paid prior to maturity, such 2003C Bonds shall be selected by the Trustee by such method as the Trustee shall deem fair and appropriate. In the case of a partial redemption of 2003C Bonds when 2003C Bonds of denominations greater than the minimum Authorized Denomination are then Outstanding, then for all purposes in connection with such redemption each principal amount equal to the minimum Authorized Denomination shall be treated as though it was a separate 2003C Bond of the minimum Authorized Denomination. If it is determined that a portion, but not all, of the principal amount represented by any 2003C Bond is to be selected for redemption, then upon notice of intention to redeem such portion, the Owner of such 2003C Bond or such Owner's attorney or legal representative shall forthwith present and surrender such 2003C Bond to the Trustee (1) for payment of the redemption price (including the premium, if any, and interest to the date fixed for redemption) of the principal amount called for redemption, and (2) for exchange, without charge to the Owner thereof for a new 2003C Bond or 2003C Bonds of the aggregate principal amount of the unredeemed portion of the principal amount of such 2003C Bond. If the Owner of any such 2003C Bond shall fail to present such 2003C Bond to the Trustee for payment and exchange as aforesaid, said 2003C Bond shall, nevertheless, become due and payable on the redemption date to the extent of the principal amount called for redemption (and to that extent only).

Notice and Effect of Call for Redemption. Official notice of any such redemption shall be given by the Trustee on behalf of the Commission by mailing a copy of an official redemption notice by first class mail at least 30 days and not more than 60 days prior to the redemption date to each Registered Owner of the 2003C Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Trustee. As long as DTC remains the sole registered owner of the 2003C Bonds, notice of redemption shall be sent to DTC as provided in the Indenture. Such mailing shall not be a condition precedent to such redemption and failure to mail any such notice shall not affect the validity of the proceedings for the redemption of 2003C Bonds. Notice of

redemption having been given as aforesaid, the 2003C Bonds or portions thereof so called for redemption shall become due and payable at the applicable redemption price therein provided, and from and after the date so fixed for redemption, interest on the 2003C Bonds or portions thereof so called for redemption shall cease to accrue and become payable. Any failure of DTC to advise any DTC Participant, or of any DTC Participant or Indirect Participant to notify the Beneficial Owner, of any such notice and its content or effect will not affect the validity of the redemption of the 2003C Bonds called for redemption or of any other action premised on such notice. See "APPENDIX D – "SECURITIES DEPOSITORY."

In the case of an optional redemption, the notice may state (1) that it is conditioned upon the

contract and only if such contract is either executed and delivered substantially concurrently with the issuance of any of the Bonds to which it relates or if, among other requirements, each Rating Agency which then has a rating assigned to any Bond that would be secured on parity with the Commission's obligation under said contract confirms in writing to the Trustee that the Commission's execution and delivery of such contract will not result in a reduction or withdrawal of such rating.

A Reimbursement Obligation means an obligation of the Commission pursuant to a Reimbursement Agreement to repay any amounts drawn under a Credit Facility, to pay any interest on such drawn amounts pursuant to such Reimbursement Agreement and to pay any Bank Fee owed pursuant thereto. A Reimbursement Agreement means an agreement between the Commission and one or more Banks pursuant to which, among other things, such Bank or Banks issues a Credit Facility with respect to Bonds of one or more series and the Commission agrees to reimburse such Bank or Banks for any drawings made thereunder.

Senior Bonds, Additional Senior Bonds, certain amounts payable under Parity Swap Agreements, and all amounts due under the Insurance Agreement or successor agreement thereto are senior in right of payment and security to the Subordinated Bonds; provided, however, that the Subordinated Bonds have a first lien on the Subordinated Bonds Debt Service Reserve Fund. See APPENDIX C, "SUMMARIES OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS." Upon any failure to make a principal, interest, or redemption payment with respect to the Senior Bonds, the Trustee may, and upon the written request of the holders of not less than 25% in principal amount of the Senior Bonds then outstanding shall, declare the principal of all of the Bonds, including the Senior Bonds and the Subordinated Bonds, to be due and payable. The failure to make any payment with respect to the Subordinated Bonds shall not constitute a default with respect to the Senior Bonds. Upon any other default specified in the Indenture including any failure to make a principal, interest or redemption payment with respect to the Subordinated Bonds, the Trustee may proceed, and upon the written request of the holders of not less than 25% in principal amount of the Bonds Outstanding (provided that if said event of default pertains only to one series of Bonds, then the written request of the holders of 25% or more of the principal amount of such series of Bonds) shall proceed to protect and enforce its rights and the rights of the Bondholders under the laws of the Commonwealth or under the Indenture by such suits, actions, or special proceedings either for the specific performance of any covenant or agreement in the Indenture or in aid of execution of any power granted in the Indenture or for the enforcement of any proper legal or equitable remedy, as the Trustee shall deem reasonable or necessary to protect and enforce such rights. See APPENDIX C, "SUMMARIES OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS-Remedies."

In connection with the initial issuance of the 2003C Bonds and certain Parity Swap Agreements in the initial aggregate notional amount of \$160,000,000 entered into by the Commission with respect to the 2003C Bonds, the Commission and MBIA Insurance Corporation ("**MBIA**") entered into an Insurance and Reimbursement Agreement dated as of August 1, 2003 (the "**Insurance Agreement**"), under which MBIA agreed to issue its financial guaranty insurance policies insuring the timely payment of amounts due on the 2003C Bonds (the "**2003 Bond Insurance Policies**") and its insurance policies guaranteeing the payment of certain amounts due by the Commission to the counterparties under the Parity Swap Agreements entered into in connection with the 2003C Bonds (the "**Swap Policies**"), and the Commission agreed, among other things, to reimburse MBIA for any losses that it may suffer as a result of the failure of the Commission to perform or comply with the covenants and conditions contained in the Insurance Agreement and the Related Documents ("**Related Documents**" being the 2003C Bonds, the Indenture, the Parity Swap Agreements related to the 2003C Bonds and the various other agreements executed in connection with the issuance of the 2003 Bonds) or enforcing any covenants or conditions under the Insurance Agreement or the Related Documents. Payments which the Commission expressly agreed to make to MBIA include, among others, the payment of premiums due for issuance of the bond insurance and swap policies and the reimbursement of all payments made by MBIA under the term of the 2003 Bond Insurance Policies or the Swap Policies. Payments due by the Commission to MBIA under the Insurance Agreement are secured under the Indenture on a parity basis with Senior Bonds, Additional Senior Bonds, and certain amounts payable under Parity Swap Agreements, and are senior in right of payment and security to the Subordinated Bonds. See "INTEREST RATE SWAP AGREEMENTS - Swaps Associated With Oil Franchise Tax Bonds and Other Commission Bonds."

Payments due by the Commission on the two constant maturity swaps entered into by the Commission with respect to the 2003C Bonds are not insured. See "INTEREST RATE SWAP AGREEMENTS - Swaps Associated With Oil Franchise Tax Bonds and Other Commission Bonds."

Upon the occurrence and continuance of a debt service or mandatory redemption payment event of default described in the Indenture, the Trustee shall, and upon the occurrence and continuance of any other event of default, the Trustee may (and upon the written direction of the Commission or the holders of not less than 25% of the outstanding principal amount of either the Senior Bonds or the Subordinated Bonds, shall) appoint a co-trustee to represent the holders of the Subordinated Bonds. **Commission revenues from the operation of the System are not sources of payment or security for the 2003C Bonds.**

BOND INSURANCE

Payment of principal of and interest on the 2003C Bonds when due are insured by a financial guaranty insurance policy issued by MBIA. See "BOND INSURANCE."

FLOW OF FUNDS

The Oil Franchise Tax is collected by the Commonwealth Department of Revenue and deposited into the Motor License Fund of the Commonwealth held by the Department of Transportation. Once each month on or prior to the 20th day of the month, the Department of Transportation pays to the Commission the Commission Allocation collected and deposited into the Motor License Fund during the immediately preceding calendar month; provided, however, that if in any year the actual Commission Allocation to be distributed to the Commission exceeds the amount included in the Governor's executive authorization at the beginning of such year, distribution of the excess amount to the Commission may be delayed until a new executive authorization is obtained, which may not occur until the beginning of the next fiscal year of the Commonwealth. The Commission has irrevocably directed the Treasurer to make payment of all such amounts directly to the Trustee, and the Trustee, upon receipt of such amounts, shall deposit the moneys, as received, into the Revenue Fund created under the Indenture. See "OIL FRANCHISE TAX - Commission Allocation."

The Indenture also creates a Senior Bonds Debt Service Fund and a Subordinated Bonds Debt Service Fund and, within such funds, Interest Accounts, Principal Accounts, and the Insured Swap Payment Account. The Commission Allocation and any other Tax Revenues received by the Trustee, whether directly from the Commonwealth or received by the Commission and paid to the Trustee, are to be deposited into the Revenue Fund. Additionally, Swap Receipts are to be deposited into the Revenue Fund. The Indenture provides that the Trustee shall withdraw from the Revenue Fund and deposit to the applicable accounts in the debt service funds, on an equal monthly basis, such amounts as shall be sufficient to make the required semi-annual interest payments and the required annual redemption or maturity payments on the Bonds.

The Trustee shall withdraw from the Revenue Fund and deposit into the applicable Fund, on or before the last Business Day of each calendar month, or at such other time as withdrawal is required under a Parity Swap Agreement or the Insurance Agreement, in the following order of priority:

(1) In the same order of priority, (a) a deposit to the Interest Account of the Senior Bonds Debt Service Fund in an amount equal to one-sixth of the interest due on the Senior Bonds on the next succeeding Interest Payment Date (including any amount due to the Series 2003 Bond Insurer in respect thereto under the terms of the Insurance Agreement) and the Insured Swap Payment (regularly scheduled payments and Insured Termination Payments) payable to the Parity Swap Agreement Counterparty pursuant to the Parity Swap Agreements; (b) a deposit to the Principal Account of the Senior Bonds Debt Service Fund in an amount equal to one-twelfth of the amount necessary to pay the principal amount of any Senior Bonds maturing on the next succeeding maturity date occurring on or before the second Interest Payment Date following such deposit; and (c) without duplication, a deposit to the Senior Bonds Sinking Fund in an amount equal to one-twelfth of the principle amount required on the next succeeding mandatory redemption date of the Senior Bonds occurring on or before the second Interest Payment Date following such deposit;

(2) In the same order of priority, (a) a deposit to the Interest Account of the Subordinated Bonds Debt Service Fund in an amount equal to one-sixth of the interest due on the Subordinated Bonds on the next succeeding Interest Payment Date (including any amounts due with respect thereto under the terms of the Insurance Agreement); (b) a deposit to the Interest Account of the Subordinated Bonds Debt Service Fund in an amount equal to one-twelfth of the amount necessary to pay the principal amount of any Subordinated Bonds maturing on the next succeeding maturity date occurring on or before the second Interest Payment Date following such deposit; and (c) without duplication, a deposit to the Subordinated Bonds Sinking Fund in an amount equal to one-twelfth of the principal amount required on the next succeeding mandatory redemption date of the Subordinated Bonds occurring on or before the second Interest Payment Date following such deposit.

(3) The amount, if any, required to make the funds deposited in the Subordinated Bonds Debt Service Reserve Fund equal to the Subordinated Bonds Debt Service Reserve Requirement to be made on or before the Business Day immediately preceding an Interest Payment Date.

The Trustee shall make payments from the applicable Funds, without further authorization from the Commission, for the purposes for which such Funds were established.

After making all the aforesaid deposits, the Trustee is required to transfer from the Revenue Fund, on or before the Business Day immediately preceding an Interest Payment Date, to the credit of the Oil Franchise Tax General Fund the balance, if any, in excess of \$10,000,000 remaining in the Revenue Fund. The current balance in the Oil Franchise Tax General Fund is approximately \$92,600,000. Funds in the Oil Franchise Tax General Fund represent excess oil franchise tax revenues not required for Debt Service and such funds may be used by the Commission for any of its purposes. See "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS - Revenue Fund Excess Balance and Oil Franchise Tax General Fund."

SEE "EXHIBIT C, SUMMARIES OF CERTAIN PROVISIONS OF LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS- THE INDENTURE - Senior Bonds Debt Service Fund - Senior Bonds Sinking Fund - Subordinated Bonds Debt Service Fund - Subordinated Bonds Sinking Fund - Subordinated Bonds Debt Service Reserve Fund - Oil Franchise Tax General Fund."

SUBORDINATED BONDS DEBT SERVICE RESERVE FUND

In addition to the other security described herein, there is a Subordinated Bonds Debt Service Reserve Fund (the "Subordinated Bonds Debt Security Reserve Fund") for the benefit of the holders of the Subordinated Bonds on a parity basis. The Subordinated Bonds Debt Service Reserve Requirement for the Subordinated Bonds Debt Service Reserve Fund is an amount equal to one-half of the maximum Principal and Interest Requirements for any succeeding Fiscal Year on account of the Subordinated Bonds.

Moneys held for the credit of the Subordinated Bonds Debt Service Reserve Fund shall be used for the purpose of paying interest on maturing principal of and mandatory sinking fund redemption prices of the Subordinated Bonds whenever and to the extent that the moneys held for the credit of the Subordinated Bond Debt Service Fund or any applicable account in any Sinking Fund shall be insufficient for such purpose.

In lieu of the deposit of money into the Subordinated Bonds Debt Service Reserve Fund, the Commission may, with the written consent of the Bond Insurer, cause to be provided a surety bond or surety bonds or an insurance policy or policies (which surety bond, the issuer thereof, and the amount thereof shall be approved in writing by the Bond Insurer) payable to the Trustee for the benefit of the holders of the Subordinated Bonds or a letter of credit in an amount equal to the difference between the Subordinated Bonds Debt Service Reserve Requirement and the amounts then on deposit in the Subordinated Bonds Debt Service Reserve Fund. The surety bond, insurance policy or letter of credit shall be payable (upon the giving of one Business Day's notice) on any Interest Payment Date on which moneys will be required to be withdrawn from the Subordinated Bonds Debt Service Reserve Fund and applied to the payment of the principal of or interest on the Subordinated Bonds to the extent that such withdrawals cannot be made from amounts credited to the Subordinated Bonds Debt Service Reserve Fund. The insurer providing such surety bond or insurance policy shall be an insurer whose municipal

bond insurance policies insuring the payment, when due, of the principal of and interest on municipal bond issues result in such issues being rated in the highest rating category by each Rating Agency. The letter of credit issuer shall be a bank or trust company which is rated not lower than the second highest rating category by the Rating Agency, and the letter of credit itself shall be rated in the highest category of such Rating Agency.

If the issuer of a surety bond, insurance policy, or letter of credit on deposit in the Subordinated Bonds Debt Service Reserve Fund shall cease to have a rating described in the immediately preceding paragraph, the issuer of such surety bond, insurance policy, or letter of credit shall immediately notify the Commission, the Bond Insurer, and the Trustee in writing, and the Commission shall use reasonable efforts to replace such surety bond, insurance policy, or letter of credit with one issued by an issuer having a rating so described, consented to in writing by the Bond Insurer, but shall not be obligated to pay, or commit to pay, increased fees, expenses, or interest in connection with such replacement or to deposit Tax Revenues in the Subordinated Bonds Debt Service Reserve Fund in lieu of replacing such surety bond, insurance policy, or letter of credit with another; provided, however, that the Commission shall at all times fund the Subordinated Bonds Debt Service Fund with cash or with a surety bond at an acceptable rating to the Bond Insurer. Holders of the 2003C Bonds shall have no claim to the Subordinated Bonds Debt Service Reserve Fund.

See APPENDIX C, "SUMMARIES OF CERTAIN PROVISIONS OF LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS -THE INDENTURE-Subordinated Bonds Debt Service Reserve Fund."

REVENUE FUND EXCESS BALANCE AND OIL FRANCHISE TAX GENERAL FUND

The Commission transferred \$10,000,000 from the Oil Franchise Tax General Fund into the Revenue Fund on the date of issuance of the 1998 Bonds. All Tax Revenues to be received from the Commonwealth are to be paid to the Trustee for deposit into the Revenue Fund. The Indenture provides that, after first having made the required debt service and sinking fund payments out of the Revenue Fund, the Trustee shall transfer from the Revenue Fund on or before the Business Day immediately preceding an Interest Payment Date to the credit of the Oil Franchise Tax General Fund the balance, if any, in excess of \$10,000,000 remaining in the Revenue Fund.

The Oil Franchise Tax General Fund shall be used to make up deficiencies in any funds or accounts created under the Indenture and, in the absence of any such deficiency, may be expended by the Commission (a) to purchase or redeem Bonds or any other obligations issued by the Commission; (b) to make payments into the Construction Fund; (c) to fund improvements, extensions and replacements of the Pennsylvania Turnpike System; (d) to make any payment due under the Parity Swap Agreements that was not paid by moneys withdrawn from the Revenue Fund (provided the Commission has moneys available to pay debt service on the Senior Obligations for the next 12 months); or (e) to further any lawful corporate purpose permitted by the Enabling Acts. See "APPENDIX C -- SUMMARIES OF CERTAIN PROVISIONS OF LEGAL DOCUMENTS; DEFINITIONS OF CERTAIN TERMS."

ADDITIONAL BONDS

The Indenture provides for the issuance of Additional Senior Bonds and Additional Subordinated Bonds. The Additional Bonds may be issued under and secured by the Indenture at any time or times for the purpose of paying the cost of all or any part of any Project or completion of any Project or for the purpose of refunding or advance refunding all or any portion of the Bonds then outstanding and, in each case, paying costs incurred in connection with the issuance of such Additional Bonds and making any necessary contributions to the Subordinated Bonds Debt Service Reserve Fund. The following things, among others, must be filed with the Trustee as a condition to the issuance of any Additional Bonds except with respect to certain Additional Bonds issued for refunding purposes, as described under the immediately following heading, a certificate signed by the Treasurer, Assistant Treasurer, Chief Financial Officer, or Deputy Executive Director/Finance and Administration of the Commission, (the "**Treasurer's Certificate**") demonstrating and concluding that the Historic Tax Revenues (as described below) were not less than 200% of the Maximum Principal and Interest Requirements on account of all Senior Bonds to be outstanding under the Indenture after the issuance of the Additional Senior Bonds and not less than

115% of the Maximum Principal and Interest Requirements on account of all Bonds to be outstanding under the Indenture after the Issuance of the Additional Subordinated Bonds.

In any computation of Historic Tax Revenues for purposes of the test described above, if the rate or rates at which the Oil Franchise Tax are imposed or the percentage of Tax Receipts to be received by the Commission during all or any part of the period for which any such calculation is made shall be different from the rate or rates at which the Oil Franchise Tax is imposed or the percentage of Tax Receipts received by the Commission in effect at the time such calculation is made, there shall be added to or deducted from said Tax Revenues so calculated, any increase or decrease in the Tax Revenues for such period which would result from such different rate or rates or percentage.

"Tax Receipts" are defined in the Indenture as the amounts received by the Trustee from the Commonwealth and paid from the Oil Franchise Tax.

"Tax Revenues" are defined in the Indenture as the Tax Receipts or any receipts, revenues and other money received by the Trustee on or after the date of the Indenture from any tax or other source of funds from the Commonwealth in substitution and/or replacement of the Tax Receipts and the interest and income earned on any fund or account where said interest or income is required to be credited to the Revenue Fund pursuant to the Indenture, but excluding any moneys received by way of grant or contribution from any governmental agency or other entity specifically designated by the grantor or contributor for a particular purpose.

"Historic Tax Revenues" are defined in the Indenture, as the Tax Revenues for any 12 consecutive calendar months during the then previous 24 calendar months with such adjustments as may be required pursuant to the Indenture and shall exclude the Initial Deposit.

ADDITIONAL BONDS FOR REFUNDING PURPOSES

If the Additional Senior Bonds to be issued are for refunding purposes, the Commission shall not be required to deliver the Treasurer's Certificate if there is delivered to the Trustee a Certificate signed by the Treasurer, Assistant Treasurer, Chief Financial Officer, or Deputy Executive Director/Finance and Administration of the Commission demonstrating that the percentage derived by dividing the amount of the Historic Tax Revenues by the Maximum Annual Principal and Interest Requirements on Senior Bonds outstanding after delivery of such Additional Senior Bonds shall be either (i) at least 200% or (ii) not less than the percentage obtained by dividing such amounts prior to delivery of such Additional Senior Bonds. If the Additional Subordinated Bonds to be issued are for refunding purposes, the Commission shall not be required to deliver the Treasurer's Certificate if there is delivered to the Trustee a Certificate signed by the Treasurer, Assistant Treasurer, Chief Financial Officer, or Deputy Executive Director/Finance and Administration of the Commission demonstrating that the percentage derived by dividing the amount of the Historic Tax Revenues by the Maximum Principal and Interest Requirements on Bonds outstanding after delivery of such Additional Subordinated Bonds shall be either (i) at least 115% or (ii) not less than the percentage obtained by dividing such amounts prior to delivery of such Additional Subordinated Bonds.

OIL FRANCHISE TAX

The Oil Franchise Tax was first imposed in 1981 by Act 35, in the amount of 35 mills on each gallon of petroleum. The tax was increased by an additional 25 mills in 1983 by Act 32, an additional 55 mills in 1991, and an additional 38.5 mills in 1997 to a total of 153.5 mills on gasoline. An additional 55 mills for a total of 208.5 mills (a part of the tax added in 1997) is a tax imposed on diesel fuel alone.

The additional 55 mills added in 1991, imposed on liquid fuels and fuels, is distributed as follows:

- (i) 42% Maintenance;
- (ii) 17% Highway capital projects;
- (iii) 13% Bridges;
- (iv) 2% County and forestry bridges;

- (v) 12% Municipalities
- (vi) 14% Toll Roads.

COMMISSION ALLOCATION

The Commission Allocation of the Oil Franchise Tax consists of 14% of the additional 55 mills of the Oil Franchise Tax which 55 mills became effective pursuant to Act 26 beginning on September 1, 1991. The law provides for monthly payments to the Commission. As the Oil Franchise Tax Revenues are collected by the Department of Revenue, they are required to be deposited into a restricted account of the Motor License Fund of the Commonwealth held by the Department of Transportation. No administrative fees or expenses are deducted and no earnings are added.

The administrative process for paying the Commission Allocation involves an executive authorization, based on official revenue estimates, executed by the Governor each year at or prior to the beginning of the Commonwealth's fiscal year which ends on June 30 each year. The Commission's fiscal year ends on May 31 each year. The Governor is required by law to authorize payment of the Commission Allocation. Such authorization is based on estimated Oil Franchise Taxes at the beginning of the year and authorizes payment of the Commission Allocation monthly as described above based on such estimates. If the amount collected during the year varies from the estimate, a reconciliation is prepared by the Commonwealth and there is a subsequent adjustment of payments. Payments to the Commission are made in accordance with the current Department of Revenue administrative procedure, on a priority basis over other uses of the Oil Franchise Tax. This priority procedure is not mandated by statute.

PLEDGE AND APPROPRIATION

Section 9511(h) of Chapter 95 of Title 75 of the Pennsylvania Consolidated Statutes provides as follows:

The Commonwealth does hereby pledge to and agrees with any person, firm or corporation acquiring any bonds to be issued by the Pennsylvania Turnpike Commission and secured in whole or in part by a pledge of the portion of the tax known as the "oil company franchise tax for highway maintenance and construction" which is imposed by Section 9502(a)(2) and distributed in the manner indicated in that section, including 14% for toll roads designated under the Turnpike Organization, Extension and Toll Road Conversion Act, that the Commonwealth will not limit or alter the rights vested in the Pennsylvania Turnpike Commission to the appropriation and distribution of such tax revenues.

Upon original issuance of the 2003C Bonds, Bond Counsel delivered its opinion that, pursuant to the Oil Franchise Tax Act, the Commission Allocation has been appropriated by the Commonwealth and does not require further legislative appropriation or approval. See APPENDIX C - "FORM OF OPINION OF CO-BOND COUNSEL."

In the Indenture, the Commission also covenants that it will seek to enforce the pledge and appropriation of the Commonwealth with respect to the Oil Franchise Tax and covenants that the Commission will petition the General Assembly for additional funds in the event that the Tax Revenues are inadequate to pay amounts due under the Indenture.

The Trustee may and, upon receipt of written direction from the holders of not less than twenty-five (25%) in principal amount of the Bonds then outstanding and upon being indemnified to its satisfaction, shall institute and prosecute in a court of competent jurisdiction any appropriate action to enforce the pledge and appropriation of the Commonwealth with respect to the Oil Franchise Tax.

ACT 3

Act 3 revised certain of the provisions of Act 26 which contains the appropriation of the Commission Allocation of the Oil Franchise Tax. These revisions include the clarification of the definitions

of liquid fuels and fuels as the subjects of the tax. In addition, Act 3 designated distributors rather than the previously designated dealers as payors of the Oil Franchise Tax.

Act 3 required that each distributor obtain an annual fuels permit in order to engage in the sale and delivery of liquid fuels within the Commonwealth. The renewal of such permit is conditioned on the filing of a surety bond or letter of credit as security for its obligation to pay the tax and the distributor faithfully complying with the requirement to pay the Oil Franchise Tax. The amount of the surety bond or letter of credit is based on each distributor's historic tax payments.

Act 3 further provided that all appropriate Oil Franchise Taxes collected by the distributors shall constitute a trust fund for the Commonwealth. The trust is enforceable against the distributor and any person receiving any part of the funds, without consideration or knowing that the distributor is committing a breach of trust, is personally responsible to the Commonwealth. Unpaid taxes for which a trust is enforced against the officers of the distributor is a lien upon the franchise and property of such distributor and officer.

LIQUID FUELS AND FUELS AS THE SUBJECTS OF OIL FRANCHISE TAX

The Oil Company Franchise Tax, which is designated as a tax for highway maintenance and construction, is imposed by Section 9502 of Chapter 95 of Title 75 of the Pennsylvania Consolidated Statutes upon all "liquid fuels" and "fuels." Ethanol currently is not treated as a "liquid fuel" or a "fuel" so the Oil Franchise Tax is not imposed upon ethanol or other "alternative fuels," as that term is defined in the above-referenced Section 9502.

"Liquid fuels" are defined as all products derived from petroleum, natural gas, coal, coal tar, vegetable ferments, and other oils. The term includes gasoline, naphtha, benzol, benzine, or alcohols, either alone or when blended or compounded, which are practically and commercially suitable for use in internal combustion engines for the generation of power or which are prepared, advertised, offered for sale, or sold for use for that purpose. The term does not generally include kerosene, fuel oil, gas oil, diesel fuel, tractor fuel by whatever trade name or technical name known having an initial boiling point of not less than 200 degrees Fahrenheit and of which not more than 95% has been recovered at 464 degrees Fahrenheit (ASTM method D-86), liquefied gases which would not exist as liquids at a temperature of 60 degrees Fahrenheit and pressure of 14.7 pounds per square inch absolute, or naphthas and benzols and solvents sold for use for industrial purposes.

"Fuels" are defined as including diesel fuel and all combustible gases and liquids used for the generation of power in aircraft or aircraft engines, or used in an internal combustion engine for the generation of power to propel vehicles on the public highways. The term does not include liquid fuels or dyed diesel fuel. Notwithstanding the foregoing, a separate aviation or fuels tax, in lieu of the Oil Franchise Tax, is imposed on aviation fuels.

"Alternative Fuels" are defined as natural gas, compressed natural gas (CNG), liquefied natural gas (LNG), liquid propane gas and liquefied petroleum gas (LPG), alcohols, gasoline-alcohol mixtures containing at least 85% alcohol by volume, hydrogen, hythane, electricity and any other fuel used to propel motor vehicles on the public highways which is not taxable as fuels or liquid fuels.

The Commonwealth's liquid fuels tax statute exempts fuel used by or sold to the United States government, the Commonwealth and its political subdivisions, volunteer fire companies, volunteer ambulance services and volunteer rescue squads, second class county port authorities and nonpublic schools not operated for profit. Such exemptions also are applied to the Oil Franchise Tax. The Department of Revenue may require purchasers of liquid fuels and fuels to provide the selling oil company with documentation to substantiate any portion of its purchases which are to be used for a nontaxable purpose.

COLLECTION AND CALCULATION OF OIL FRANCHISE TAX

The Commonwealth Department of Revenue (the "**Department of Revenue**") is charged with the enforcement of the provisions of Chapters 90 and 95 of Title 75 of the Pennsylvania Consolidated Statutes. All taxes, interest and penalties imposed by Chapter 95 of Title 75 of the Pennsylvania

Consolidated Statutes are to be deposited in the Motor License Fund and that amount resulting from the 55 mills is allocated, as described above under this caption "OIL FRANCHISE TAX."

The Oil Franchise Tax is imposed and collected upon all gallons of taxable liquid fuels and fuels on a "cents-per-gallon equivalent basis." Distributors are liable to the Commonwealth for the collection and payment of this tax which is required to be collected by the distributor at the time the liquid fuels and fuels are used or sold and delivered by the distributor.

The collection on a "cents-per-gallon equivalent basis" (millage rate) is defined as the average wholesale price per gallon multiplied by the decimal equivalent of the tax imposed which, in the case of the Commission, is the additional 55 mills added in 1991 multiplied by 14%. The average wholesale price means the average wholesale price per gallon of all taxable liquid fuels and fuels, excluding the federal excise tax and all liquid fuels taxes, as determined by the Department of Revenue for the 12-month period ending on the September 30 immediately prior to January 1 of the year for which the rate is to be set. The statute provides that the average wholesale price for purposes of calculating the Oil Franchise Tax shall not be less than \$0.90 nor more than \$1.25 per gallon.

AMOUNTS OF OIL FRANCHISE TAX COLLECTED

The following table lists the amounts of Oil Franchise Tax collected by the Commonwealth and deposited into the Motor License Fund in each of the last ten fiscal years of the Commonwealth and sets forth the estimated Oil Franchise Tax collections for 2007 through 2011 as set forth in the Governor's Executive Budget for the Commonwealth's '06-'07 fiscal year. The historical Commission Allocation presented below reflects actual receipts by the Commission.

- 1 Except as noted, amounts shown in this table are cash received and deposited into the Motor License Fund; these amounts may therefore vary from amounts shown on an accrual basis used for financial accounting statement purposes.
- 2 Amounts shown as "Commission Allocation" are 14% of the 55 mills of Oil Franchise Tax distributed to the Commission from the Motor License Fund. Historical payments reflect actual distribution to the Commission. Annual Commission Allocation is shown for Commonwealth's fiscal year. The amounts shown are subject to annual adjustments made by PennDot before transfer to the Commission.
- 3 Estimates included in the Governor's Executive Budget for the Commonwealth's 2008-09 fiscal year. The estimates shown vary from year to year depending primarily on the timing of payment dates. Commission Allocation estimates are determined by multiplying Commission's 14% allocation by the total estimated revenues from the additional 55 mills.

The table provided below does not purport to include all fuels on which the Oil Franchise Tax is calculated. ESTIMATED DEBT SERVICE COVERAGE

Based on the information set forth on the previous page, the following table has been compiled to show debt service coverage of the estimated maximum annual debt service for the Bonds. The analysis presented as adjusted historical coverage below calculates the hypothetical Senior Bonds and total debt service coverage by actual historical Tax Receipts, assuming that certain 1998 Bonds, 2003 Fixed Rate Bonds, 2003C Bonds and the 2006 Bonds were outstanding in the fiscal years indicated and that the Revenue Fund structure created by the Indenture was in place. Additionally, the adjusted historical coverages set forth assume that certain 1998 Bonds, 2003 Fixed Rate Bonds, 2003C Bonds and the 2006 Bonds are the only series of Oil Franchise Tax Bonds outstanding.

¹ Actual Commission Allocation received through FY 2007.

² With respect to FY 1997 through 2005, computed on the basis of Maximum Principal and Interest Requirements on the Senior Bonds. With respect to the 2003C Bonds, the fixed swap rate payable by the Commission to the swap counterparty plus annual broker-dealer and related fees to be paid by the Commission is used in lieu of the variable rate on the underlying 2003C Bonds. This Parity Swap Agreement is in place until the final maturity of the 2003C Bonds. This Parity Swap Agreement is of the same notional amount and for the same term as the 2003C Bonds. The Commission currently intends to enter into an amendment to this Parity Swap Agreement. See "INTEREST RATE SWAP AGREEMENT – Swaps Associated With Oil Franchise Tax Bonds And Other Commission Bonds." Payments made or received under the constant maturity swaps in place with respect to the 2003C Bonds are not incorporated into the computation of debt service.

The MBIA Insurance Corporation Insurance Policy

The following information has been furnished by MBIA Insurance Corporation ("MBIA") for use in this Remarketing Circular. Reference is made to Appendix F for a specimen of MBIA's policy (the "Policy").

MBIA does not accept any responsibility for the accuracy or completeness of this Remarketing Circular or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Policy and MBIA set forth under this heading "Bond Insurance". Additionally, MBIA makes no representation regarding the 2003C Bonds or the advisability of investing in the 2003C Bonds.

The MBIA Policy unconditionally and irrevocably guarantees the full and complete payment required to be made by or on behalf of the Commission to the Paying Agent or its successor of an amount equal to (i) the principal of (either at the stated maturity or by an advancement of maturity pursuant to a mandatory sinking fund payment) and interest on, the 2003C Bonds as such payments shall become due but shall not be so paid (except that in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments guaranteed by the MBIA Policy shall be made in such amounts and at such times as such payments of principal would have been due had there not been any such acceleration, unless MBIA elects in its sole discretion, to pay in whole or in part any principal due by reason of such acceleration); and (ii) the reimbursement of any such payment which is subsequently recovered from any Owner of the 2003C Bonds pursuant to a final judgment by a court of competent jurisdiction that such payment constitutes an avoidable preference to such Owner within the meaning of any applicable bankruptcy law (a "Preference").

MBIA's Policy does not insure against loss of any prepayment premium which may at any time be payable with respect to any 2003C Bonds. MBIA's Policy does not, under any circumstance, insure against loss relating to: (i) optional or mandatory redemptions (other than mandatory sinking fund redemptions); (ii) any payments to be made on an accelerated basis; (iii) payments of the purchase price of 2003C Bonds upon tender by an owner thereof; or (iv) any Preference relating to (i) through (iii) above. MBIA's Policy also does not insure against nonpayment of principal of or interest on the 2003C Bonds resulting from the insolvency, negligence or any other act or omission of the Paying Agent or any other paying agent for the 2003C Bonds.

Upon receipt of telephonic or telegraphic notice, such notice subsequently confirmed in writing by registered or certified mail, or upon receipt of written notice by registered or certified mail, by MBIA from the Paying Agent or any owner of a Bond the payment of an insured amount for which is then due, that such required payment has not been made, MBIA on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with U.S. Bank Trust National Association, in New York, New York, or its successor, sufficient for the payment of any such insured amounts which are then due. Upon presentment and surrender of such 2003C Bonds or presentment of such other proof of ownership of the 2003C Bonds, together with any appropriate instruments of assignment to evidence the assignment of the insured amounts due on the 2003C Bonds as are paid by MBIA, and appropriate instruments to effect the appointment of MBIA as agent for such owners of the 2003C Bonds in any legal proceeding related to payment of insured amounts on the 2003C Bonds, such instruments being in a form satisfactory to U.S. Bank Trust National Association, U.S. Bank Trust National Association shall disburse to such owners or the Paying Agent payment of the insured amounts due on such 2003C Bonds, less any amount held by the Paying Agent for the payment of such insured amounts and legally available therefor.

INTEREST RATE SWAP AGREEMENTS

INTEREST RATE SWAP POLICY

The Commission has adopted an Interest Rate Swap Policy ("Policy") to establish guidelines for the use and management of all interest rate management agreements, including, but not limited to, interest rate swaps, swaptions, caps, collars and floors (collectively "Swaps" or "Agreements") incurred in connection with the incurrence of debt. The Commission may change the Policy in its sole discretion.

The Policy authorizes the Commission to use Swaps to hedge interest rate movement, basis risk and other risks, to lock-in a fixed rate or, alternatively, to create synthetic variable rate debt. Swaps may also be used to produce interest rate savings, limit or hedge variable rate payments, alter the pattern of

debt service payments, manage exposure to changing market conditions in advance of anticipated bond issues (through the use of anticipatory hedging instruments) or for asset/liability matching purposes. Key elements of the Policy include the following:

Swap Counterparties - Credit Criteria. The Commission will make its best efforts to work with qualified Swap counterparties that (i) have a general credit rating of least "A3" or "A-" by two of the nationally recognized rating agencies and not rated lower than "A3" or "A" by any nationally recognized rating agency, or (ii) have a "non-terminating" "AAA" subsidiary as rated by at least one nationally recognized credit rating agency.

Term and Notional Amount. For Swaps tied to an issued series of bonds, the term of the Swap agreement shall not extend beyond the final maturity date of the related bonds. The total net notional amount of all Swaps related to a bond issue should not exceed the amount of outstanding bonds. In calculating the net notional amount, netting credit shall be given to any Swaps that offset each other for a specific bond transaction.

Security and Source of Repayment. The Commission may use the same security and source of repayment (pledged revenues) for Swaps as is used for the bonds that are hedged by the Swap, if any, but shall consider the economic costs and benefits of subordinating the Commission's payments and/or termination payment under the Swap. The Commission shall consult with Bond Counsel regarding the legal requirements associated with making the payments under the Swap on a parity or non-parity basis with outstanding Commission debt.

Prohibited Agreements. The Commission will not use Agreements that:

- (i) Are speculative or create extraordinary leverage as risk;
- (ii) Lack adequate liquidity to terminate without incurring a significant bid/ask spread;
- (iii) Provide insufficient price transparency to allow reasonable valuation.

Annual Swap Report. The Commission's Director of Treasury Management, in consultation with the Commission's Financial Advisor, Swap Advisor and Bond Counsel, will evaluate the risks associated with outstanding Swaps at least annually and provide to the Senior Executives and the Commissioners a written report of the findings based upon criteria set forth in the Policy.

Disclosure and Financial Reporting. The Commission will ensure that there is full and complete disclosure of all Swaps to rating agencies, and in disclosure documents. Disclosure in marketing documents, including Bond offering documents, shall provide a clear summary of the special risks involved with Swaps and any potential exposure to interest rate volatility or unusually large and rapid changes in market value. With respect to its financial statements, the Commission will adhere to the guidelines for the financial reporting of Swaps, as set forth by the Government Accounting Standards Board or other applicable regulatory agencies.

There are a number of risks associated with Swaps that could affect the value of the Swaps, the ability of the Commission to accomplish its objectives in entering into the Swaps and the ability of the Commission to meet its obligations under the Swaps and with respect to the Bonds. These risks include, among others, the following: counterparty risk - the failure of the counterparty to make required payments; credit risk - the occurrence of an event modifying the credit rating of the Commission or its counterparty; termination risk - the need to terminate the transaction in a market that dictates a termination payment by the Commission; tax risk - the risk created by potential tax events that could affect Swap payments; basis risk - the mismatch between actual variable rate debt service and variable rate indices used to determine Swap payments; and collateralization risk - the risk that the Commission would be required to post collateral as security for the payment of obligations under a Swap. The Commission actively monitors the degree of risk and exposure associated with the Swaps to which it is a party but can offer no assurances that compliance with its policy will prevent the Commission from suffering adverse financial consequences as a result of these transactions.

SWAPS ASSOCIATED WITH OIL FRANCHISE TAX BONDS AND OTHER COMMISSION BONDS

The Commission has several interest rate exchange agreements with respect to other series of the Bonds, including the 2003C Bonds, as well as with respect to certain series of its Registration Fee Revenue Bonds and Turnpike Revenue Bonds. With respect to the 2003C Bonds, the Commission entered into a variable to fixed rate swap. This fixed rate swap is a Parity Swap Agreement which is of the same notional amount and for the same term as the 2003C Bonds. Certain payments required to be made by the Commission under this swap are insured by MBIA. See "SOURCES OF PAYMENT AND SECURITY FOR THE BONDS - Security for Bonds; Remedies." In addition, the Commission entered into two constant maturity swaps with respect to the 2003C Bonds which, in the aggregate, are in the same notional amount as the 2003C Bonds (together, the "CMS Swap") and have the same term as the 2003C Bonds. The CMS Swap is a Parity Swap Agreement and payments required to be made by the Commission under the CMS Swap are not insured. Under the terms of the CMS Swap, the Commission pays a percentage of 30-day LIBOR and receives a percentage of 10-year LIBOR from the Counterparty. The CMS Swap forward starting date was November 15, 2007. The Commission currently intends to enter into an amendment to the fixed rate swap in connection with the conversion of the 2003C Bonds to a fixed rate of interest. The effect of this amendment would be to terminate the fixed rate swap and replace it with a basis swap under which the Commission would pay a tax-exempt variable rate index of SIFMA and receive 63% of one-month LIBOR plus 0.20%.

FINANCIAL STATEMENTS

The Commission maintains its financial records on the basis of a Fiscal Year ending May 31. Audited financial statements are prepared following the end of each fiscal year. These may be obtained upon request to the Chief Financial Officer of the Commission. Such financial statements relate to the financial affairs of the Commission. Because the 2003C Bonds are payable solely from the Oil Franchise Tax and the general credit and assets of the Commission are not available to pay the 2003C Bonds, the financial statements of the Commission have not been included in this Remarketing Circular.

No separate financial statements are prepared or currently expected to be available with respect to the Motor License Fund into which the 55 mills of the Oil Franchise Tax is deposited and from which the Commission Allocation is to be distributed.

TAX MATTERS

2003C BONDS

In the opinion of Co-Bond Counsel, under existing statutes, regulations, rulings and court decisions, interest on the 2003C Bonds will not be includable in the gross income of the holders thereof for federal income tax purposes and will not be a specific preference item for purposes of computing the alternative minimum tax imposed on individuals and corporations. However, interest on the 2003C Bonds paid or accrued during any period any 2003C Bonds are held by a corporation may be subject to alternative minimum tax imposed under the Internal Revenue Code of 1986, as amended (the "Code"), due to the adjustment for adjusted current earnings provided for in the Code. In addition, interest on the 2003C Bonds received or accrued in any taxable year by certain foreign corporations may be included in computing the "dividend equivalent amount" of such corporations subject to the branch profits tax imposed on such corporations under Section 884 of the Code. Further, interest on the 2003C Bonds may be subject to federal income taxation under Section 1375 of the Code for S corporations which have Subchapter C earnings and profits at the close of the taxable year if greater than 25% of the Gross Revenues of such S corporations is passive investment income.

Ownership of the 2003C Bonds may result in collateral federal income tax consequences to certain taxpayers including, without limitation, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals who otherwise qualify for the earned income credit and taxpayers, including banks, thrift institutions and other financial institutions subject to Section 265 of the Code, who may be deemed to have incurred or continued indebtedness to

purchase or to carry the 2003C Bonds. The Code denies the earned income credit to an individual who is otherwise eligible if the aggregate amount of disqualified income of the taxpayer for the taxable year exceeds certain limits set forth in Sections 32(i) and (j) of the Code. Interest on the 2003C Bonds will constitute disqualified income for this purpose. The Code also provides that for years beginning after December 31, 2010, the earned income credit is phased out if the modified adjusted gross income of the taxpayer exceeds certain amounts. Interest on the 2003C Bonds will be included in determining the modified gross income of the taxpayer. Co-Bond Counsel expresses no opinion as to any such consequences, and prospective purchasers of the 2003C Bonds who may be subject to such collateral consequences should consult their tax advisors. See "APPENDIX E. – OPINION OF CO-BOND COUNSEL".

The Commission will make certain representations and undertake certain agreements and covenants in the Indenture, and in a Tax Regulatory Agreement to be delivered concurrently with the remarketing of the 2003C Bonds, designed to ensure compliance with the applicable provisions of the Code. The inaccuracy of these representations or the failure on the part of the Commission to comply with such covenants and agreements could result in the interest on the 2003C Bonds being included in the gross income of the holder for federal income tax purposes, in certain cases retroactive to the date of this remarketing of the 2003C Bonds.

The opinion of Co-Bond Counsel assumes the accuracy of these representations and the future compliance by the Commission with its covenants and agreements. Moreover, Co-Bond Counsel has not undertaken to evaluate, determine or inform any person, including any holder of the 2003C Bonds, whether any actions taken or not taken, events, events occurring or not occurring, or other matters that might come to attention of Co-Bond Counsel, would adversely affect the value of, or tax status of the interest on, the 2003C Bonds.

The opinion of Co-Bond Counsel represents their legal judgment based upon their review of existing statutes, regulations, published rulings and court decisions and the facts that it deems relevant to render such opinions. However, such opinion is not a guarantee of any result and is not binding on the Internal Revenue Service or the courts. Neither the Remarketing Agents nor Co-Bond Counsel are obligated to defend the tax-exempt status of the 2003C Bonds. None of the Commission, the Remarketing Agents or Co-Bond Counsel is responsible to pay or reimburse the costs of any holder or beneficial owner with respect to any audit or litigation relating to the 2003C Bonds.

Under the provisions of the Code, the Treasury Department is authorized and empowered to promulgate regulations implementing the intent of Congress under the Code which could affect the tax exemption and/or tax consequences of holding tax-exempt obligations, such as the 2003C Bonds. In addition, legislation may be introduced and enacted in the future which could change the provisions of the Code relating to the tax exempt bonds of a state or local government unit, such as the Commission, or the taxability of interest in general.

No representation is made or can be made by the Commission or any other party associated with the remarketing of the 2003C Bonds as to whether or not any other legislation now or hereafter introduced and enacted will be applied retroactively so as to subject interest on the 2003C Bonds to federal income taxes or so as to otherwise affect the marketability or market value of the 2003C Bonds.

The Internal Revenue Service (the "IRS") has an ongoing program of examining tax-exempt obligations to determine whether, in the view of the IRS, interest on such obligations is properly excluded from gross income for federal income tax purposes, and it is possible that the 2003C Bonds may be selected for examination under such program. Under current procedures, parties other than the Commission, and their appointed counsel, including the holders of the 2003C Bonds, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bounds is difficult, obtaining an independent review of IRS positions with which the Commission may legitimately disagree, may not be practicable. Any action of the IRS, including but not limited to selection of the 2003C Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues, may affect the market price for,

the liquidity of or the marketability of, the 2003C Bonds, and any cause the Commission or the holders of the 2003C Bonds to incur significant expense.

There can be no assurance that currently existing or future legislative proposals by the United States Congress limiting or further qualifying the excludability of interest on tax-exempt bonds from gross income for federal tax purposes, or changes in federal tax policy generally, will not adversely affect the market for the 2003C Bonds.

[*Premium Bonds.* 2003C Bonds purchased, whether at in this remarketing or otherwise, for an amount greater than their principal amount payable at maturity ("Premium Bonds"), will be treated as having amortizable premium. No deduction is allowable for the amortizable premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, a purchaser's basis in a Premium Bond and the amount of tax exempt interest received will be reduced by the amount of amortizable premium properly allocable to such purchaser. Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable premium in their particular circumstances.]

[*Original Issue Discount.* The initial public offering of certain 2003C Bonds may be less than the stated redemption price thereof at maturity. The difference between the initial public offering price for any such 2003C Bond and the stated redemption price at maturity is "original issue discount." For federal income tax purposes, original issue discount on a 2003C Bond accrues to original holders of such 2003C Bond over the period of its maturity based on the constant yield method compounded annually as interest with the same tax exemption and alternative minimum tax status as regular interest. The accrual of original issue discount increases the holder's tax basis in the 2003C Bond for determining taxable gain or loss on the maturity, redemption, prior sale or other disposition of the 2003C Bond. Purchasers of the 2003C Bonds should consult their tax advisors for an explanation of the accrual rules for original issue discount and any other federal, state or local tax consequences of the purchase of 2003C Bonds with original issue discount.]

THE FOREGOING SUMMARY AS TO 2003C BONDS IS NOT INTENDED AS AN EXHAUSTIVE RECITAL OF THE POTENTIAL TAX CONSEQUENCES OF HOLDING THE 2003C BONDS. PROSPECTIVE PURCHASERS OF THE 2003C BONDS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF THE OWNERSHIP OF THE 2003C BONDS. EXCEPT AS SET FORTH IN THE OPINION OF CO-BOND COUNSEL, THE FORM OF WHICH IS ATTACHED AS APPENDIX E, CO-BOND COUNSEL WILL NOT DELIVER ANY OPINION WITH RESPECT TO ANY FEDERAL TAX CONSEQUENCES OF OWNERSHIP OF THE 2003C BONDS AND WILL NOT DELIVER ANY OPINION AS TO STATE OR LOCAL TAX CONSEQUENCES.

STATE TAX MATTERS

Under the laws of the Commonwealth as presently enacted and construed, the 2003C Bonds are exempt from personal property taxes in the Commonwealth and the interest on the 2003C Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax. However, under the laws of the Commonwealth as presently enacted and construed, any profits, gains or income derived from the sale, exchange or other disposition of obligations of the Commission, such as the 2003C Bonds, will be subject to Pennsylvania taxes within the Commonwealth.

The 2003C Bonds and the interest thereon may be subject to state or local taxes in jurisdictions other than the Commonwealth under applicable state or local tax laws.

On May 21, 2007, the United States Supreme Court agreed to review the decision of a Kentucky appellate court in the Case of *Davis v. Kentucky Dept. of Revenue of the Finance and Administration Cabinet*, 197 S.W. 3d 557 (2006). The Kentucky court held that under the Constitution of the United States, a state may not exempt interest on bonds issued by that state or political subdivisions thereof from state and local taxes unless the state also provides such exemption to interest on bonds issued by

other states and political subdivisions. Each of New Jersey and Pennsylvania law is similar to the Kentucky law in question, in that it exempts from state and local taxes (as described above) interest on bonds issued by the state and its political subdivisions, but not interest on bonds issued by other states or political subdivisions. Oral argument in this case was held before the Supreme Court on November 5, 2007. The outcome of such review, and its impact, if any, on the exemption of the 2003C Bonds and interest thereon from state and local taxes in the Commonwealth, or on the market value of the 2003C Bonds, cannot be predicted.

THE ABOVE SUMMARY OF POSSIBLE TAX CONSEQUENCES IS NOT EXHAUSTIVE OR COMPLETE. ALL PURCHASERS OF THE 2003C BONDS SHOULD CONSULT THEIR TAX ADVISORS REGARDING THE POSSIBLE FEDERAL, STATE AND LOCAL INCOME TAX CONSEQUENCES OF OWNERSHIP OF THE 2003C BONDS. ANY STATEMENT REGARDING TAX MATTERS HEREIN CANNOT BE RELIED UPON BY ANY PERSON TO AVOID TAX PENALTIES.

PROSPECTIVE PURCHASERS OF THE 2003C BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE FEDERAL, STATE AND LOCAL INCOME TAX CONSEQUENCES OF OWNERSHIP OF THE 2003C BONDS AND ANY CHANGES IN THE STATUS OF PENDING OR PROPOSED TAX LEGISLATION.

CONTINUING DISCLOSURE

In order to enable the Remarketing Agents to comply with the requirements of Securities and Exchange Commission Rule 15c2-12 (the "**Rule**"), the Commission is entering into a Continuing Disclosure Undertaking for the benefit of the registered owners from time to time of the 2003C Bonds, to be dated as of April 15, 2008, the "**Disclosure Agreement**").

The Disclosure Agreement will provide that the Commission will provide to each nationally recognized municipal securities information repository ("**Repository**") and to the appropriate state information depository ("SID"), if any, within 180 days of the end of each fiscal year of the Commission commencing with the fiscal year ending May 31, 2008, annual unaudited financial information, consisting of the annual amounts of Oil Franchise Tax revenues collected by the Commonwealth and the annual amounts of the Commission Allocation.

The Disclosure Agreement will also provide that the Commission will file in a timely manner, with the Municipal Securities Rulemaking Board' the "**MSRB**") and a SID, if any, notice of the occurrence of any of the following events with respect to the 2003C Bonds, if material: (i) principal and interest payment delinquencies; (ii) non-payment related defaults; (iii) unscheduled draws on debt service reserves reflecting financial difficulties; (iv) unscheduled draws on credit enhancements reflecting financial difficulties; (v) substitution of credit or liquidity providers, or their failure to perform; (vi) adverse tax opinions or events affecting the tax exempt status of the 2003C Bonds; (vii) modifications to rights of holders of the 2003C Bonds; (viii) 2003C Bond calls; (ix) defeasances; (x) release, substitution, or sale of properly securing repayment of the 2003C Bonds; and (xi) rating changes. The foregoing events are quoted from Rule 15c2-12.

In addition, the Commission shall give notice in a timely manner to the MSRB and a SID, if any, of any failure to provide the Annual Financial Information on or before the date specified for such filing.

The Commission may amend the Disclosure Agreement and waive any of the provisions thereof, but no such amendment or waiver shall be executed and effective unless (i) the amendment or waiver is made in connection with a change in legal requirements, change in law or change in the identity, nature or status of the Commission or the governmental operations conducted by the Commission, (ii) the Disclosure Agreement, as modified by the amendment or waiver, would have been the written undertaking contemplated by Rule 15c2-12 at the time of original issuance of the 2003C Bonds, taking into account any amendments or interpretations of Rule 15c2-12, and (iii) the amendment or waiver does not materially impair the interests of the registered owners of the 2003C Bonds. Evidence of compliance with the foregoing conditions shall be satisfied by delivery of an opinion of counsel having recognized skill and experience in the issuance of municipal securities and federal securities law to the effect that the amendment or waiver satisfies the conditions set forth in the preceding sentence. Notice of any

amendment or waiver shall be filed by the Commission with each Repository and the SID, if any, and shall be sent to the registered owners of the 2003C Bonds.

The Disclosure Agreement will recite that it is entered into for the benefit of the registered owners from time to time of the 2003C Bonds. For the purposes of the Disclosure Agreement, for so long as the 2003C Bonds are registered in the name of DTC or its nominee, "registered owner" shall mean and include the holder of a book-entry credit evidencing an interest in the 2003C Bonds. Holders of book-entry credits may file their names and addresses with the Commission for the purposes of receiving notices or giving direction under the Disclosure Agreement.

A default under the Disclosure Agreement shall not be deemed to be a default under the 2003C Bonds, and the sole remedy to enforce the provisions of the Disclosure Agreement shall be the right of the Trustee or any registered owner, by mandamus, suit, action or proceeding at law or in equity, to compel the Commission to perform the provisions and covenants contained in the Disclosure Agreement.

The Disclosure Agreement will terminate (1) upon payment or provision for payment in full of the 2003C Bonds, (2) upon repeal or rescission of Section (b)(5) of Rule 15c2-12, or (3) upon a final determination that Section (b) (5) of Rule 15c2-12 is invalid or unenforceable. A copy of the Disclosure Agreement is on file at the designated corporate trust office of the Trustee.

The Commission has complied with its previous continuing disclosure undertakings.

RATINGS

Standard & Poor's Public Financing Ratings and Moody's Investors Service are expected to assign their municipal bond ratings of "AAA" and "Aaa," respectively, to the 2003C Bonds, based upon the Bond Insurer's Policy insuring the payment when due of the principal of and interest on the 2003C Bonds at the time of initial issuance of the 2003C Bonds, and their respective underlying long-term ratings of "AA" and "A1" to the 2003C Bonds.

An explanation of the significance of each of such ratings may be obtained from the rating agency furnishing the same at the following addresses: Standard & Poor's Public Finance Ratings, 55 Water Street, New York, NY 10041 and Moody's Investors Service, 99 Church Street, New York, NY 10007. There is no assurance that such ratings will continue for any given period of time or that they may not be lowered or withdrawn entirely by the rating agencies, or any of them, if, in their or its judgment, circumstances so warrant. Any such downward change in or withdrawal of such ratings, or either of them, may have an adverse effect on the market price of the 2003C Bonds.

LITIGATION

There is no litigation pending or threatened restraining or enjoining the conversion, remarketing, sale, execution or delivery of the 2003C Bonds, or in any way contesting or affecting the validity of the 2003C Bonds or any proceedings of the Commission taken with respect to the offer or sale thereof, or the pledge or application of any monies or security provided for the payment of the 2003C Bonds, or the existence or powers of the Commission.

The Commission is covered by Act No. 152 approved September 28, 1978 which provides for a limited waiver of sovereign immunity by the Commonwealth for tort claims. Damages for any loss are limited to \$250,000 for each person or \$1,000,000 in the aggregate.

There are currently approximately 99 open claims for personal injury and/or property damage pending against the Commission, none of which individually or in the aggregate are deemed to expose the Commission to a material risk of loss.

Its composition, powers, duties, functions, duration and all other attributes are derived from the Enabling Acts as amended and supplemented by subsequent legislation. The Enabling Acts may be modified, suspended, extended or terminated at any time by further legislation.

The Commission is required to be composed of five members, one of whom, Allen D. Biehler, is the Secretary of the Pennsylvania Department of Transportation serving as an ex-officio member. The Commission, in consultation with PennDot, is authorized by Act 44 to apply to the U.S. Department of Transportation to convert Interstate 80 to a toll road, as hereinafter described. Such an application was filed jointly by the Commission and PennDot on October 13, 2007, and is still pending, see "THE PENNSYLVANIA TURNPIKE - General" for further description of the application process.

The Enabling Acts provide that the Commission shall not be required to pay any taxes or assessments on any property acquired or used by it. It also provides that turnpike revenue bonds issued by the Commission shall not be deemed to be a debt of the Commonwealth or a pledge of the faith and credit of the Commonwealth and that the Commonwealth is not obligated to levy or pledge any form of taxation or make any appropriation for the payment of such bonds. THE PENNSYLVANIA TURNPIKE

General

The present Pennsylvania Turnpike System is composed of a 359 mile Turnpike Mainline traversing the southern portion of Pennsylvania from east to west and a 110 mile north-south section identified as the Northeast Extension. A north-south connection, known as the Beaver Valley Expressway, is approximately 16 miles in length and intersects the Turnpike Mainline in the southwestern portion of the Commonwealth. The Amos K. Hutchinson Bypass is approximately 13 miles in length and adjoins the Turnpike Mainline near the New Stanton Interchange. In addition, a 23-mile section of the Mon/Fayette Project and an eight mile section from the Pennsylvania/West Virginia border to Fairchance, which is located just south of Uniontown, are open as part of the Pennsylvania Turnpike System. When completed, the Mon/Fayette Expressway will extend approximately 65 miles from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh. In 2006, the six mile Southern Beltway project from PA 60 to US 22 was opened to traffic to bring the system mileage to 535 miles.

The Turnpike Mainline connects with the Ohio Turnpike at its western terminus and with the New Jersey Turnpike at its eastern terminus. The Turnpike Mainline commences on the eastern boundary of Pennsylvania at the Delaware River Bridge which connects the Pennsylvania Turnpike System to the New Jersey Turnpike. The Turnpike Mainline traverses the state in a westerly direction generally paralleling the southern border of the state immediately north of Philadelphia and south of Harrisburg to the vicinity of Somerset. West of Somerset, the highway follows a northwesterly direction to the northeast of Pittsburgh and to the Ohio state line, south of Youngstown, Ohio.

The Pennsylvania Turnpike was constructed prior to development of the National Interstate Highway System but portions have been designated as Interstate Routes. However, no Federal Highway Trust Fund monies have been utilized in the construction of the Turnpike Mainline, Northeast Extension, Beaver Valley Expressway or Amos K. Hutchinson Bypass section of the Turnpike. The Turnpike Mainline has been designated as Interstate Route 276 between the area where Interstate Route 95 crosses the Pennsylvania Turnpike System and the Valley Forge Interchange. The portion of the Turnpike Mainline west of the Valley Forge Interchange to the western terminus at the Ohio state line has been designated as Interstate Route 76. In addition, the Turnpike Mainline between the New Stanton and Breezewood Interchanges has been designated as Interstate Route 70. The Northeast Extension has been designated as Interstate Route 476.

The Pennsylvania Turnpike System was constructed and opened to traffic in sections. The original Turnpike Mainline segment between Irwin and Carlisle was opened in 1940. Ten years later, in 1950 the 100-mile section between Carlisle and King of Prussia, was completed and opened. After 1950, construction of new segments of the Pennsylvania Turnpike System occurred at more frequent intervals with the Turnpike Mainline segment in service as of May, 1956. The initial segment of the Northeast Extension between the Turnpike Mainline and the temporary interchange just south of the Lehigh Tunnel was opened in 1955. The final segment, from such interchange to Scranton, was completed and opened for traffic in November, 1957.

The Delaware River Bridge which connects the Turnpike Mainline with the New Jersey Turnpike System is owned jointly by The Pennsylvania Turnpike Commission and the New Jersey Turnpike Authority.

Interstate 80 currently is part of the National Interstate Highway System, traversing northern Pennsylvania for approximately 311 miles from the Delaware Water Gap Bridge over the Delaware River to the Ohio-Pennsylvania state line. Interstate 80, including the portion located in Pennsylvania, is the second longest Interstate Highway in the United States, connecting downtown San Francisco, California with Teaneck, New Jersey. Pursuant to Act 44, the Commission, in consultation with PennDot, is authorized to apply to the U.S. Department of Transportation to convert Interstate 80 to a toll road under the Interstate System Reconstruction and Rehabilitation Pilot Program ("the Pilot Program"), which application the Commission and PennDot jointly filed on October 13, 2007. On October 15, 2007, Governor Rendell sent a letter supporting the application to United States Department of Transportation Secretary Mary Peters. The FHWA responded to the application with a request for additional information on December 12, 2007. Among FHWA's requests are a clearer identification of the rehabilitation, reconstruction and improvement projects currently being planned for Interstate 80 by the Commission after the Conversion Date, and further information of PennDot's historic funding strategy for Interstate 80. The Commission and PennDot jointly acknowledged this request for additional information, and confirmed their intent to continue seeking Federal approval for the Conversion, on December 20, 2007, and are in the process of preparing an additional submission responsive to the FHWA's request. Representatives of the Commission and PennDot met on January 9, 2008 in Harrisburg with FHWA representatives to discuss the additional information to be included in the updated application. As a result of these discussions, it is anticipated that an amended application will be submitted during 2008. There can be no assurance that the application will be approved by FHWA, or that a slot in the Pilot Program will be available for the Commonwealth. In addition, Act 44 requires the Commission to enter into the Lease with PennDot with respect to Interstate 80, pursuant to which the Commission shall make base payments to PennDot of \$750,000,000 in Fiscal Year 2007-2008, \$850,000,000 in Fiscal Year 2008-2009, \$900,000,000 in Fiscal Year 2009-2010. In each Fiscal Year after Fiscal Year 2009-2010 for the

remainder of the 50 year term of the Lease, the Commission payment to PennDot is required to increase by 2.5% annually. Upon and after the conversion of Interstate 80 to a toll road, the Commission will receive a credit towards such payment obligation for the Interstate 80 operational cost savings of \$116,985,856 per fiscal year, which amount shall be increased by 4% annually. If Interstate 80 is not converted to a toll road, the Commission's base payments under Act 44 to the Pennsylvania Department of Transportation are reduced to \$450,000,000 annually. Pursuant to Act 44, the Commission is also committed to make annual surplus payments of the General Reserve Fund Surplus at the end of each fiscal year, unless such conversion does not occur.

Interchanges and Service Areas

The Pennsylvania Turnpike System has a total of 57 interchanges which connect it with major arteries and population centers in its 531 mile traffic corridor. Thirty of the interchanges are located on the Turnpike Mainline, including Turnpike Mainline barriers at the New Jersey and Ohio state lines, and 10 interchanges are situated on the Northeast Extension. The additional 17 interchanges are located on the 3 extensions previously noted. There are currently 19 service plazas along the Pennsylvania Turnpike System providing gasoline and diesel fuel, other automotive supplies and services and restaurant services. The Pennsylvania Turnpike Commission recently negotiated long-term leases with HMSHost Restaurants, LLC and Sunoco, Inc. to design, reconstruct, finance, operate and maintain the Commission's Service Plazas. The two companies are expected to invest approximately \$190 million in the project over a five-year period, at no cost to the Commission. If Interstate 80 is converted to a toll road, Act 44 prohibits service plazas on the right of way and mandates adoption of an open tolling system of no more than 10 toll collection points.

Toll Schedule and Rates

The current System generally employs a closed or ticket system method for toll collection. Tolls are determined on the basis of the length of the trip and vehicle class. There are 9 vehicle classes determined either by axles or, in the case of commercial vehicles, by axles and weight. Historically, all drivers were issued a ticket upon entering the System and were required to surrender the ticket and pay the appropriate toll upon exiting. Electronic toll collection methods, however, have been implemented on the mainline portion of the System and are expected to be implemented in the entire System within the next two years. See "THE PENNSYLVANIA TURNPIKE – E-ZPass."

Since 1957, the Commission has implemented only 5 revisions in its toll schedule, effective on September 1, 1969, August 1, 1978, January 2, 1987, June 1, 1991 and August 1, 2004. On August 1, 2004, Turnpike tolls increased by 1.8 cents per mile for passenger vehicles from 4.1 to 5.9 cents per mile. Commercial vehicles had an average increase of 5.3 cents per mile. This toll increase is consistent with the rate of inflation over the 13 years since the Commission's prior toll increase in 1991. All revenue generated by this toll increase have been used to fund capital improvements to the Turnpike's roads, tunnels and other system upgrades. This toll increase and any future toll increases will also be used to provide funds for Lease Rental Payments and other Act 44 purposes.

The following Table I illustrates the current tolls and per mile rates applicable to each vehicle class for a trip on the Mainline Section from Interchange 1 through Interchange 358.

TABLE I

8	80-100	150.75	0.4190
9	Over 100	861.00	2.3920

Note: A complete roadway East/West "complete trip" toll cost is the sum of the ticket system toll rate between Warrendale (#30) and the Delaware River Bridge (#359) interchanges plus the Gateway Barrier toll rate.

Act 44 requires the Commission to fix toll rates such that revenues from tolls and other sources to the Commission are sufficient to pay the cost of the System's operation, construction, expansion and maintenance, all Commission obligations and interest thereon, sinking fund requirements of the Commission, other requirements in any trust indentures, notes or resolutions, payments to the Pennsylvania Department of Transportation under the Lease and any repayment to the Federal Government with respect to the conversion of Interstate 80 to a toll road. It is expected that tolls on the Turnpike Mainline will have to be increased to enable the Commission to make payments under the Lease with PennDot described above. See "Pending and Future Legislation and Recent Developments."

If the Commission applies to and receives approval from the U.S. Department of Transportation to convert Interstate 80 to a toll road, additional toll revenues could be generated from Interstate 80, although it has not been determined whether Interstate 80 will become a part of the System or operated separately from the System. If an application for conversation is approved, PennDot and the Commission will enter into an agreement with the federal government concerning the operation of Interstate 80, including the use of the proceeds of toll revenue from Interstate 80. There can be no assurance that such agreement will authorize or permit the use of the proceeds of toll revenue from Interstate 80 to pay some or any portion of the future Lease Rental Payments due to PennDot under the Lease.

Holders of the 2003C Bonds will have no claim to revenues of the System.

Budget Process

The Commission's Financial Planning and Analysis Department develops preliminary budget information for all Commission departments. This information is provided to each of the respective departments for their review and to enable them to make any proposed revisions for their budget requests. The information is then returned to the Financial Planning and Analysis Department and a Commission-wide preliminary budget is prepared. This budget is reviewed by senior management and, in cooperation with the respective departments, revisions are made when necessary to conform to the annual financial plan. The final recommended budget is then presented to the Commission for formal approval.

In addition, Act 44 requires the Auditor General of the Commonwealth to conduct an audit of the accounts of the Commission and to review its performance, procedures, operating budget, capital budget and debt every four years. Act 44 also requires the Commission to prepare and submit to the Secretary of the Budget a financial plan no later than June 1 of each year for the ensuing Fiscal Year, describing its proposed operating and capital expenditures, borrowings, liquidity and other financial management covenants and policies, estimated toll rates and all other revenues and expenses. The financial plan is to demonstrate that the Commission's operation in accordance with the plan can be reasonably anticipated to have unencumbered funds sufficient to make all payments due to the PennDot under Act 44 and the Lease in the upcoming year after all other Commission Obligations have been met. Any deviations and the causes therefor in prior year plans must be explained.

Holders of the 2003C Bonds will have no claim to revenues of the System.

Financial Policies and Guidelines

The Commission originally adopted its first Investment Policy and Guideline for the investment of cash assets on June 6, 1997. The Commission approved an amendment to the Investment Policy effective November 7, 2002 that permitted the use of additional types of eligible securities consistent with the Amended and Restated Trust Indenture entered into in 2001. The policy statements set forth the purpose, objectives, and guidelines for eligible securities, performance benchmarks, periodic reviews and amendments with respect to investments.

The Commission adopted three Financial Policies on April 20, 2004: a Debt Management Policy, an Interest Rate Swap Management Policy and a Liquidity Standard Policy. These financial management policies were developed in recognition of the increasing financial sophistication of the Commission with respect to its debt structure and to provide guidance governing the issuance, management, on-going evaluation and reporting of all debt obligations.

The Commission's Interest Rate Swap Management Policy ("Swap Policy") establishes guidelines for the use and management of all interest rate management agreements, including, but not limited to, interest rate swaps, swap options, caps, collars and floors (collectively "Swaps" or "Agreements") incurred in connection with the incurrence of debt. The Commission may change the Swap Policy in its sole discretion.

The Swap Policy authorizes the Commission to use Swaps to hedge interest rate movement, basis risk and other risks, to lock-in a fixed rate or, alternatively, to create synthetic variable rate debt. Swaps may also be used to produce interest rate savings, limit or hedge variable rate payments, alter the pattern of debt service payments, manage exposure to changing market conditions in advance of anticipated bond issues (through the use of anticipatory hedging instruments) or for asset/liability matching purposes. Key elements of the Swap Policy include the following:

Swap Counterparties - Credit Criteria. The Commission will make its best efforts to work with qualified Swap counterparties that have a general credit rating of: (i) at least "A3" or "A-" by two of the nationally recognized rating agencies and not rated lower than "A3" or "A" by any nationally recognized rating agency, or (ii) have a "non-terminating" "AAA" subsidiary as rated by at least one nationally recognized credit rating agency.

Term and Notional Amount. For Swaps tied to an issued series of bonds, the term of the Swap agreement shall not extend beyond the final maturity date of the related bonds. The total net notional amount of all Swaps related to a bond issue should not exceed the amount of outstanding bonds. In calculating the net notional amount, netting credit shall be given to any Swaps that offset each other for a specific bond transaction.

Security and Source of Repayment. The Commission may use the same security and source of repayment (pledged revenues) for Swaps as is used for the bonds that are hedged by the Swap, if any, but shall consider the economic costs and benefits of subordinating the Commission's payments and/or termination payment under the Swap. The Commission shall consult with Bond Counsel regarding the legal requirements associated with making the payments under the Swap on a parity or non-parity basis with outstanding Commission debt.

Prohibited Agreements. The Commission will not use Agreements that:

- (1) Are speculative or create extraordinary leverage as risk;
- (2) Lack adequate liquidity to terminate without incurring a significant bid/ask spread;
- (3) Provide insufficient price transparency to allow reasonable valuation.

Annual Swap Report. The Commission's Director of Treasury Management, in consultation with the Commission's Financial Advisor, Swap Advisor and Bond Counsel, will evaluate the risks associated with outstanding Swaps at least annually and provide to the Senior Executives and the Commissioners a written report of the findings based upon criteria set forth in the Policy.

Disclosure and Financial Reporting. The Commission will ensure that there is full and complete disclosure of all Swaps to rating agencies, and in disclosure documents. Disclosure in marketing documents, including Bond offering documents, shall provide a clear summary of the special risks involved with Swaps and any potential exposure to interest rate volatility or unusually large and rapid changes in market value. With respect to its financial statements, the Commission will adhere to the guidelines for the financial reporting of Swaps, as set forth by the Government Accounting Standards Board or other applicable regulatory agencies.

The Commission has a number of interest rate exchange agreements with respect to certain series of the Bonds as well as with respect to certain series of its Registration Fee Revenue Bonds and Oil Franchise Tax Revenue Bonds. See "SWAPS ASSOCIATED WITH OIL FRANCHISE TAX BONDS AND OTHER COMMISSION BONDS".

There are a number of risks associated with Swaps that could affect the value of the Swaps, the ability of the Commission to accomplish its objectives in entering into the Swaps and the ability of the Commission to meet its obligations under the Swaps. These risks include, among others, the following: counterparty risk – the failure of the counterparty to make required payments; credit risk – the occurrence of an event modifying the credit rating of the Commission or its counterparty; termination risk – the need to terminate the transaction in a market that dictates a termination payment by the Commission; tax risk – the risk created by potential tax events that could affect Swap payments; and basis risk – the mismatch between actual variable rate debt service and variable rate indices used to determine Swap payments. The Commission actively monitors the degree of risk and exposure associated with the Swaps to which it is a party but can offer no assurances that compliance with its Swap Policy will prevent the Commission from suffering adverse financial consequences as a result of these transactions.

E-ZPass Lanes

The Commission has installed E-ZPass, a form of electronic toll collection throughout the mainline portion of the System for passenger and commercial vehicles that allows drivers to pay tolls utilizing an electronic transponder (tag) on their vehicles. Not only has E-ZPass enhanced safety and convenience for users of the System, the technology has improved traffic flow and reduced congestion at the System's busiest interchanges, especially in southeastern Pennsylvania. Express E-ZPass lanes have been constructed at three interchanges and permit E-ZPass customers to travel through the toll plaza at highway speeds. In addition, E-ZPass customers traveling or commuting to at least twelve other states that have implemented E-ZPass technology are able to use E-ZPass. The installation by the Commission of the E-ZPass system is being done in phases that continue to be completed on schedule. Currently, E-ZPass is available on the entire Turnpike system, including the western extensions, with the exception of the Mon-Fayette Expressway. Installation of E-ZPass on the open sections of the Mon-Fayette Expressway is scheduled for early 2008. The Commission has not experienced material problems in connection with the installation or operation of the E-ZPass system.

To help ensure, protect and preserve the collection of toll revenue due to the Commission, a violation enforcement system (VES) has been installed at all interchanges where E-ZPass has been installed to identify violators (customers who travel through E-ZPass lanes and do not have E-ZPass) and motorists with problem tags that result in no reads. VES enables the Commission to collect appropriate tolls and other additional fees relating to the evasion of fares through E-ZPass lanes and other causes of non-payment. Act 44 includes new enforcement provisions for E-ZPass, including, among other things, certain evidentiary presumptions with respect to whether the operator of a vehicle using E-ZPass fails to pay the prescribed toll, procedures for notifying the vehicle operator of the violation charged, evidentiary

standards for determining if a violation occurred and civil liability amounts of the vehicle owner for violations.

The Commission's annual revenues from E-ZPass drivers increased to \$345,951,040 during the fiscal year ended May 31, 2007 from \$310,814,910 during the fiscal year ended May 31, 2006. The Commission's annual revenues from ticketed drivers (i.e. those not using E-ZPass) decreased to \$246,690,467 from \$277,821,789 during the same period. The Commission expects that E-ZPass usage will continue to grow.

The Commission is a member of the E-ZPass Interagency Group (IAG), a coalition of toll authorities throughout the United States. The Interagency Group includes the following agencies: Peace Bridge Authority; Burlington County Bridge Commission; Skyway Concession Company LLC (Chicago Skyway); Delaware Department of Transportation; Delaware River and Bay Authority; Delaware River Joint Toll Bridge Commission; Delaware River Port Authority; Illinois State Toll Highway Authority; ITR Concession Company (Indiana Turnpike); Maine Turnpike Authority; Maryland Transportation Authority; Massachusetts Turnpike Authority; Massachusetts Port Authority; Metropolitan Transportation Authority Bridges & Tunnels; New Hampshire Department of Transportation, Bureau of Turnpikes; New Jersey Turnpike Authority; New York State Bridge Authority; New York State Thruway Authority; Port Authority of New York and New Jersey; South Jersey Transportation Authority; Virginia Department of Transportation; and West Virginia Parkways Authority.

New highway construction projects, such as the Mon/Fayette Expressway and Southern Beltway, are being designed and built to be compatible with the introduction of the E-ZPass system. The installation of the E-ZPass system has required the incorporation of innovative technologies into a single toll system that uses hardware and software adaptable to future technologies. The Commission has a contract, extending through 2009, with TransCore Company for the design, installation and maintenance of the E-ZPass system software and hardware and the operation of the E-ZPass Customer Service and Violations Processing Centers. The E-ZPass system implementation is a major component of the Commission's Ten-Year Capital Plan. In addition to completing the installation of E-ZPass on the Mon-Fayette Expressway, plans call for enhancements to E-ZPass lane signage and design of additional Express E-ZPass lanes.

Holders of the 2003C Bonds will have no claim to revenues of the System.

Slip Ramps

The Commission has constructed an alternative interchange (a "Slip Ramp") near the Fort Washington Interchange. Such unmanned ramps, designed for the exclusive use of E-ZPass customers, are expected to reduce congestion at the Turnpike's busier interchanges and similarly are expected to provide better access to industrial parks and job centers. The Commission is considering the construction of slip ramps in other growing areas as well. Slip ramp locations currently in design include Route 29 in Chester County, near the Great Valley Corporate Center; Route 903 in Carbon County; Philadelphia Park in Bucks County; and the Lansdale Interchange in Montgomery County.

Personnel and Labor Relations

As of March 7, 2008, the Commission employed 2,257 persons, consisting of 470 management employees, 1,640 union members, and 147 temporary employees. Seventy-seven (77%) of all employees are engaged in maintenance operations and fare collection. The civil service requirements applicable to the state government do not apply to employees of the Commission.

The Commission is a party to three collective bargaining agreements and one memorandum of understanding with Teamsters' Local Unions covering central office, field, and first level supervisory personnel. The three collective bargaining agreements expired on September 30, 2007. The Commission and the unions agreed to extend these collective bargaining agreements on the basis of certain agreed upon changes (which have already been implemented) while the parties continue

negotiation of permanent successor collective bargaining agreements. The memorandum of understanding has no termination date. Since union representation began, the Commission has experienced one work stoppage which occurred on November 24, 2004 and lasted for 7 days.

Retirement Plan

Substantially all employees of the Commission are covered by the State Employee's Retirement System of the Commonwealth. The costs of the contributory plan are paid by the Commission quarterly based upon a stipulated contribution rate. Participating agency contributions, including those for the Commission, are mandated by statute and are based upon an actuarially determined percentage of gross pay that is necessary to provide the State Employee's Retirement System with assets sufficient to meet the benefits to be paid to the State Employee's Retirement System members. Retirement plan contributions, which are treated as an operating expense of the System, total \$3,494.926 for Fiscal Year 2007 with a contribution rate of 3.23% for Class "AA" and 2.59% for Class "A" employees from June 2006, to July 2007. The rate for June 2006 was 2.37% for Class "AA" and 1.9% for Class "A" employees. The Commission's contribution rate for Fiscal Year ending May 31, 2008 is 3.28% for Class "AA" employees and 2.63% for Class "A" employees. The current rate was effective July 2007.

Other Post Employment Benefit Liabilities

Historically, the Commission has funded its post-employment benefit liabilities on a pay-as-you-go basis. In accordance with the pronouncements of the Governmental Accounting Standards Board applicable to the Commission, the Commission will begin reporting its unfunded actuarial accrued liabilities for health care and other non-pension post-employment benefits ("OPEB") and its annual OPEB cost each year commencing with its audited financial statements for the fiscal year ending May 31, 2008. The Commission's unfunded actuarial accrued OPEB liability as of February 28, 2006 was \$167.8 million using an 8% discount rate and assuming that the annual required contribution would be invested in an irrevocable separate trust account. The Commission's annual required contribution for fiscal year 2008 is \$19.5 million. The Commission is required to have biennial actuarial valuations of its OPEB obligations.

Pending and Future Legislation and Recent Developments

Expressing concern for the future tolling of Interstate 80, on September 5, 2007, Governor Rendell announced the issuance of a "Request for Pennsylvania Turnpike Concessionaire Qualifications" (the "RFQ") soliciting certain detailed technical and financial information from interested potential bidders on a potential long-term lease and concession agreement to operate the Pennsylvania Turnpike. On April 16, 2008, Governor Rendell's office released proposed terms, conditions and bidding information for a 75 year lease of the Mainline and Northeast Extension Sections of the Turnpike. Binding bids will be due on or about the end of April 2008. Bids will remain valid until June 10, 2008, unless extended by the Commonwealth and the bidder. There currently is no statutory authority for the Commonwealth to enter into this lease for the Turnpike. Legislation authorizing the lease and the acceptance of the bid is expected to be introduced into the General Assembly when the winning bid is announced. It is not known what impact future legislation would have on the existence of the Commission.

From time to time, legislation is introduced in the Pennsylvania General Assembly which may affect the Commission or Act 44. The staff of the Commission cannot predict whether any of such bills or other legislation which may be proposed will ultimately be enacted into law.

At the federal level, United States Representatives whose districts are traversed by Interstate 80 have urged the U.S. Secretary of Transportation not to approve any application from the Commission and PennDot to convert Interstate 80 to a toll road. Legislation also has been introduced in the U.S. Congress that could affect efforts to convert Interstate 80 to a toll road, including without limitation, the Fiscal Year 2008 appropriations bill for the U.S. Department of Transportation, which has passed the U.S. House of Representatives, and includes an amendment offered by two of Pennsylvania's U.S. Representatives that would prohibit the use of federal funds to effect the tolling of Interstate 80. Accordingly, there can be no assurance that the application filed by the Commission in consultation with

PennDot to convert Interstate 80 to a toll road will be approved by the U.S. Department of Transportation, nor can there be any assurance that federal legislation removing the economic incentives for conversion of Interstate 80 to a toll road will not be enacted.

CAPITAL IMPROVEMENT

Act 61 Projects

In 1985, the General Assembly of the Commonwealth enacted Act 61 that, among other things, authorized and empowered the Commission to undertake the construction of new projects and to operate them as part of the System. Although Act 44 repeals Act 61, it further provides that all activities initiated under Act 61 shall continue and remain in full force and effect and may be completed under Act 44.

Mon/Fayette Expressway and Southern Beltway

Three projects constructed as part of the Mon/Fayette Expressway are in operation. One is a six-mile toll road between Interstate Route 70 and U.S. Route 40 in Washington County. This project was built by Penn DOT and turned over to the Commission upon its opening in 1990. The second is an eight-mile section of toll road from the Pennsylvania /West Virginia border to Fairchance, which is located just south of Uniontown. The other is a 17 mile section of the Mon/Fayette Expressway from Interstate Route 70 in Washington County to Pennsylvania Route 51 in Allegheny County. These are now part of the System.

Two other projects will complete the entire Mon/Fayette Expressway. A 15 mile section, extending from Uniontown to Brownsville, is now under construction. Approximately 8 miles of the expressway will open to traffic in 2008. The remaining 7 miles, Phase 2 of the project, will begin construction in 2008 and is scheduled to open in 2012. A 24 mile section, extending from Pennsylvania Route 51 to Interstate Route 376 in Pittsburgh, received environmental clearance in December 2004. Final design is currently underway. Right-of-Way acquisition and construction cannot be started until additional funding is identified.

When completed, the Mon/Fayette Expressway will extend from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh, a distance of approximately 65 miles.

The proposed Southern Beltway is to be constructed from the Mon/Fayette Expressway, near Finleyville, extending as part of a beltway south of Pittsburgh to Pennsylvania Route 60 at the Pittsburgh International Airport. It is composed of three distinct projects. The project from PA 60 to U.S. 22 opened to traffic in late 2006. The project from US 22 to I-79 is in final design; right-of-way acquisition will begin in late 2008. The remaining Southern Beltway project, from I-79 to the Mon/Fayette Expressway, is in the environmental study phase.

The proceeds of the Commission's Oil Franchise Tax Bonds, Series A and B of 1998, Series A, B and C of 2003 and the Registration Fee Revenues Bonds, Series of 2001 have been applied to fund construction of the Mon/Fayette and Southern Beltway projects. It is anticipated that the remaining costs to complete the Mon/Fayette Expressway and the Southern Beltway will be financed with Oil Franchise Tax Revenues and Registration Fee Revenues along with other funding sources. Although the open sections of the Mon/Fayette Expressway and the Southern Beltway are toll roads, Mainline System Revenues will not be pledged for the financing of their construction.

Ten Year Capital Plan

The Commission has a Ten Year Capital Plan, consisting of Highway, Information Technology and Infrastructure support programs, which it updates each year. The current Ten Year Capital Plan for Fiscal Year 2007-2008 is included below. The Highway program consists of roadway, bridge, tunnel, and toll plaza/interchange projects. The Information Technology program consists of toll collection, communication, Intelligent Transportation Systems (ITS) and other electronic information management

projects. The Infrastructure Support Program consists of facilities and large, heavy or high-value equipment needs.

The highest priority highway project is the ongoing full depth roadway total reconstruction of the east/west Mainline and Northeast Extension. This work includes the reconstruction of the roadway, the widening of the median, and the replacement of both mainline and overhead bridges. To date, approximately 48 miles of this project have been completed and approximately 15 miles are currently in construction. The Reconstruction from Gateway Interchange (Milepost 1.5) to New Castle Interchange (Milepost 10.0) and Valley Forge Interchange (Milepost 326.0) to Norristown Interchange (Milepost 333.0) are currently underway. The Commission currently plans to spend approximately \$2.0 billion on total reconstruction projects and about \$887 million on various bridge projects over the next ten years.

Other highway projects include the construction of the Susquehanna River Bridge replacement which was completed in 2007 followed by the replacement of the Allegheny River Bridge which was initiated in 2007. The replacement of the Lehigh River and Pohopoco River Bridges on the North East Extension will start construction in 2008. Work is underway for the replacement of the Gettysburg Toll Plaza and will be completed in 2008. These interchange replacement projects will be completed in 2007.

The Information Technology program includes funding of \$241 million over the next ten years to address the Commission's Information Technology needs including toll collection projects, communication, application development and technical operational needs. One of the primary initiatives of the Information Technology Program is a project to replace the Commission's core financial and administrative systems with an Enterprise Resource Planning (ERP) system software package. The Commission is in the process of implementing SAP to provide a set of integrated business process supported by multi-module application software with a centralized data repository.

The Infrastructure Support Program includes funding of \$90 million over the next ten years to ensure that the Commission is able to replace equipment in a cost effective manner and funding of \$362 million has been programmed to repair and place the aging facilities of the Commission. This commitment will ensure that adequate equipment and facilities are in good repair to support the maintenance of the Turnpike.

Capacity Needs Study

As part of the Highway Program's Long Range Plan, the Commission updated its mainline capacity needs analysis. The capacity analysis identified needs through 2025. The analysis identified roadway and other deficiencies projected to occur during this period. The results of this study have been incorporated into the needs portion of the Commission's Ten Year Capital Plan.

SELECTED DATA ON THE COMMONWEALTH OF PENNSYLVANIA

THE 2003C BONDS ARE LIMITED OBLIGATIONS OF THE COMMISSION AND SHALL NOT BE DEEMED TO BE A DEBT OF THE COMMONWEALTH OR A PLEDGE OF THE FAITH AND CREDIT OF THE COMMONWEALTH, BUT THE 2003C BONDS SHALL BE PAYABLE SOLELY FROM THE TRUST ESTATE (AS DEFINED IN THE REMARKETING CIRCULAR FOR THE 2003C BONDS) WHICH CONSISTS PRIMARILY OF THE COMMISSION ALLOCATION PAID TO THE COMMISSION OR THE TRUSTEE BY THE COMMONWEALTH AND CERTAIN FUNDS HELD UNDER THE INDENTURE AND THE EARNINGS THEREON.

SELECTED DATA ON THE COMMONWEALTH OF PENNSYLVANIA

General

The Commonwealth of Pennsylvania is one of the most populous states, ranking sixth behind California, Texas, New York, Florida, and Illinois. Pennsylvania is an established state with a diversified economy. Pennsylvania had been historically identified as a heavy industrial state. That reputation has changed over the last thirty years as the coal, steel and railroad industries declined. The Commonwealth's business environment readjusted with a more diversified economic base. This economic readjustment was a direct result of a long-term shift in jobs, investment, and workers away from the northeast part of the nation. Currently, the major sources of growth in Pennsylvania are in the service sector, including trade, medical, health services, education and financial institutions.

Pennsylvania's agricultural industries remain an important component of the Commonwealth's economic structure, accounting for more than \$5.2 billion in crop and livestock products annually. In 2007, agribusiness and food related industries had export sales surpassing \$1.3 billion in economic activity. Over 58,000 farms form the backbone of the state's agricultural economy. Farmland in Pennsylvania includes over four million acres of harvested cropland and three million acres of pasture and farm woodlands - nearly one-third of the Commonwealth's total land area. Agricultural diversity in the Commonwealth is demonstrated by the fact that Pennsylvania ranks among the top ten states in the production of a variety of agricultural products. Agriculture exports have grown by more than 5.3% since 2003.

Pennsylvania's extensive public and private forests provide a vast source of material for the lumber, furniture, and paper products industries. The forestry and related industries account for 1.5% of employment with economic activity of nearly \$5 billion in domestic and international trade. Additionally, the Commonwealth derives a good water supply from underground sources, abundant rainfall, and a large number of rivers, streams, and lakes. Other natural resources include major deposits of coal, petroleum, and natural gas. Annually, about 77 million tons of anthracite and bituminous coal, 168 billion cubic feet of natural gas, and about 3.6 million barrels of oil are extracted from Pennsylvania.

Pennsylvania is a Mid-Atlantic state within easy reach of the populous eastern seaboard as well as a gateway to the Midwest. A comprehensive transportation grid enhances the Commonwealth's strategic geographic position. The Commonwealth's water systems afford the unique feature of triple port coverage, a deep-water port at Philadelphia, a Great Lakes port at Erie and an inland water port at Pittsburgh. Whether by air, rail, water, or road, Pennsylvania is easily accessible for both inter and intra state trade and commerce.

Population

The Commonwealth is highly urbanized. Of the Commonwealth's 2007 mid-year population estimate, 79 percent resided in the 15 Metropolitan Statistical Areas ("MSAs") of the Commonwealth. The largest MSAs in the Commonwealth are those that include the cities of Philadelphia and Pittsburgh, which together contain almost 44 percent of the state's total population. The population of Pennsylvania, 12.4 million people in 2007, according to the U.S. Bureau of the Census, represents a population growing slower than the nation with a higher portion than the nation or the region comprised of persons 45 or over. The following tables present the population trend from 1998 to 2007 and the age distribution of the population for 2006.

Employment

Non-agricultural employment in Pennsylvania over the ten years ending in 2006 increased at an average annual rate of 0.7 percent compared with a 0.8 percent rate for the Middle Atlantic region and 1.2 percent rate for the U.S. The following table shows employment trends from 1997 through 2006.

Non-manufacturing employment in Pennsylvania has increased in recent years and reached 88.3 percent of total employment by 2006. Consequently, manufacturing employment constitutes a diminished share of total employment within the Commonwealth. Manufacturing, contributing 11.7 percent of 2006 non-agricultural employment, has fallen behind both the services sector and the trade sector as the largest single source of non-governmental employment within the Commonwealth. In 2006, the services sector accounted for 40.6 percent of all non-agricultural employment while the trade sector accounted for 19.6 percent. The following table shows trends in employment by sector for Pennsylvania from 2002 through 2006.

Unemployment

Pennsylvania's annual average unemployment rate was equivalent to the national average throughout the 2000's. Slower economic growth caused the unemployment rate in the Commonwealth to rise to 5.7 percent in 2003. The resumption of faster economic growth resulted in a decrease in the Commonwealth's annual unemployment rate to 4.7 percent in 2006. As of November 2007, the most recent month for which figures are available, Pennsylvania had a seasonally adjusted annual unemployment rate of 4.2 percent. The following table represents the annual non-adjusted unemployment rate in Pennsylvania, the Middle Atlantic Region, and the United States from 1997 through 2006.

Market and Assessed Valuation of Real Property

Annually, the State Tax Equalization Board (the "STEB") determines an aggregate market value of all taxable real property in the Commonwealth. The STEB determines the market value by applying assessment to sales ratio studies to assessment valuations supplied by local assessing officials. The market values certified by the STEB do not include property that is tax exempt but do include an adjustment correcting the data for preferential assessments granted to certain farm and forestlands.

The table below shows the assessed valuation as determined and certified by the counties and the market value and the assessed to market value ratio determined by the STEB for real property over the last ten years. In computing the market values for uneven-numbered years, the STEB is statutorily restricted to certifying only those changes in market value that result from properties added to or removed from the assessment rolls. The STEB is permitted to adjust the market valuation to reflect any change in real estate values or other economic change in value only in even-numbered years. This restriction accounts for the two-year pattern of market value changes apparent in the data below.

Service Fund and the Senior Bonds Sinking Fund shall be applied in accordance with the provisions of paragraph (a) above.

Application of Funds: Subordinated Bonds

If at any time the moneys in the Subordinated Bonds Debt Service Fund or the Subordinated Bonds Sinking Fund shall not be sufficient to pay the principal of or the interest on the Subordinated Bonds as the same become due and payable (either by their terms or by acceleration of maturities under the Indenture), such moneys, together with any moneys then in the Subordinated Bonds Debt Service Fund and any other moneys then available or thereafter becoming available for such purpose, whether through the exercise of the remedies provided for in this Article or otherwise, shall be applied as follows, subject to the payment of fees and other amounts owing, to the Trustee pursuant to the Indenture:

(a) Unless the principal of all the Subordinated Bonds shall have become or shall have been declared due and payable, all such moneys shall be applied, subject to the application of funds for the Senior Bonds described above:

first: to the payment to the persons entitled thereto of all installments of interest then due (including any amount due to the Series 2003C Bond Insurer with respect thereto under the terms of the Insurance Agreement), in the order of the maturity of the installments of such interest, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the person entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Subordinated Bonds;

second,: to the payment to the persons entitled thereto of the unpaid principal of any of the Subordinated Bonds which shall have become due (other than Subordinated Bonds called for redemption for the payment of which moneys are held pursuant to the provisions for the Indenture), in the order of their due dates, with interest upon such Subordinated Bonds from the respective dates upon which they became due, and, if the amount available shall not be sufficient to pay in full the principal of Subordinated Bonds due on any particular date, together with such interest, then to the payment first of such interest, ratably according to the amount of such interest due on such date, and then to the payment of such principal, ratably according to the amount of such principal due on such date, to the persons entitled thereto without any discrimination or preference; and

third: to the payment of the interest on and the principal of the Subordinated Bonds, to the purchase and retirement of Subordinated Bonds and to the redemption of Subordinated Bonds, all in accordance with the provisions of the Indenture.

(b) If the principal of all the Subordinated Bonds shall have become or shall have been declared due and payable all such moneys shall be applied to the payment of

the principal and interest then due and unpaid upon the Subordinated Bonds, with interest thereon as aforesaid, without preference or priority of principal over interest or of interest over principal or of any installment of interest over any other installment of interest or of any Subordinated Bond over any other Subordinated Bond ratably according to the amounts due respectively for principal and interest to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Subordinated Bonds.

(c) If the principal of all the Subordinated Bonds shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled as described above, then, subject to the provisions of paragraph (b) above, in the event that the principal of all the Subordinated Bonds shall later become due or be declared due and payable, the moneys then remaining in and thereafter accruing to the Subordinated Bonds Debt Service Fund and the Subordinated Bonds Sinking Fund and the Subordinated Bonds Debt Service Reserve Fund shall be applied in accordance with the provisions of paragraph (a) above.

Bondholders' Right to Direct Proceedings

Subject to rights of the Bond Insurer as set forth in the Indenture, anything in the Indenture to the contrary notwithstanding, the holders of a majority in principal amount of the Bonds then outstanding with respect to which the event of default has occurred shall have the right, subject to the provisions of the Indenture noted above, by an instrument in writing executed and delivered to the Trustee, to direct the method and place of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law or the provisions of the Indenture, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to any Bondholder not a party to such direction. The Trustee may exercise any right or take any other action deemed proper by the Trustee which is not inconsistent with such direction.

No holder of any of the Bonds shall have any right to institute any suit, action or proceeding in equity or at law for the execution of any trust under the Indenture or for any other remedy thereunder unless such holder previously shall have given to the Trustee written notice of the event of default on account of which such suit, action or proceeding is to be instituted, and unless also the holders of not less than twenty-five percent (25%) in principal amount of the Bonds then outstanding with respect to which the event of default has occurred shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers hereinabove granted or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are declared in the Indenture in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of the Indenture or for any other remedy hereunder. It is

understood and intended that no one or more holders of the Bonds hereby secured shall have any right in any manner whatever by this or their action to affect, disturb or prejudice the security of the Indenture, or to enforce any right hereunder except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided in the Indenture and for the benefit of all holders of such outstanding Bonds.

Notice of Default

The Trustee shall mail to the registered owners of the Bonds then outstanding at their addresses as they appear on the registration books, written notice of the occurrence of any event of default set forth in clause (a) above under “Events of Default” within thirty (30) days after any such event of default shall have occurred. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail any notice of default required by the Indenture.

Supplemental Indentures Without Consent of Bondholders

The Commission and the Trustee may, from time to time and at any time, enter into such indentures or agreements supplemental to the Indenture as shall not be inconsistent with the terms and provisions of the Indenture for any of the following purposes:

- (a) to cure any ambiguity or formal defect or omission in the Indenture or in any Supplemental Indenture, including without limitation defects which would, if not cured, cause the interest on any series of Bonds to be included in gross income for federal income tax purposes when such interest is not to be so includable,
- (b) to grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Bondholders or the Trustee,
- (c) to issue Additional Bonds pursuant to the Indenture
- (d) to obtain maintain or upgrade the then current rating of the Bonds or to obtain a Credit Facility; provided, however, no amendment with respect to obtaining a Credit Facility shall grant to the provider of the Credit Facility a lien with respect to the Trust Estate superior to that of any Bondholder
- (e) to create a common Subordinated Bonds Debt Service Reserve Fund for all Subordinated Bonds, provided that each entity which has issued a letter of credit, surety bond or bond insurance policy as to any Subordinated Bonds for all or a portion of the Subordinated Bonds Debt Service Reserve Fund shall have consented thereto, or
- (f) to make any other amendment which does not materially adversely affect the rights of the Trustee or of the Bondholders.

Supplemental Indentures with Consent of Bondholders

Subject to the terms and provisions contained in the Indenture, including the rights of the Bond Insurer, and not otherwise, the holders of not less than a majority (more than fifty percent (50%)) in aggregate principal amount of the Senior Bonds then outstanding and the holders of not less than a majority in aggregate principal amount of the Subordinated Bonds then outstanding shall have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by the Commission and the Trustee of such indenture or indentures supplemental to the Indenture as shall be deemed necessary or desirable by the Commission for the purpose of modifying, altering, amending, adding to or rescinding, in any particular manner, any of the terms or provisions contained in the Indenture or in any Supplemental Indenture; provided, however, that nothing in the Indenture contained shall permit, or be construed as permitting, (a) an extension of the maturity of the principal of or the interest on any Bond issued thereunder, or (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, or (c) the creation of a lien upon or a pledge of revenues ranking prior to or (except as to Additional Bonds to the extent provided in the Indenture) on a party with the lien or pledge created by the Indenture, or (d) a preference or priority of any Senior Bond or Senior Bonds over any other Senior Bond or Subordinated Bonds or any Subordinated Bond or Bonds over any other Subordinated Bond or Bonds, or (e) a reduction in the aggregate principal amount of the Bonds required for consent to such Supplemental Indenture. Nothing contained in the Indenture, however, shall be construed as making necessary the approval by Bondholders of the execution of any Supplemental Indenture or agreement described above under “Supplemental Indentures Without Consent of Bondholders.”

Defeasance

If, when the Bonds shall have become due and payable in accordance with their terms or otherwise as provided in the Indenture or shall have been duly called for redemption or irrevocable instructions to call the Bonds for redemption shall have been given by the Commission to the Trustee, the whole amount of the principal and interest and the premium, if any, so due and payable upon all of the Bonds then outstanding shall be paid or there shall have been deposited with the Trustee or the Paying Agent an amount, evidenced by moneys or Defeasance Securities, certified by an independent public accounting firm of national reputation to be of such maturities and interest payment dates and to bear such interest as will, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom (likewise to be held in trust and committed, except as hereinafter provided), to be sufficient for the payment, at their maturities or redemption dates, of all principal, premium, if any, and interest on the Bonds to the date of maturity or redemption, as the case may be, and provision shall also be made for paying all other sums payable under the Indenture hereunder by the Commission, then and in that case the right, title and interest of the Trustee shall thereupon cease, determine and become void, and the Trustee in such case, on demand of the Commission, and upon receipt of an Opinion of Counsel stating in substance that all conditions precedent provided for in the Indenture relating to defeasance have been satisfied, shall release the

Indenture and shall execute such documents to evidence such release as may be reasonably required by the Commission, and shall turn over to the Commission or to such officer, board or body as may then be entitled by law to receive the same any surplus in any funds or accounts other than moneys held in the Rebate Fund or for redemption or payment of Bonds.

The Indenture provides that in the event that the principal and/or interest due on the 2003C Bonds shall be paid by the Bond Insurer pursuant to the 2003C Bond Insurance Policy, the -2003C Bonds shall remain outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the Commission, and the assignment and pledge of the Trust Estate and all covenants agreements and other obligations of the Commission to the registered owners of the 2003C Bonds shall continue to exist and shall run to the benefit of the Bond Insurer, and the Bond Insurer shall be subrogated to the rights of such registered owners

If the Commission deposits with the Trustee Defeasance Securities (or Defeased Tax-Exempt Securities, with respect to the 1998 Bonds) sufficient to pay the principal or redemption price of any particular Bond or Bonds becoming due, either at maturity or by call for redemption or otherwise, together with all interest accruing thereon to the due date, interest on such Bond or Bonds shall cease to accrue on the due date and all liability of the Commission with respect to such Bond or Bonds shall cease. Thereafter, such Bond or Bonds shall be deemed not to be outstanding under the Indenture and the holder or holders of such Bond or Bonds shall be restricted exclusively to the funds so deposited for any claim of whatsoever nature with respect to such Bond or Bonds, and the Trustee shall hold such fluids in trust for such holder or holders.

Subordination.

The Subordinated Bonds shall be subordinated and junior in lien position and right of payment to the extent and in the manner hereinafter set forth, to all principal of, premium, if any, and interest on the Senior Bonds.

(a) No payment on account of principal of and premium, if any, or interest on such Subordinated Bonds shall be made from the Tax Revenues or any amounts in the Subordinated Bonds Debt Service Fund or Subordinated Bonds Sinking Fund, nor shall any Tax Revenues be applied to the purchase or other acquisition or retirement of such Subordinated Bonds, unless full payment of amounts due and payable on or prior to such payment date, whether at maturity, by acceleration or otherwise, for principal of and premium, if any, and interest on all Senior Bonds has been made or duly provided for in accordance with the terms of this Indenture. Notwithstanding the foregoing, no payment on account of principal of and premium, if any, or interest on such Subordinated Bonds shall be made from the Tax Revenues, nor shall any Tax Revenues be applied to the purchase or other acquisition or retirement of such Subordinated Bonds if at the time of such payment or application or immediately after giving effect thereto, there shall exist a default in the payment of principal of, and premium, if any, or interest on any Senior Bonds.

(b) (i) Upon any dissolution or winding up or total or partial liquidation, reorganization or arrangement of the Commission, whether voluntary or involuntary or in

bankruptcy, insolvency, receivership or other proceedings, all principal of, premium, if any, and interest due or to become due upon all Senior Bonds shall first be paid in full, or payment thereof provided for in accordance with the terms of the Senior Bonds, and any deficiency in any fund created under the Indenture has been satisfied, before any payment from the Tax Revenues is made on account of the Subordinated Bonds.

(ii) In the event that, notwithstanding the foregoing provisions, any holder of Subordinated Bonds shall have received any payment or distribution of Tax Revenues or any amounts in the Subordinated Bonds Debt Service Fund or the Subordinated Bonds Sinking Fund, including any such payment or distribution which may be payable or deliverable by reason of the, payment of the Subordinated Bonds (a “Distribution”), if there exists a default in the payment of principal of, premium, if any, or interest on any Senior Bonds at the time of the Distribution then and in such event such Distribution shall be received and held in trust for the holders of the Senior Bonds and shall be paid over or delivered forthwith to the Trustee for the benefit of the holders of the Senior Bonds to the extent necessary to pay all such Senior Bonds in full after giving effect to any payment or distribution made to the holders of such Senior Bonds concurrently with the Distribution made to such holder of Subordinated Bonds.

(c) The provisions of(a) and (b) above are solely for the purpose of defining the relative rights of the Senior Bonds and the holders of Subordinated Bonds, and nothing herein shall impair, as between the Commission and the holders of the Subordinated Bonds the obligation of the Commission which is unconditional and absolute subject to the provisions of the Indenture to pay to the holders thereof the principal thereof and premium if any and interest thereon in accordance with its terms nor shall anything therein prevent the holders of the Subordinated Bonds from exercising all remedies otherwise permitted by applicable law or upon default thereunder subject to the rights under (a) and (b) above of the Senior Bonds, as the case may be, to receive cash property or securities otherwise payable or deliverable to the holders of the Subordinated Bonds.

Rights of the Bond Insurer

The Second Supplemental Indenture contains a number of provisions required by the 2003C Bond Insurer. Such provision, among other things, grant the 2003C Bond Insurer the right to receive notices of certain events and other information, the right to consent to certain actions, acceleration rights, impose requirements for Permitted Investments, valuation, trustee related provisions, defeasance, the right to control certain remedies granted to the Owners of the 2003C Bonds or the Trustee for the benefit of such Owner, and recognition as a third-party beneficiary thereunder. For the purposes of exercising certain voting rights under the Indenture, including the Second Supplemental Indenture, MBIA Insurance Corporation shall be deemed to be the Owner of the 2003C Bonds.

Securities Depository

Portions of the following information concerning DTC and DTC's book-entry only system have been obtained from DTC. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Commission and the Remarketing Agents believe to be reliable; however, the Commission and the Remarketing Agents take no responsibility for the accuracy thereof and make no representation as to the accuracy of such information.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the 2003C Bonds. The 2003C Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the 2003C Bonds in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instrument from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of 2003C Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2003C Bonds on DTC's records. The ownership interest of each actual purchaser of each 2003C Bond (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2003C Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2003C Bonds, except in the event that use of the book-entry system for the 2003C Bonds is discontinued.

To facilitate subsequent transfers, all 2003C Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be

requested by an authorized representative of DTC. The deposit of 2003C Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2003C Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2003C Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2003C Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2003C Bonds, such as redemptions, defaults, and proposed amendments to the Subordinate Indenture. For example, Beneficial Owners of 2003C Bonds may wish to ascertain that the nominee holding the 2003C Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them. Redemption notices shall be sent to DTC. If less than all of the 2003C Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2003C Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Commission as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts 2003C Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal or redemption price of and interest on the 2003C Bonds will be paid to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Commission or the Trustee, as applicable, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Trustee, or the Commission, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal or redemption price and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

The Commission may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered.

So long as Cede & Co. is the registered owner of the 2003C Bonds, as nominee of DTC, references herein to the bondholders or registered owners of the 2003C Bonds means Cede & Co., not the Beneficial Owners of the 2003C Bonds.

Discontinuation of Book-Entry-Only System

DTC may determine to discontinue providing its service with respect to the 2003C Bonds at any time by giving reasonable notice to the Commission and the Trustee. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

THE COMMISSION, THE TRUSTEE AND THE REMARKETING AGENTS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC, WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE 2003C BONDS (1) PAYMENTS OF PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON THE 2003C BONDS (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE 2003C BONDS OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE 2003C BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS, WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS REMARKETING CIRCULAR. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SEC AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH ITS PARTICIPANTS ARE ON FILE WITH DTC.

NONE OF THE COMMISSION, THE TRUSTEE OR THE REMARKETING AGENTS WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON 2003C BONDS; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS UNDER THE TERMS OF THE SUBORDINATE INDENTURE; (4) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE 2003C BONDS, OR (5) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS OWNER OF THE 2003C BONDS.

APPENDIX E

(Form of opinion of Co-Bond Counsel in connection with the issuance and delivery of the Bonds)

May __, 2008

To the Purchasers of
the Below-Referenced Bonds:

Re: Pennsylvania Turnpike Commission \$160,000,000 Oil Franchise Tax Senior Revenue Bonds, Series C of 2003

Ladies and Gentlemen:

We have served as Co-Bond Counsel to the Pennsylvania Turnpike Commission (the "Commission") in connection with the conversion and remarketing of its Oil Franchise Tax Senior Revenue Bonds, Series C of 2003, in the aggregate principal amount of \$160,000,000 (the "Bonds") pursuant to a resolution adopted by the Commission on February 19, 2008 (the "Resolution") and pursuant to and secured by a Fourth Supplemental Trust Indenture dated as of May __, 2008 (the "Fourth Supplemental Indenture"), amending and supplementing the Trust Indenture dated as of August 1, 1998 (the "Original Indenture" and, together with all amendments and supplements to the Original Indenture, the "Indenture"), from the Commission to U.S. Bank National Association, as successor trustee (the "Trustee").

In accordance with the Indenture, the Bonds are being converted on the date hereof from an auction rate mode to fixed rates to maturity. The Bonds will bear interest at such rates, and will mature on the dates and in the amounts, and will be subject to redemption prior to maturity as provided in the Fourth Supplemental Indenture.

The Bonds were issued under and secured by the Indenture for the purpose of providing funds to pay, together with other available funds, the costs of a project consisting of: (a) financing capital expenditures permitted by the Enabling Acts (hereinafter defined); (b) paying the premium for bond insurance with respect to the Bonds; and (c) paying the costs of issuance of the Bonds (together, the "Project"). Pursuant to the Indenture, the Bonds are limited obligations of the Commission, payable solely from the revenues received by the Commission pursuant to the Commission Allocation (hereinafter defined), certain funds held by the Trustee under the Indenture and any other funds, if any, of the Commission hereinafter specifically pledged to pay the principal of and interest on the Bonds.

The Commission was created under and by authority of the Act of the General Assembly of Pennsylvania approved May 21, 1937, P.L. 774, No. 211, as amended and supplemented by several Acts of the General Assembly, including, *inter alia*, the Act of May 24, 1945, P.L. 972; the Act of February 26, 1947, P.L. 17; the Act of May 23, 1951, P.L. 335; the Act of August 14, 1951, P.L. 1232; the Act of September 30, 1985, P.L. 240, No. 61; the Act of

August 5, 1991, P.L. 238; the Act of April 16, 1992, P.L. 169; the Act of November 24, 1992, P.L. 725; and the Act of July 18, 2007, P.L. 169, No. 44. All such acts are sometimes hereafter referred to as the “Enabling Acts”. The Enabling Acts constitute the Commission as an instrumentality of the Commonwealth of Pennsylvania (the “Commonwealth”). The General Assembly of the Commonwealth, by Act of August 5, 1991, P.L. 238; Act of April 16, 1992, P.L. 169; Act of July 2, 1993, P.L. 58; and Act of February 14, 1994, No. 3 (collectively the “Oil Franchise Tax Act”), imposed an additional 55 mills to the “oil company franchise tax for highway construction” and directed that 14% of such additional 55 mills (the “Commission Allocation”) be distributed for toll roads designated pursuant to the Act of September 30, 1985, P.L. 240, No. 61 (such act, as amended, is hereinafter referred to as “Act 61”). Under the Oil Franchise Tax Act, the oil company franchise taxes are collected by the Commonwealth Department of Revenue and deposited into the Motor License Fund of the Commonwealth held by the Department of Transportation. The Oil Franchise Tax Act provides that the Commission Allocation “is hereby appropriated monthly” to the Commission. The Oil Franchise Tax Act also provides that the Commonwealth pledges and agrees with any purchaser of the bonds to be issued by the Commission and secured by oil and franchise tax revenues that the “Commonwealth will not limit or alter the rights vested in the Pennsylvania Turnpike Commission to the appropriation and distribution of such tax revenues.”

In our capacity as Co-Bond Counsel, we have examined the Constitution and such statutes of the Commonwealth and such resolutions of the Commission and proceedings related thereto as we have deemed necessary to enable us to render the opinions set forth below. We also have examined and relied upon the proceedings authorizing the conversion and remarketing of the Bonds and certain certifications and agreements (including a Tax Regulatory Agreement and Non-Arbitrage Certificate delivered in connection with the remarketing of the Bonds and intended to satisfy certain provisions of the Internal Revenue Code of 1986, as amended, and applicable Treasury Regulations (the “Code”)), the opinion of Doreen A. McCall, Esquire, as Chief Counsel to the Commission, affidavits, receipts and other documents, including the Indenture and specimen Bonds, which we have considered relevant. We also have relied on a certificate of the Trustee as to its authentication of the Bonds.

In rendering the opinions set forth below, we have relied upon the genuineness, authenticity, truthfulness and completeness of all documents, records and other instruments which we have examined, other than those documents prepared by us. We have not undertaken to verify the factual matters set forth therein by independent investigation.

Based upon the foregoing, we are of the opinion, as of the date hereof, under existing law and subject to the qualifications hereinafter set forth, that:

1. The Commission is a validly existing instrumentality of the Commonwealth with full power and authority to undertake the Project, to execute and deliver the Fourth Supplemental Indenture, to issue the Bonds, to pledge the Commission Allocation to secure and to pay the principal of and interest on the Bonds and to use the proceeds of the Bonds to finance the Project.

2. The Commission has duly adopted the Resolution authorizing, among other things, the execution and delivery of the Fourth Supplemental Indenture.

3. The Fourth Supplemental Indenture has been duly authorized, executed and delivered by the Commission and the obligations of the Commission thereunder constitute legal, valid and binding obligations, enforceable in accordance with their terms.

4. The Bonds have been duly converted in accordance with the Indenture, and are the legal, valid and binding limited obligations of the Commission, enforceable in accordance with their terms.

5. The Bonds are secured by the Indenture on an equal and ratable basis with all other parity bonds issued or to be issued under the Indenture and any indenture supplemental thereto, and the Indenture creates a valid pledge of, and a valid and binding security interest in, the Tax Revenues (as defined in the Indenture).

6. Under existing law, the Bonds are exempt from personal property taxes in Pennsylvania, and interest thereon is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax.

7. The interest on the Bonds is excluded from the gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. It should be noted, however, that for the purpose of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings. For the purpose of rendering the opinion set forth in this paragraph, we have assumed compliance by the Commission with the requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the conversion and remarketing of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Commission has covenanted to comply with such requirements. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes to be retroactive to the date hereof.

Attention is invited to the fact that ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, and taxpayers, including financial institutions subject to Section 265 of the Code, who may be deemed to have incurred or continued indebtedness to purchase or carry the Bonds, and we express no opinion as to any of such consequences.

Our opinions as to the validity, binding effect and enforceability of the Indenture and the Bonds are subject to the effect of any applicable bankruptcy, fraudulent conveyance or transfer, insolvency, reorganization, moratorium or similar law affecting creditors' rights generally and the effect of general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity, at law, or in bankruptcy).

These opinions are rendered on the basis of federal law and the laws of the Commonwealth as enacted and construed on the date hereof. We express no opinion as to any matter not set forth in the numbered paragraphs above.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Remarketing Circular dated _____, 2008 (the "Remarketing Circular") or other offering material relating to the Bonds (except to the extent, if any, stated in the Remarketing Circular), and we express no opinion herein related thereto (excepting only the matters set forth as our opinion in the Remarketing Circular).

We have not undertaken and will not undertake any responsibility to supplement or update our opinions to consider or inform any person of events or actions occurring or taken (or not occurring or not taken) subsequent to the date hereof including, but not limited to, those which may affect the tax status of interest on the Bonds.

Very truly yours,
