Project Schedule

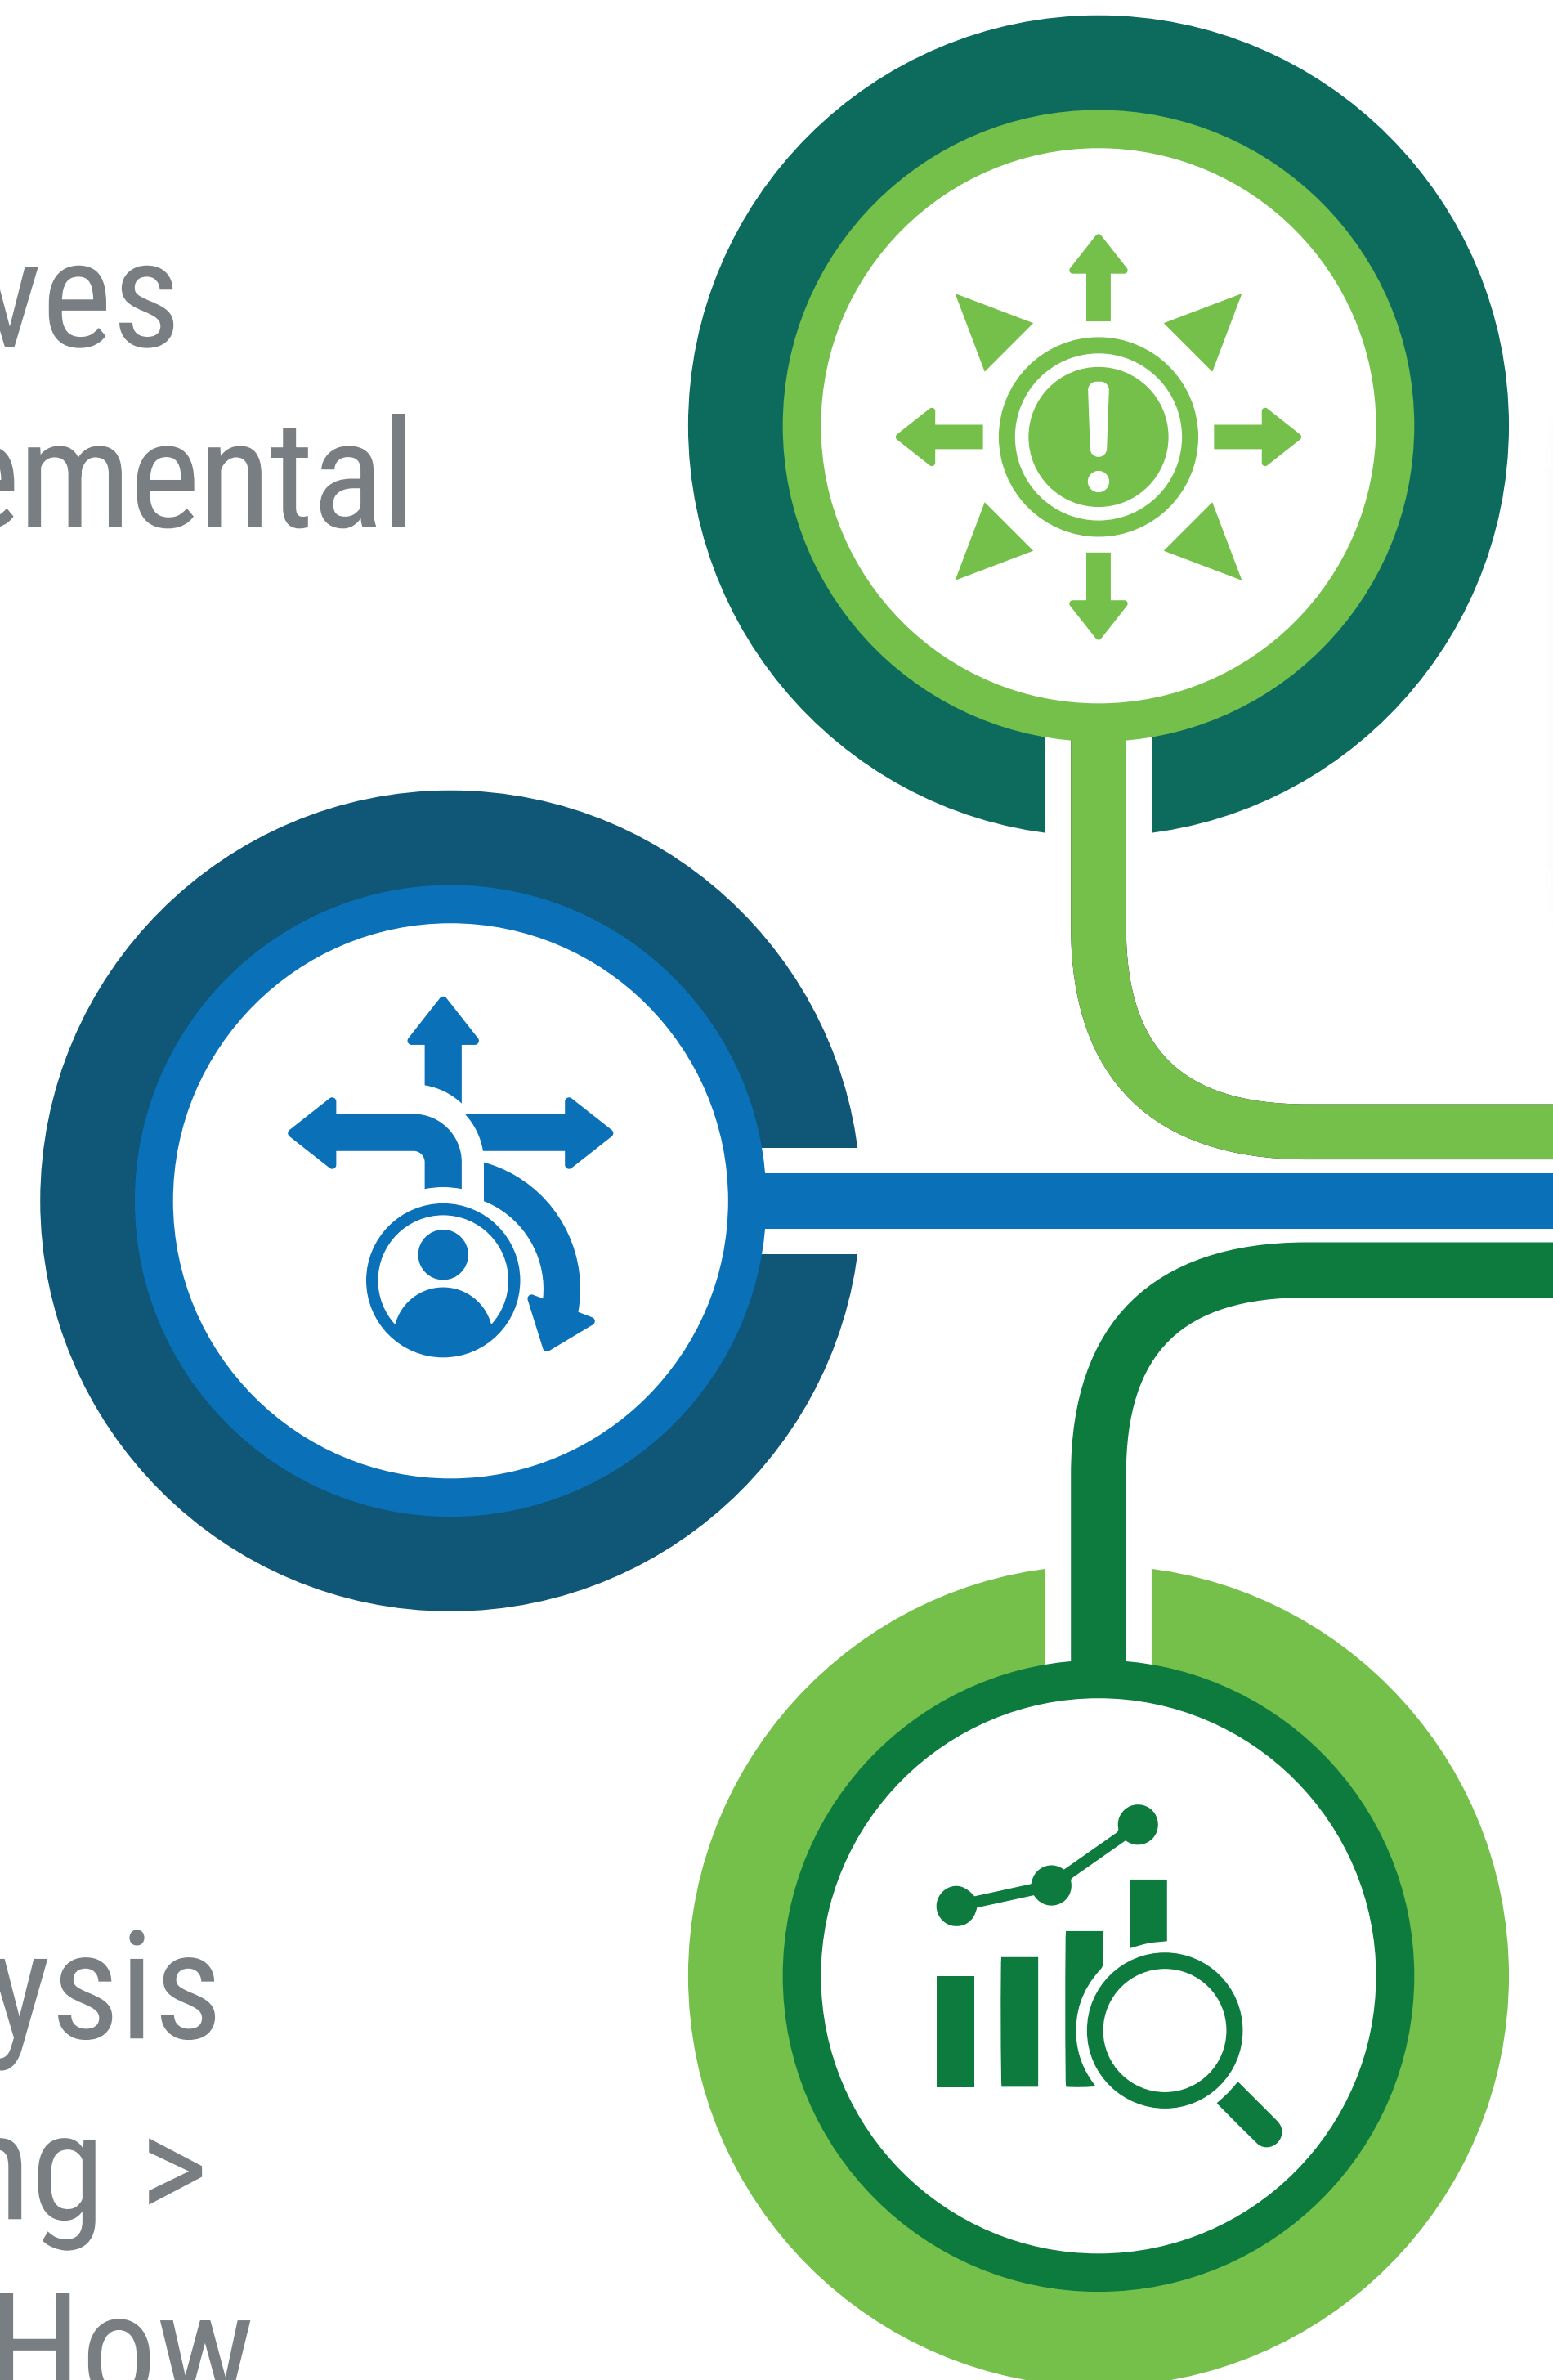

Note: These displays are intended for the March 2025 Public Meeting Open House Series and are subject to change as the project progresses.

2025 Public Meeting Series

Three rounds of public meetings to present and request feedback on:

1. Study corridor > Alternatives Analysis Process > Supplemental EIS Process
2. Range of alternatives > Existing environmental resources
3. Detailed Alternatives Analysis and Preliminary Engineering > Environmental Impacts* > How public feedback was addressed

Your opportunity to learn about the project firsthand and provide feedback.
Our opportunity to listen.

- Public meetings will be scheduled in Pennsylvania, New Jersey, and online
- Online interactive public surveys will be available along with in-person meetings
- Special group meetings will be held as needed

*The alternative that minimizes impacts to the environment and community will be highlighted
