Traffic Planning and Design
Project Manager – Ridge Pike

Overall Lafayette Street Extension Update

What is the Lafayette Street Interchange Project

Purpose and Need

PROJECT PURPOSE

Help alleviate existing traffic problems & spur economic development in the vicinity of Norristown, PA by offering a more direct route for Turnpike motorists to access Norristown, Conshohocken, & interspersed commercial, industrial and residential developments along the east shore of the Schuylkill River

NEED 1
Traffic Congestion Relief

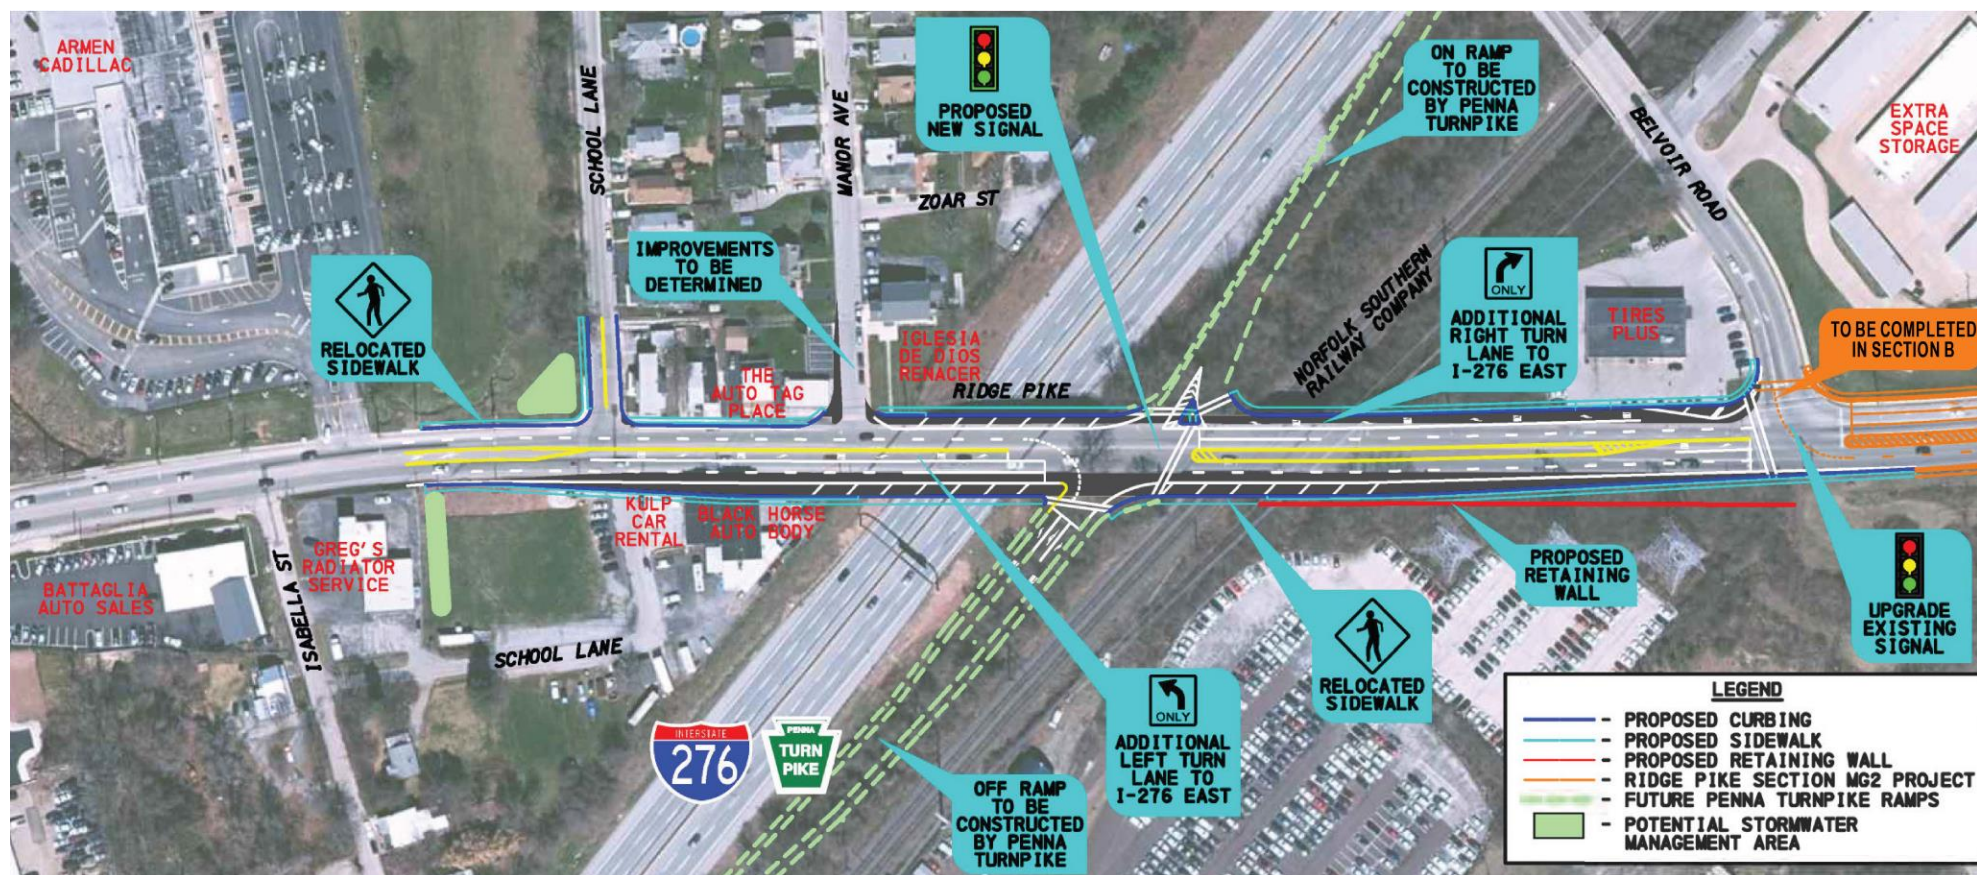

NEED 2
Spur Economic Development

NEED 3
System Connectivity

Ridge Pike Project Update

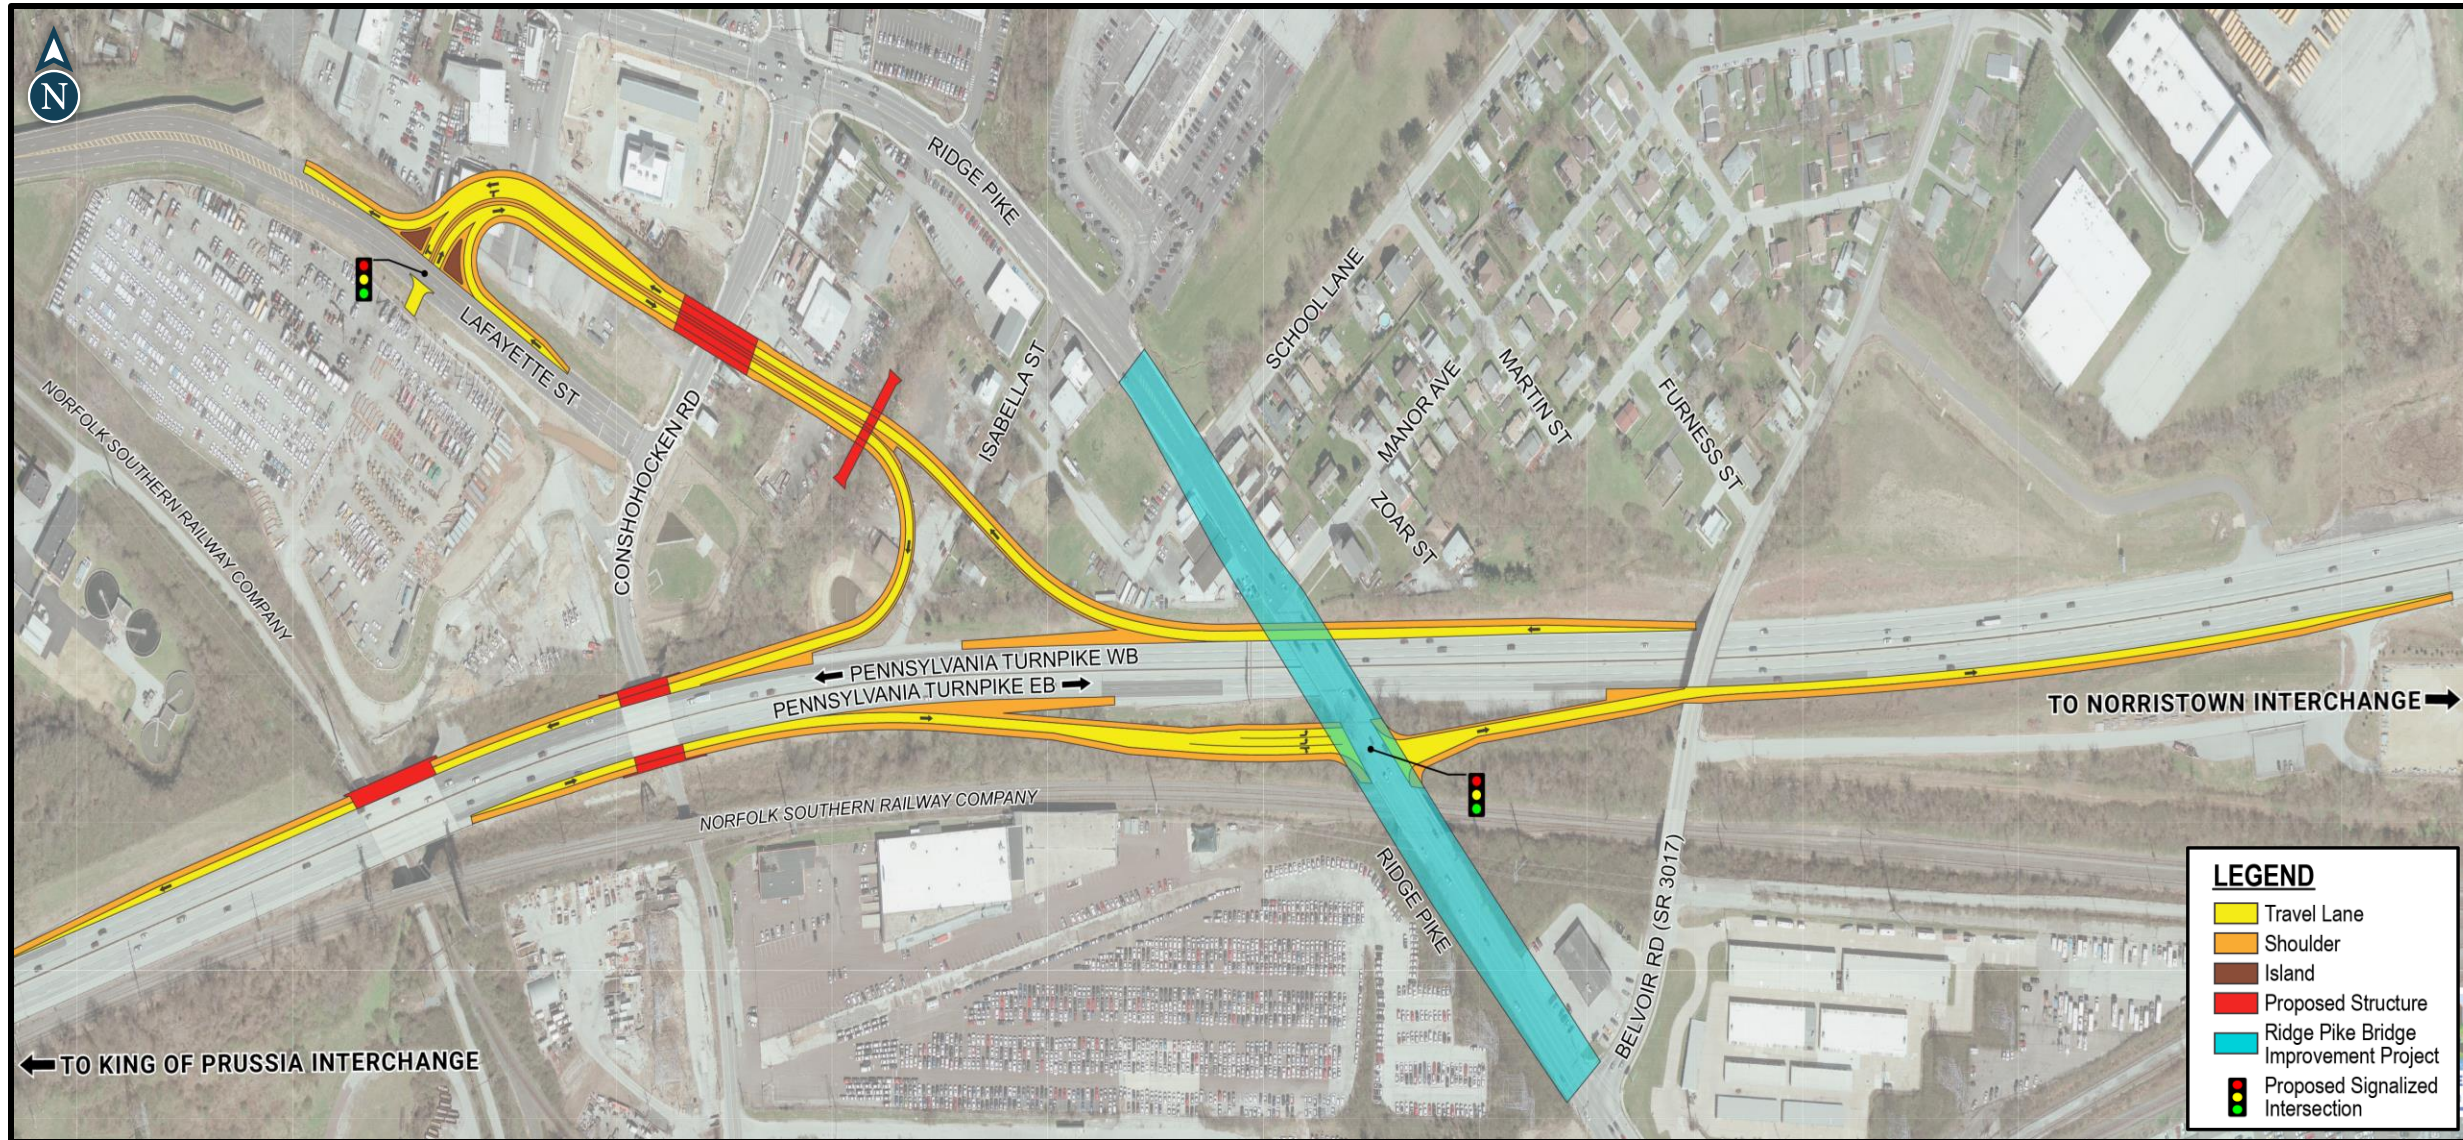

35,000
Cars Per Day

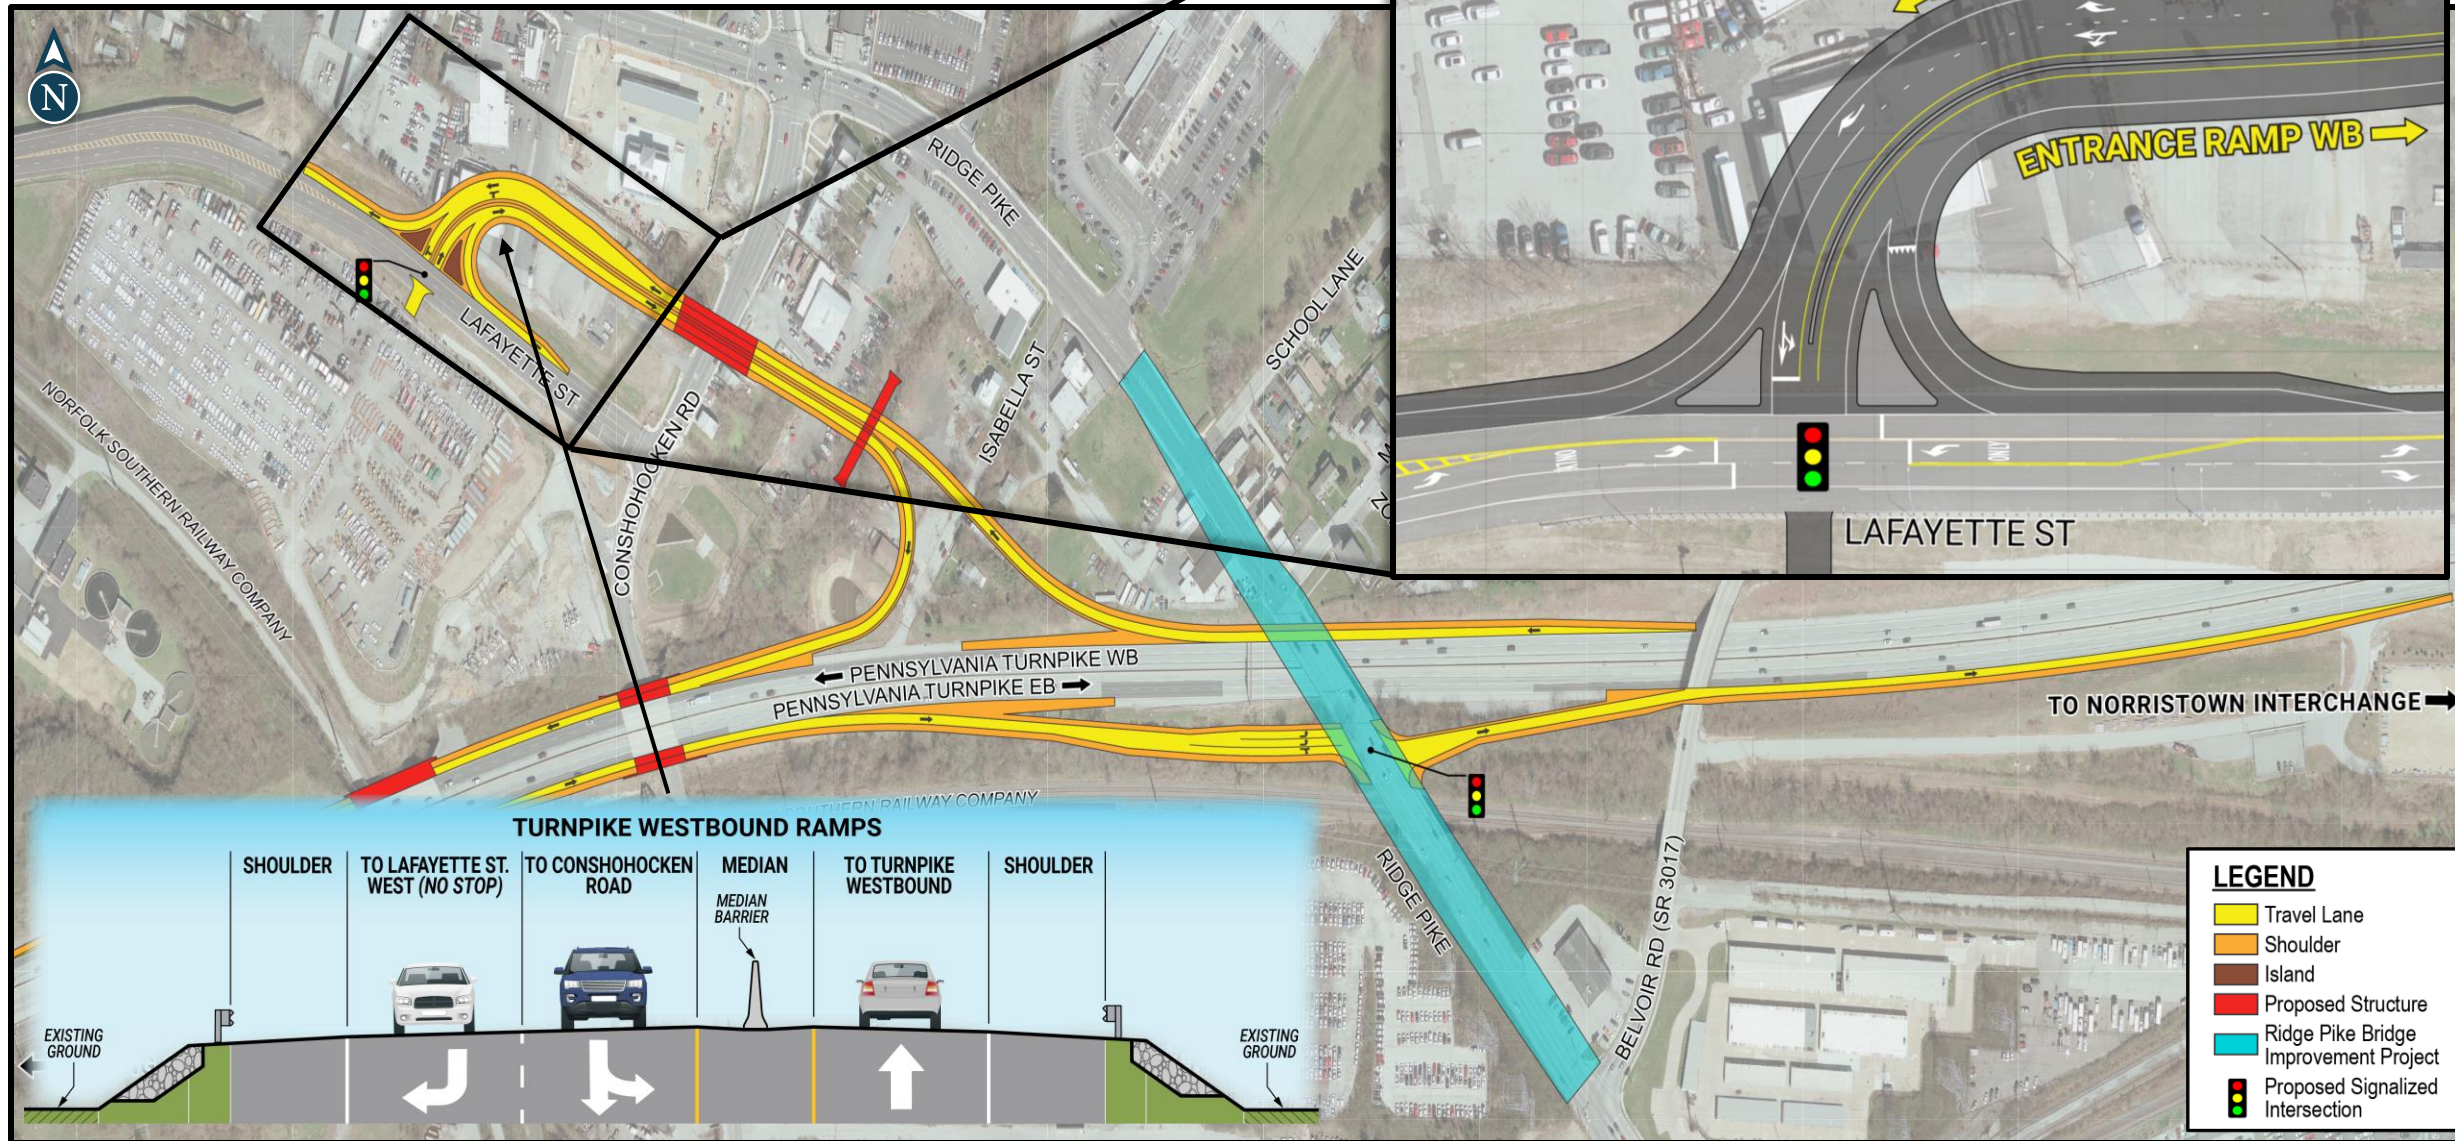

Ridge Pike needs to be a 21st century roadway to carry 35,000 vehicles a day, allow safer pedestrian movements, and support local businesses.

Lafayette Street Interchange Project Plans

 PROJECT COST = \$60 MILLION

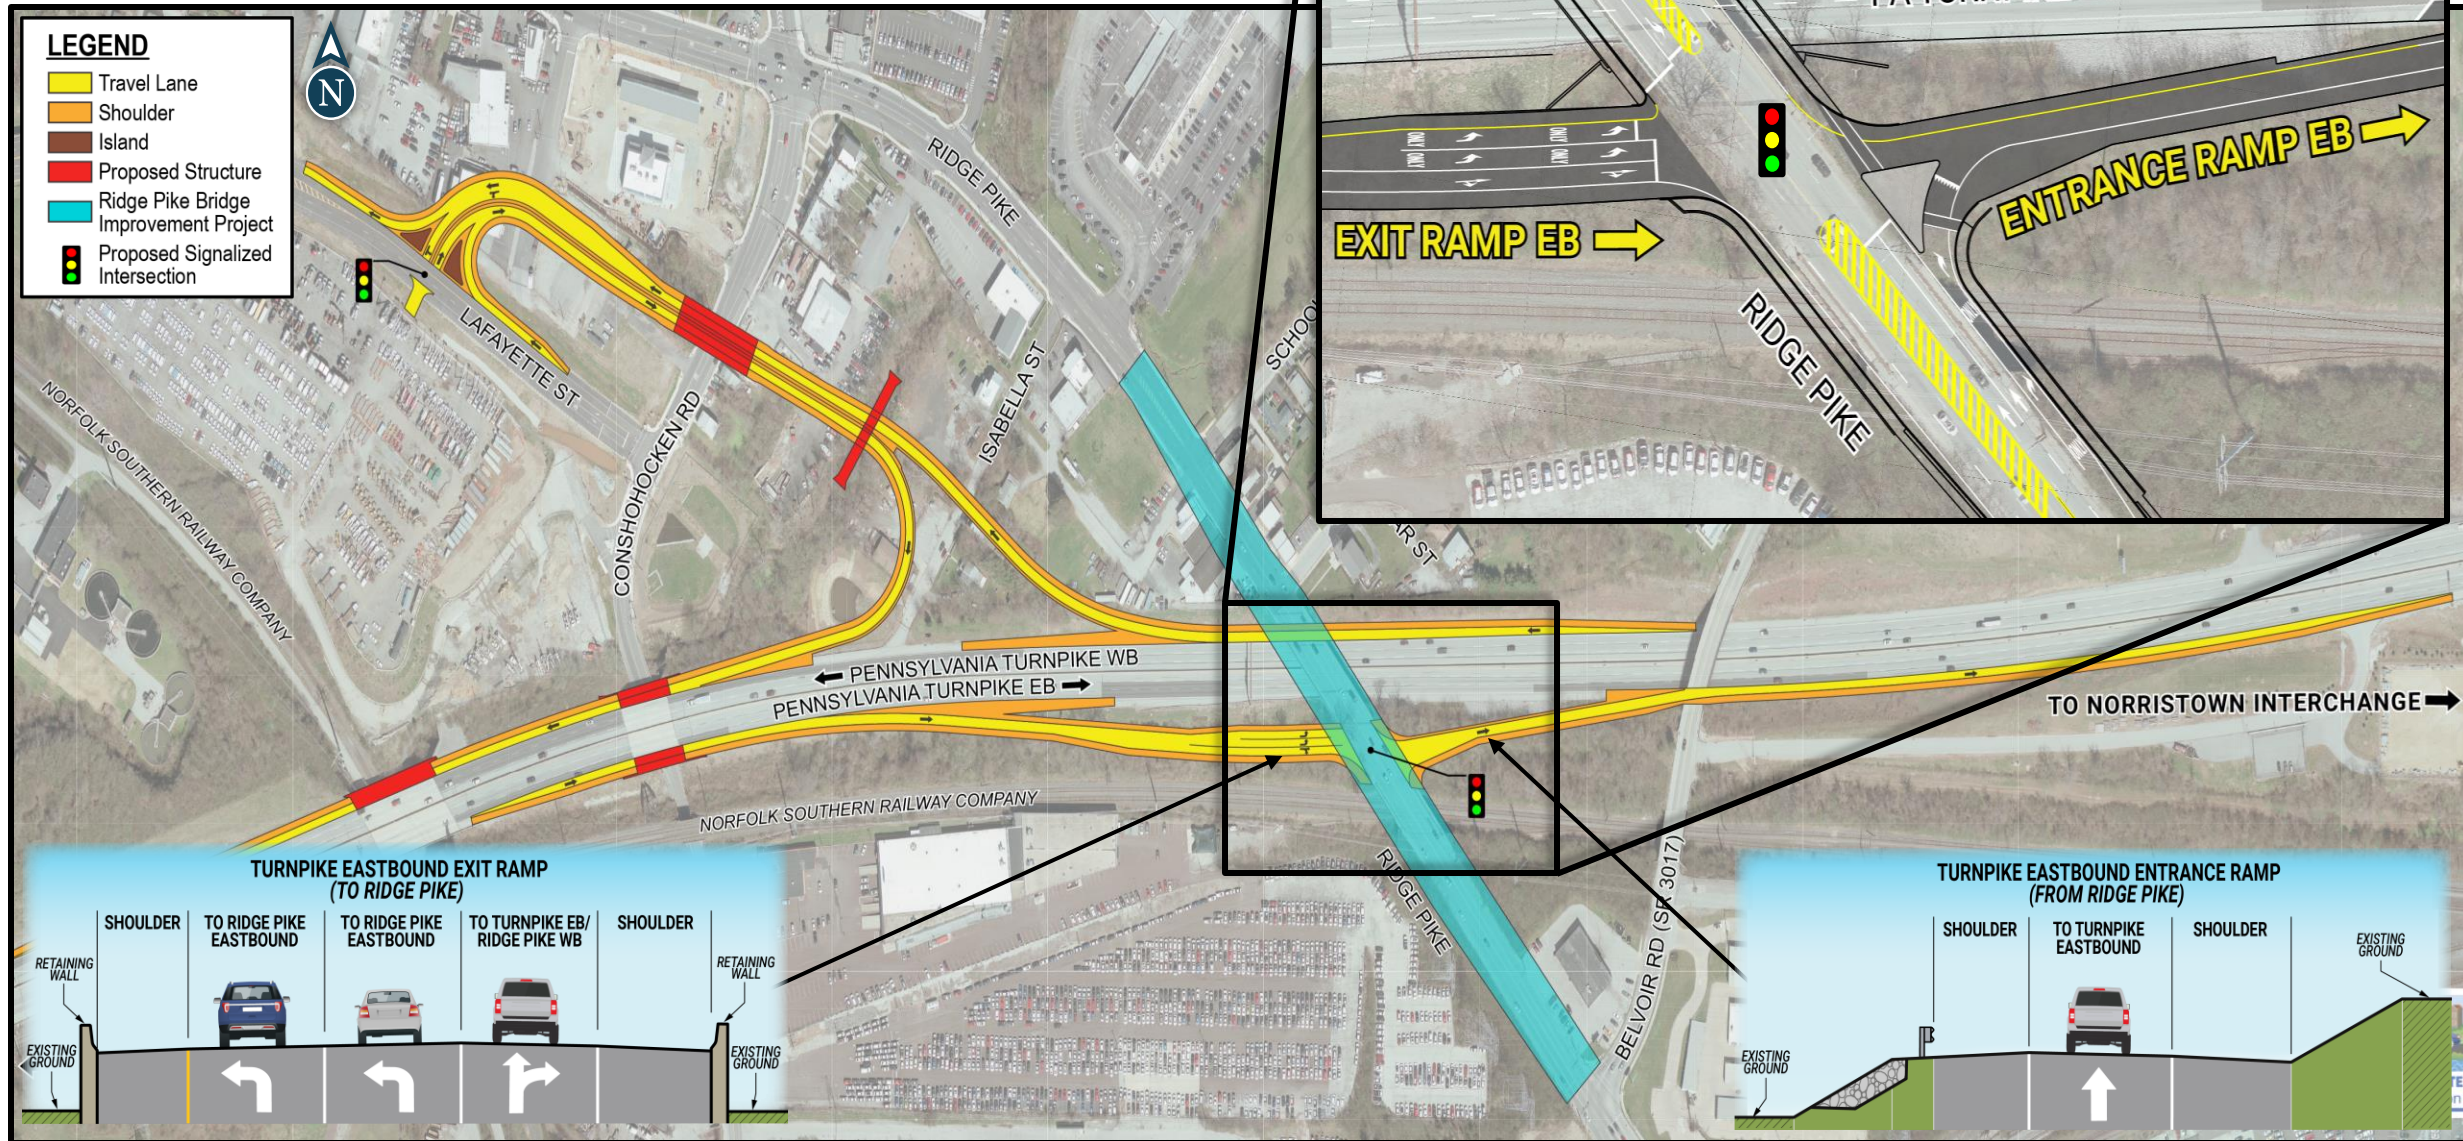

Turnpike WB Ramps at Lafayette Street Intersection

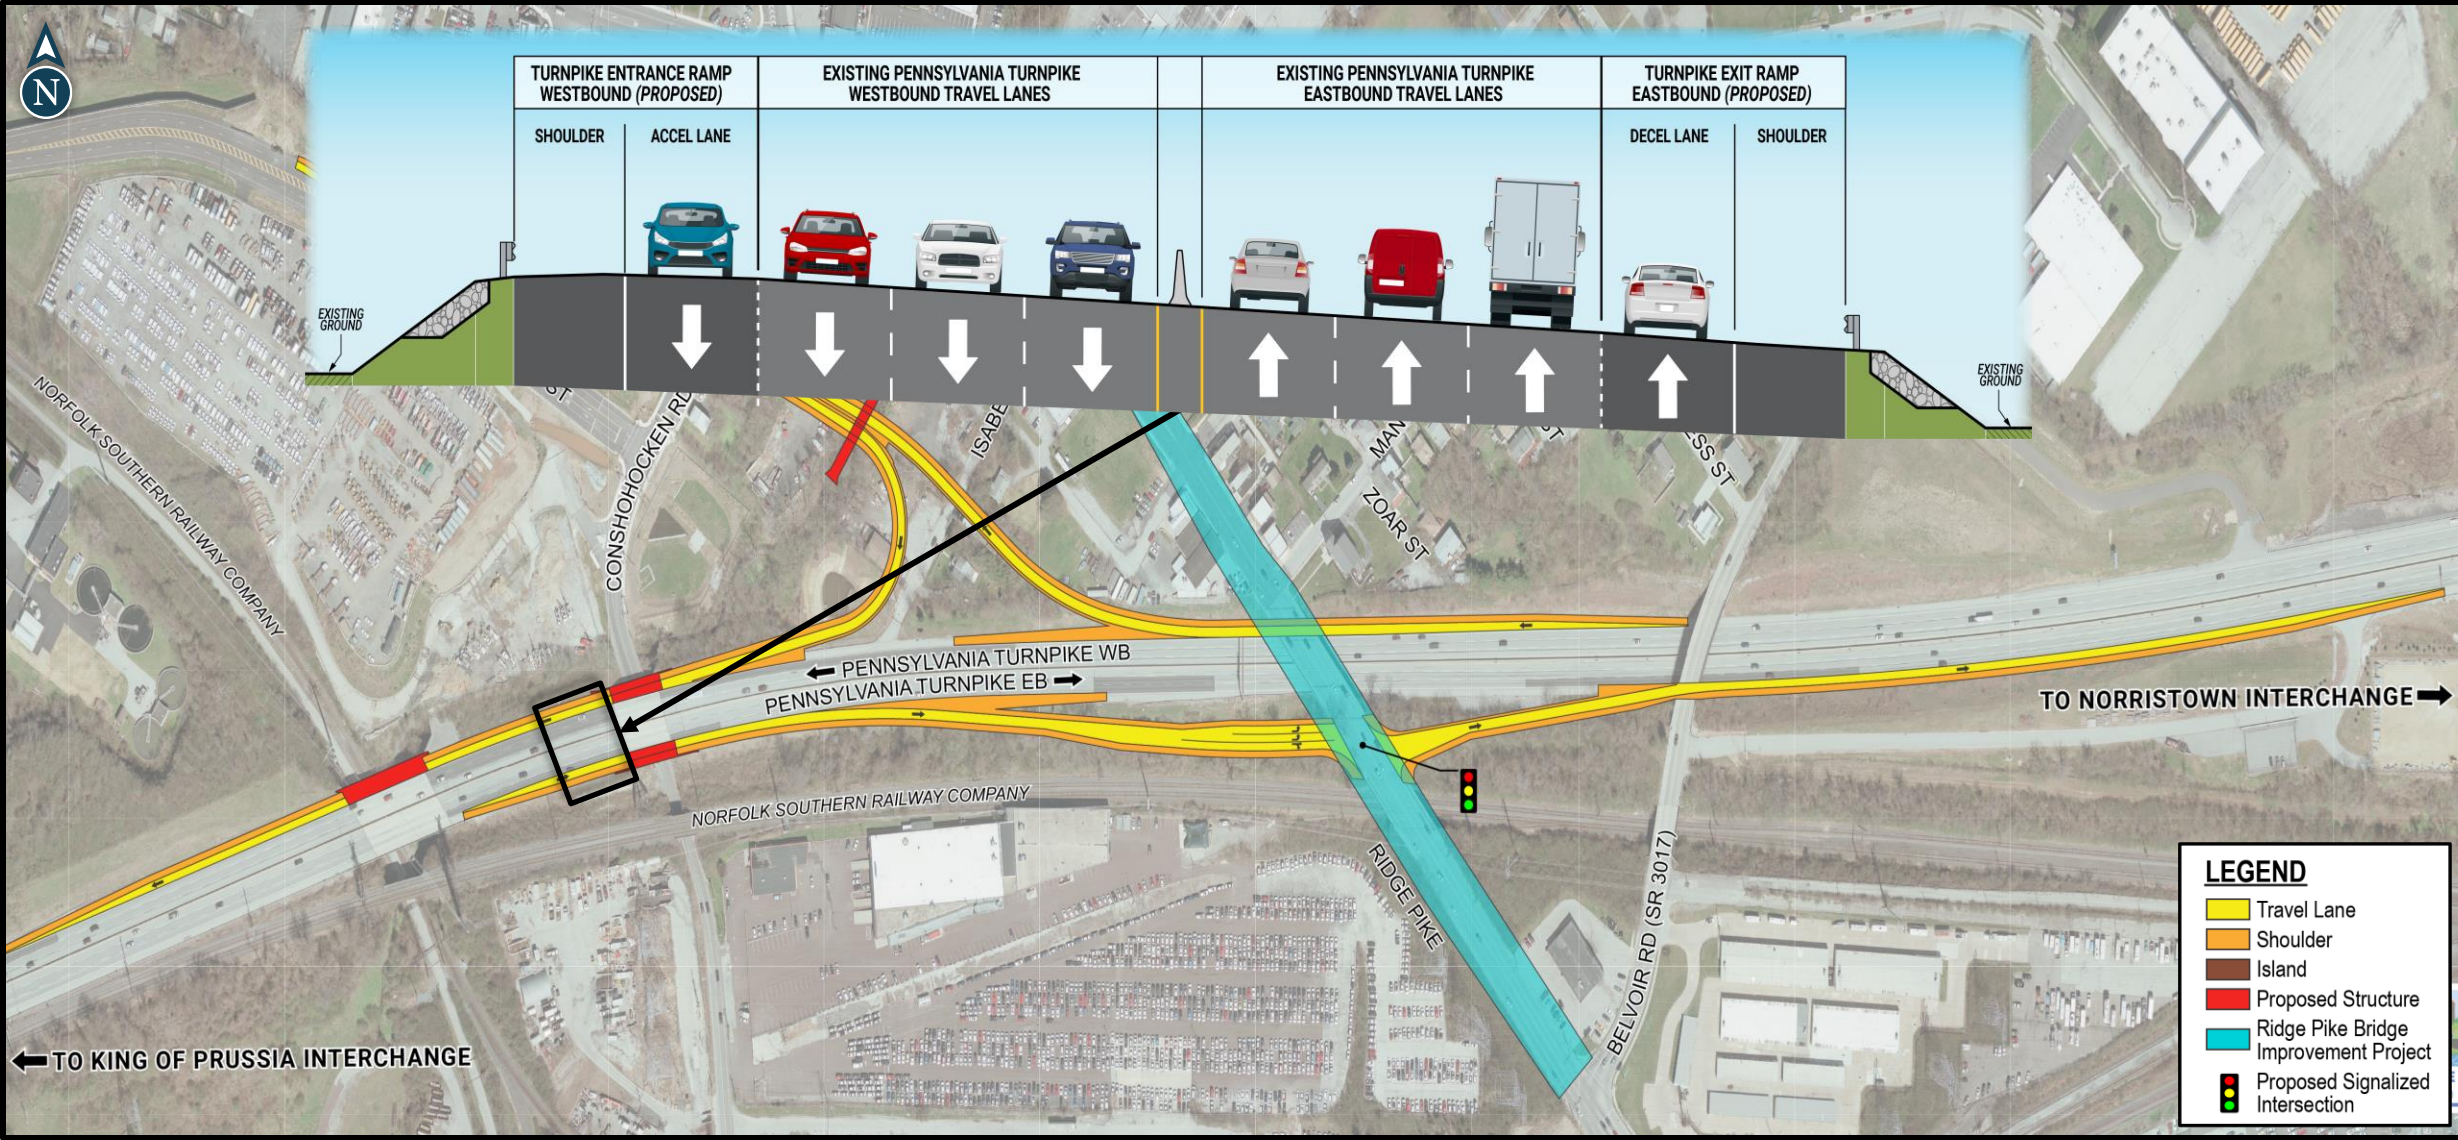

Turnpike WB Ramp Structure over Conshohocken Road

Turnpike EB Ramps at Ridge Pike Intersection

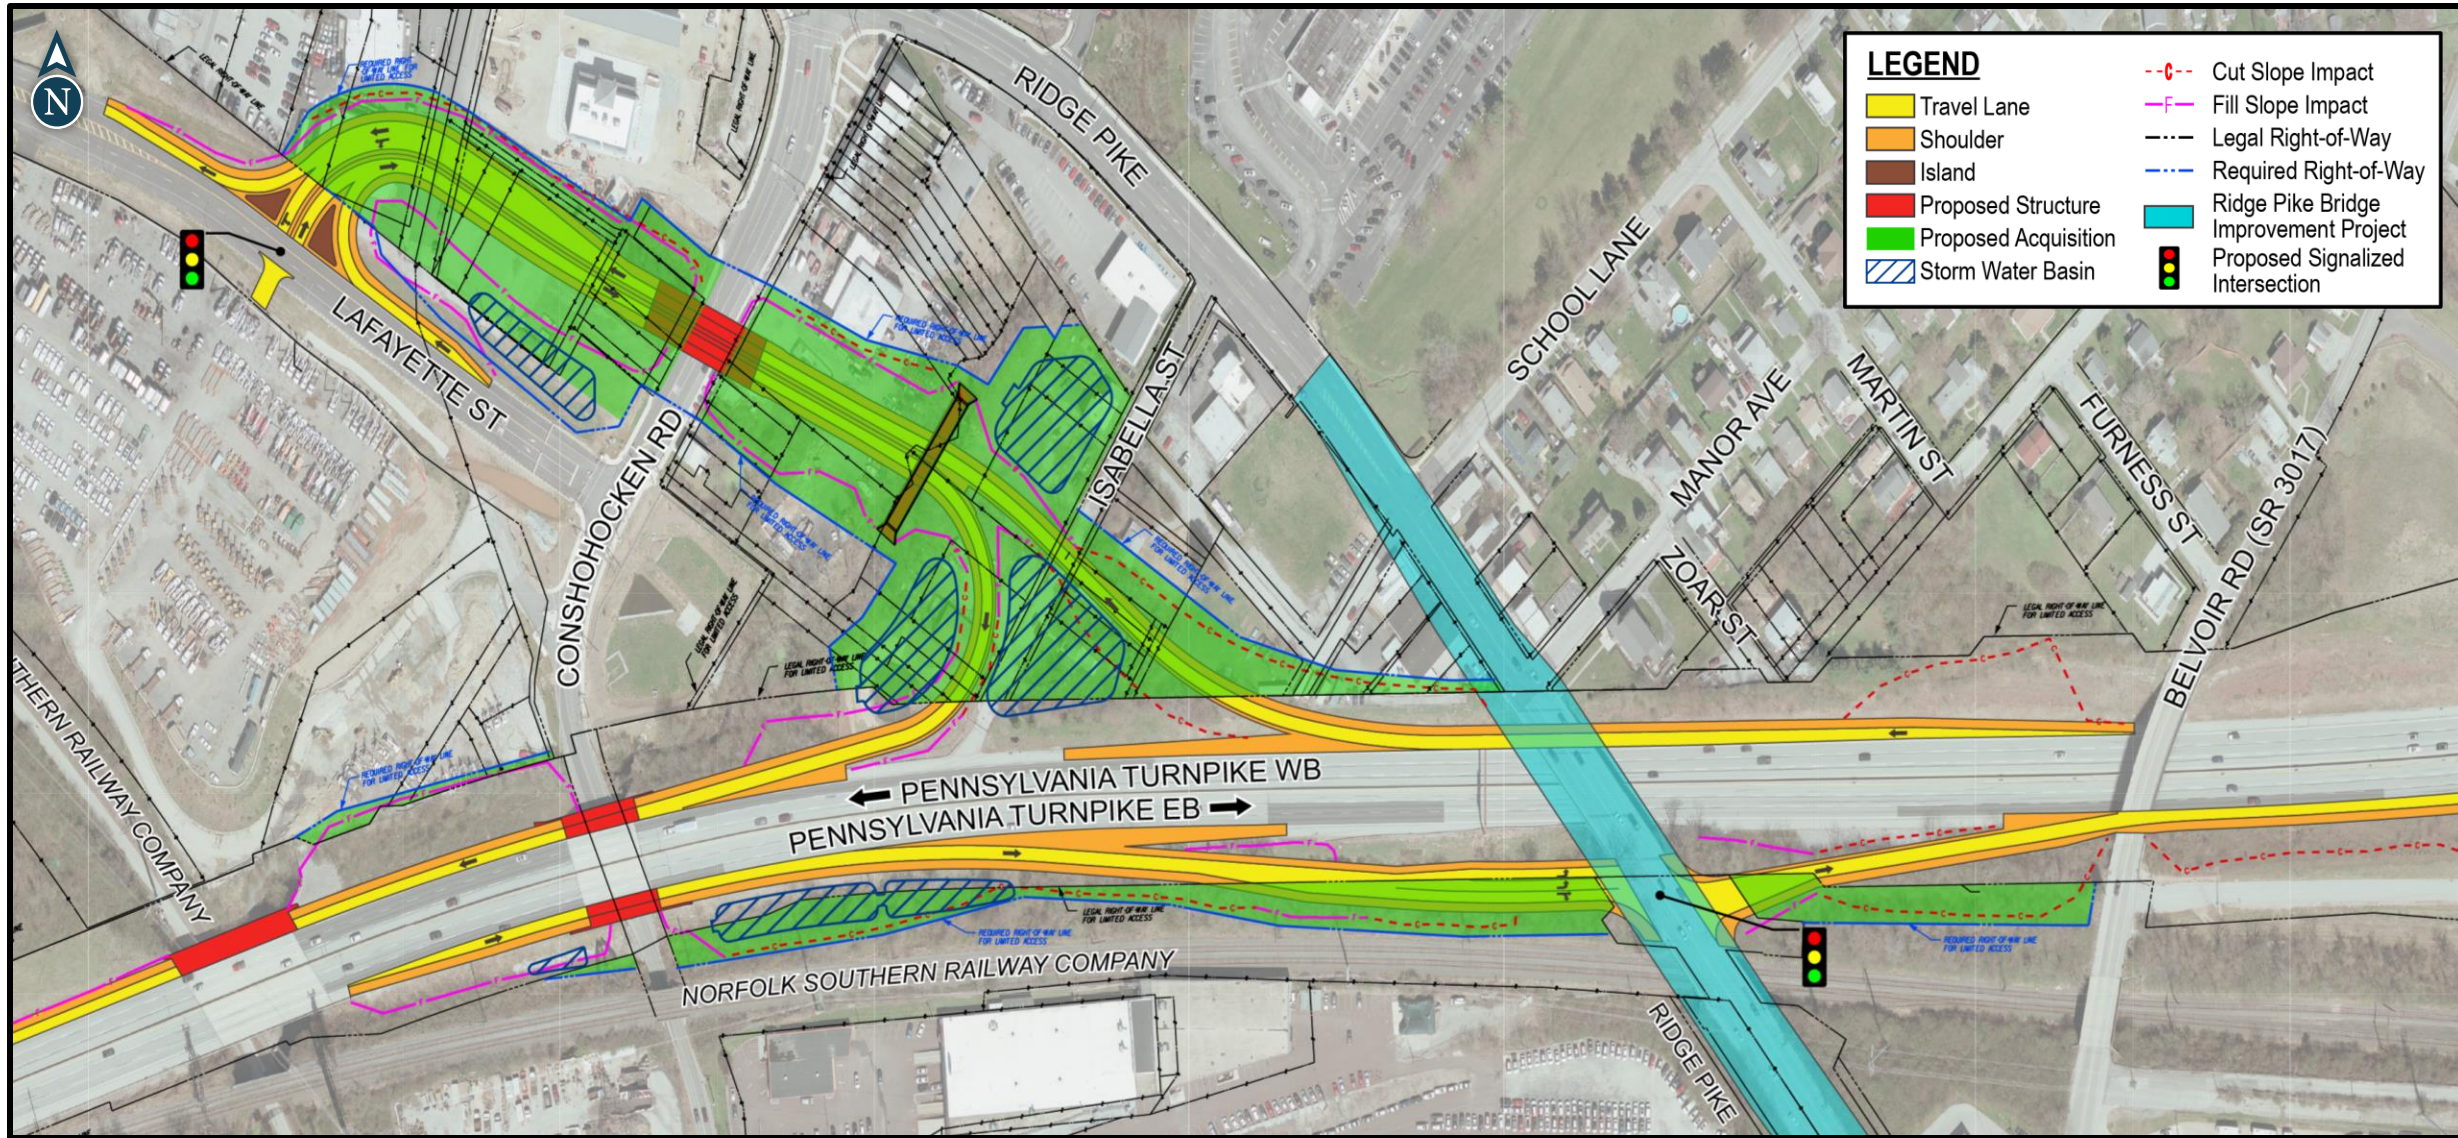

Turnpike EB Exit/WB Entrance Ramps with Turnpike (Mainline)

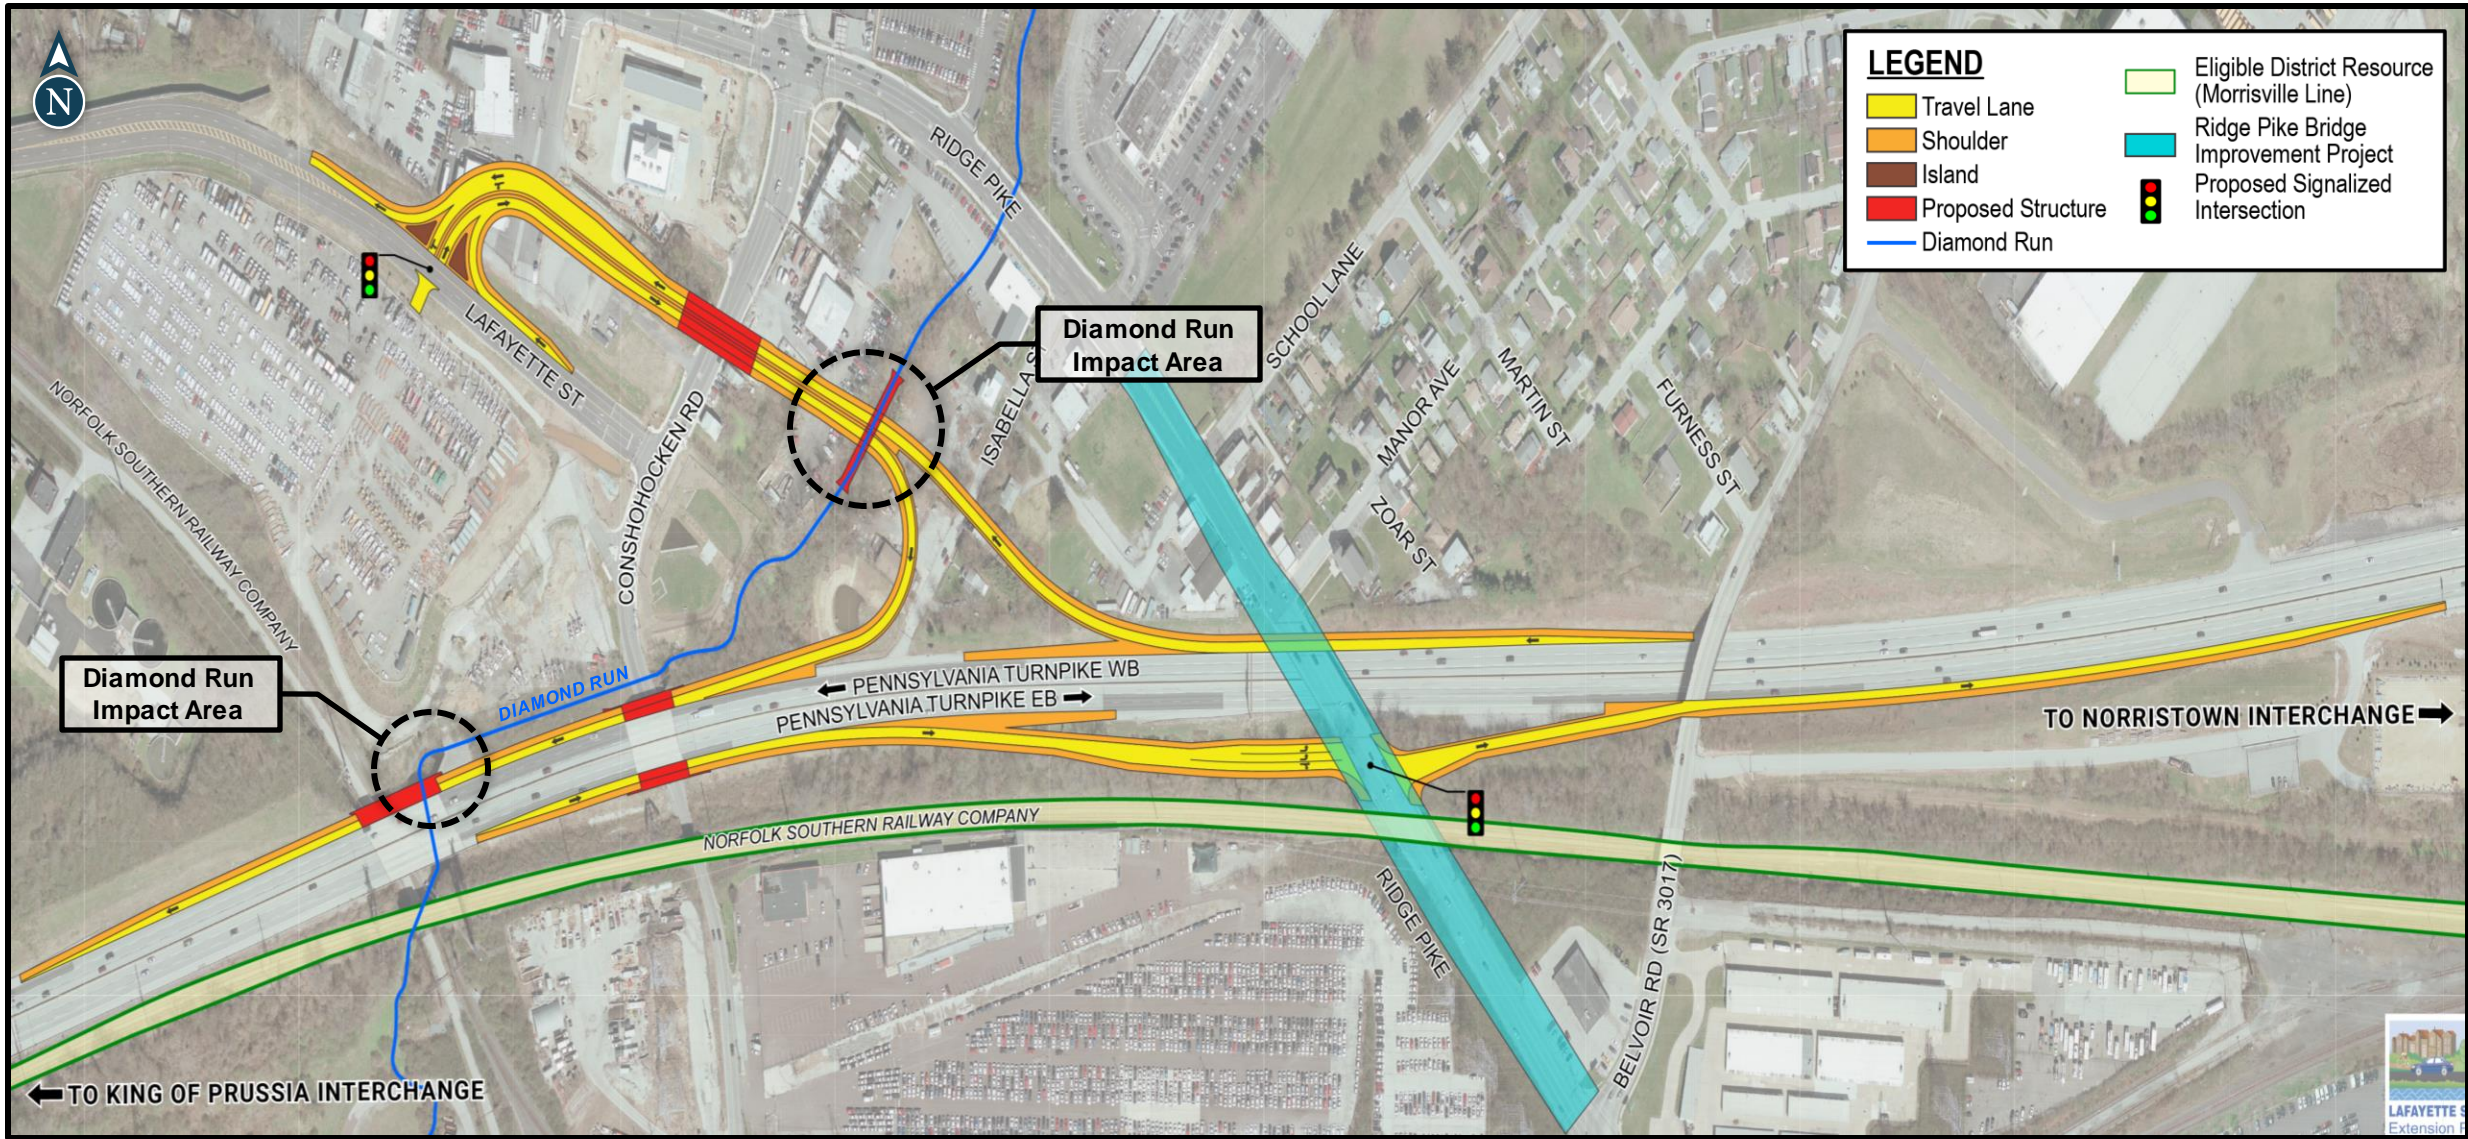

Noise Impact Analysis

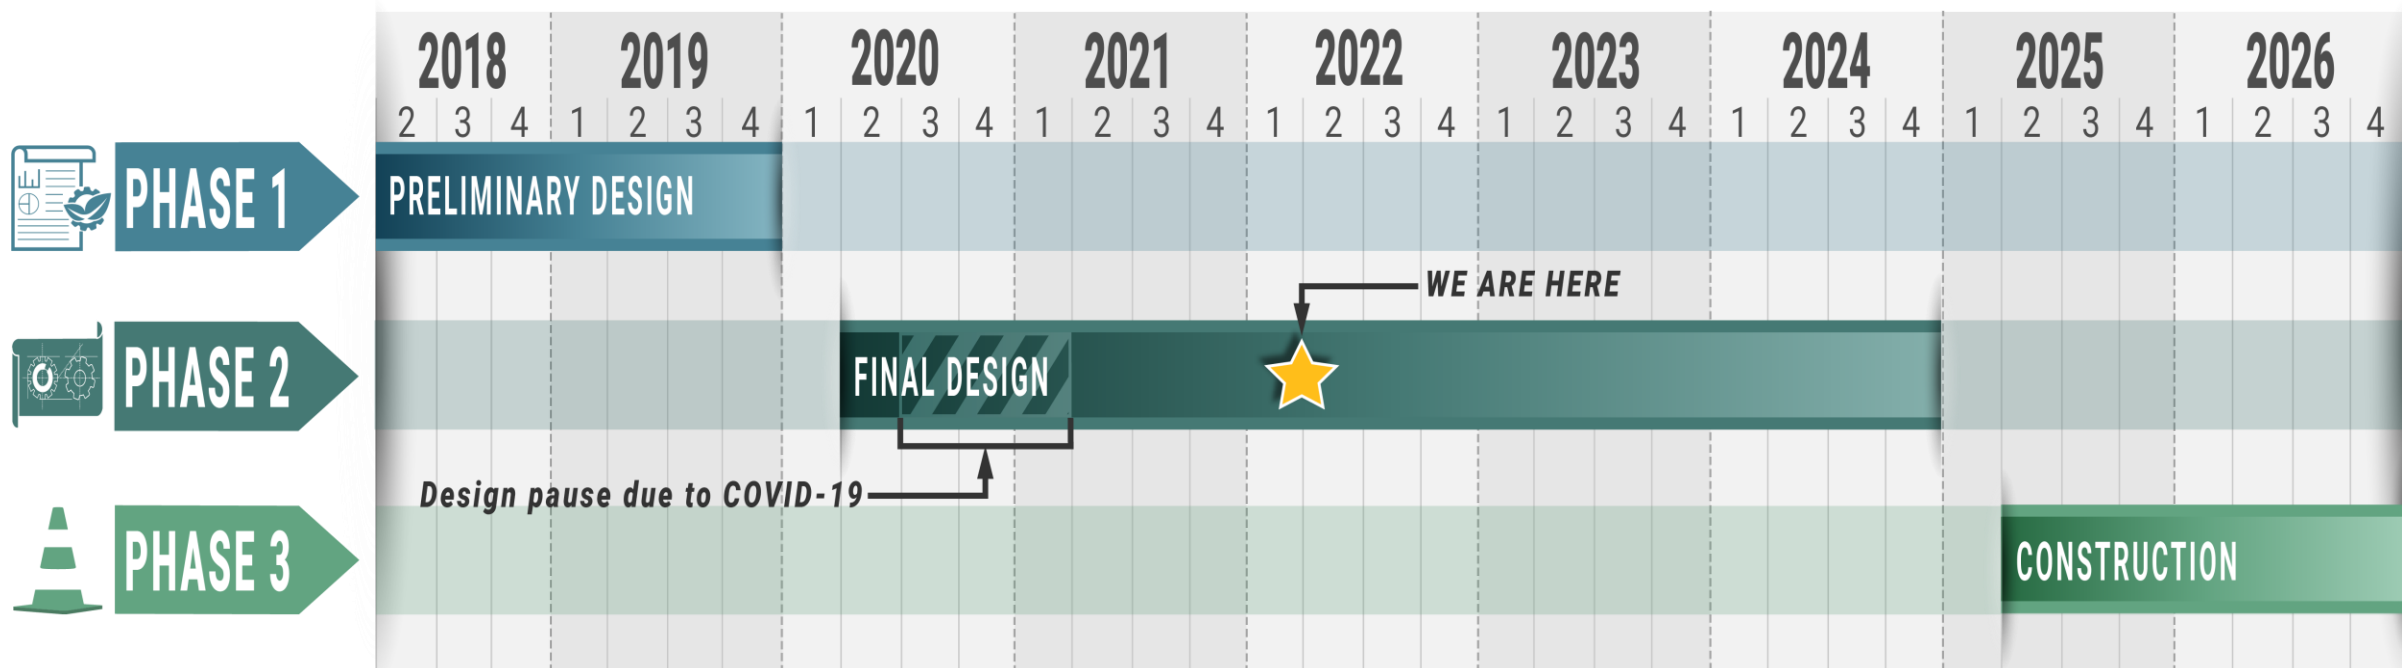

Right-of-Way Impacts

Environmental Resources

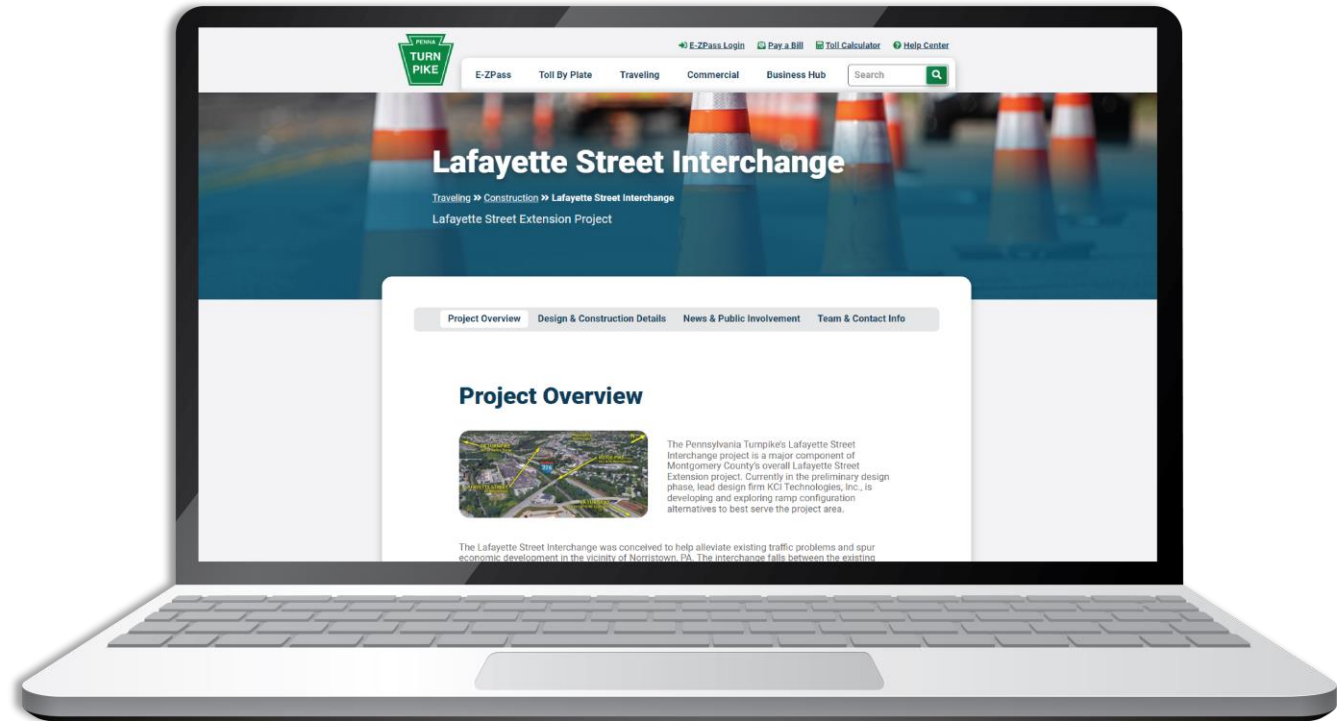

Anticipate Project Schedule
