

MON/FAYETTE EXPRESSWAY

Construction Activity Weekly Updates

Planned Construction Activities for the Week of February 26, 2024

SECTION 53A2 • WEST MIFFLIN, ALLEGHENY COUNTY

Contractor: Trumbull Corp

1. Work Shift

- The standard work shift is 7:00 AM to 5:00 PM, Monday to Thursday. Friday and Saturday shifts will be used as needed.

2. Traffic

- New England Road – Temporary concrete barrier has been placed for stream relocation work. Trucks will be entering and exiting New England Rd at the ends of the barrier.
- Upper Camp Hollow – Rock deliveries will continue at Village Lane. Construction traffic at old Maxim Crane yard.

3. Earthwork

- Blasting for mass excavation will be part of construction. For all blasts, 5 minutes prior to blasting the contractor will give 3 horn alerts of 15 seconds each. 1 minute prior to blasting, 3 horn alerts of 10 seconds will be sounded. 30 seconds prior to blasting, a series of short horn alerts will be sounded up to the time of detonation. After the blast, the area will be checked, and a horn will be sounded for 15 seconds to indicate that “all is clear”. The warning sirens are intended to clear the work area and may or may not be heard at neighboring properties.
- Blasting is not scheduled yet. Pre-Blast Surveys will be sent out to any residence within 1000’ of anticipated blasting areas.
- Stream Relocation MON2-S24 along New England Road at the new mainline crossing will begin.
- Clearing and grubbing will continue in all areas of the project.

4. Roadway and Bridge Work

- Access points will be constructed off of New England Road and Camp Hollow Road.

5. Noise/Dust/Runoff Control

- Erosion Control measures will be added and maintained as construction begins.
- A street sweeper and water trucks will be available as needed.
- Diversion ditches and sediment ponds will be constructed.

Hundreds attend public Open House in West Mifflin.
