**Restrictions Planned for Pittsburgh McKeesport Blvd. & Richland Ave. in Dravosburg
Borough, Allegheny County**

Long-term lane restrictions needed for work on the Mon/Fayette Expressway Project.

The Pennsylvania Turnpike (PA Turnpike) wants to advise motorists that a portion of Pittsburgh McKeesport Boulevard that runs into Richland Avenue in Dravosburg Borough, Allegheny County will be restricted to one lane in each direction beginning Oct. 17.

There will be a two-way traffic pattern implemented between Maple Avenue and the newly relocated Circle Drive.

Drivers will not be able to access the side streets from Pittsburgh McKeesport Boulevard or Richland Avenue within this area. Detours will be posted. Residents in this area will have access to their homes.

Pedestrian traffic will also be affected, and detour routes will be posted.

The two-way traffic pattern in this area is expected to be in place for nearly two years, allowing crews to reconstruct the roadway and the bridge over the Union Railroad plus perform other upgrades for a tie-in to the Mon/Fayette Expressway (PA Turnpike 43).

They will also be installing a new permanent traffic signal at the intersection of Richland Avenue and 5th Street where a temporary signal was installed by the PA Turnpike two years ago at the request of the community and its leaders.

This traffic impact is part of the Mon/Fayette Expressway PA Route 51 to I-376 Project. For more information about the project, please visit: [PA Route 51 to I-376 of the Mon/Fayette Expressway](#)
