Lane Restrictions on I-376 West in Findlay Twp., Allegheny Co.
Digital Message System installation on Parkway West

The Pennsylvania Turnpike alerts motorists of lane restrictions along I-376 west, at the Pittsburgh International Airport/ Toll Road East to Turnpike 576, Exit 53. Beginning Sept. 21 through Oct. 23, weekdays from 7 a.m. to 5 a.m., the westbound shoulder will be restricted at milepost 52.5. Crews from Power Contracting Company will be installing Digital Message System (DMS) boards and equipment controllers.

This work is a part of the Pennsylvania Turnpike Commission's Southern Beltway project. For more information on this project visit: https://www.patpconstruction.com/southern_beltway .
